

AIR CANADA CUTS AND CLOSURES ANOTHER BLOW TO WINNIPEG

Expect fewer flights and more inconvenience if Air Canada cuts jobs and closes the Winnipeg flight attendant base.

If hundreds of jobs are cut, it will mean a huge loss to everyone living in Winnipeg.

We are proud to be Air Canada flight attendants and Manitobans. To stop the closure and job cuts, so we can continue serving you and living in Winnipeg, we need your help.

Call your City Councillor, MLA and MP. Tell them you object to the closure and you support keeping jobs in Winnipeg.

Call Air Canada and tell them you want services to stay in Winnipeg.

Ten days ago, Air Canada managers told us that we are “surplus” and would be laid off in November. As flight attendants we have made huge efforts to help the company survive. We are a benefit to the company—not a problem to be discarded—not surplus.

Closing the flight attendant base and terminating jobs in Winnipeg, will be devastating for passengers, employees, their families and ultimately for everyone in Winnipeg.

We believe Air Canada is making a mistake and should reverse its decision.

With your help, we can convince Air Canada to do the right thing. Please call your politicians now.
