CUPE | Canadian Union
of Public Employees

The **Walk4Justice** is an incredible story. Founded in 2008 by Gladys Radek and Bernie Williams, supporters walk over 4,000 kilometres from Vancouver to Ottawa to raise awareness of missing and murdered women across Canada. This is the second time they've made the journey. The **Walk4Justice** seeks justice, closure, equality and accountability, and a full national public inquiry into this terrible epidemic in our country.
