RE: Educational Flyers

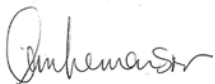

In an effort to reduce the amount of paper that is being circulated from our office, starting February 2010 all education flyers will be sent via e-mail only.

We currently have an extensive list of e-mail addresses and are looking to expand that list. If you are not receiving flyers via e-mail, please send your e-mail address to Collette Calvelli at ccalvelli@cupe.ca and you will be added to the distribution list. It is also important to remember to advise us of any change in your e-mail address so that you do not miss any upcoming workshops. If you are currently on this list, there is no need to reply to this correspondence.

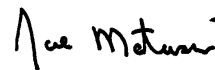

Members who are on this list will receive information about all workshops taking place in southern Ontario.

Thank you in advance for assisting us in our commitment to become more environmentally friendly!

In solidarity,

Ann Lennarson
Education Representative

Joe Matasic
Education Representative
