AND

CANADIAN UNION OF PUBLIC EMPLOYEES, LOCAL UNION 996

This addendum made and entered this 22 day of Nov. 2022 shall form part of this collective agreement and is enforceable pursuant to the provisions of this collective agreement signed and duly executed by the parties on 22 day of Nov 20 22

For the winter season beginning 15 November 20 and ending on 15 April 20 with the exception of the two-week Christmas period, the Public Works Department will not be staffing twenty-four (24) hour shifts. For the winter season the following will apply:

- a)
1. Six (6) employee pairings (in replacement of 24-hour shifts) will be as assigned.
 2. Each employee will be given a cell phone whilst they are assigned to their duty week. The cell phone is to be kept activated and accompanied with the employee at all times during the week. A set of work keys for the Works Department will also be given to each employee. It will be the responsibility of each employee to retain security of each of these items whilst they are assigned to them during their duty week. At the end of the week, it will be this employee's duty to pass on the above-mentioned items, in proper working order, to the next person on the pairing list.
 3. The duty week will commence on each Monday and continue for seven days until the following Monday.
 4. Each employee, whilst on his duty week will receive an addition hourly pay of one dollar and forty (\$1.40) cents for the entire seven-day period which will amount to two hundred and thirty-five dollars and twenty cents (\$235.20) for the week. All hours worked in the week, regular and overtime will be paid at the additional one dollar and forty (\$1.40) cents per hour. Employees called in to work shall be paid a minimum of the three-hour call-back at the appropriate rate.
 5. Work assignments after the normal workday involving the use of more than a small truck, will result in both employees on cell phone being asked to report for work. Otherwise, only one cell phone will be activated. When only one employee is required to report for work, in an overtime situation, these calls will be rotated between employees on cell phone.
 6. Calling of employees on cell phone will only be done by Works Department Supervisors. The RCMP, Fire Department or others will report situations to the

appropriate Supervisor, and they will then decide who and how many employees to call.

7. During the week that employees are assigned to the posted, shift-work schedule they should ensure that they are available for work at any time. If the weather is causing concern and danger to the motoring public, then those employees on duty should notify the Supervisor and proceed into work to begin easing that concern.

b) Call-in process for the Winter Snow Removal Season :

1. It is agreed that a Master List will be created of all employees who are qualified and able to perform the work.
2. It is agreed that the two (2) employees of the shift roster coming off the 4:30am to 12pm shift on Friday are eligible to opt-out of the call-in list by providing the employer with written notice upon completion of their final morning shift and their name shall be removed from the call-in list for a minimum period of two (2) days and up to a maximum of seven (7) days.
3. It is agreed that employees of the Master List who are not available for overtime shall opt-out by providing the employer with seven (7) days written notice and their name shall be removed from the call-in list for a minimum period of two (2) days and up to a maximum of seven (7) days.
4. Employees who do not opt out as per sections 2. and 3. above, shall be available and ready for work when called in for overtime. If the employer observes patterns of unavailability or unreachability by those employees who do not opt-out, the employer shall enforce discipline as per Article 20 of the Collective Bargaining Agreement.
5. Employees from the shift roster will be called-in first, followed by employees from the Master List in ascending order of overtime hours worked.
6. During the winter snow removal season, minimum manning must be maintained at all times to ensure the Town can provide the service to citizens, that is: 14 employees.
7. If minimum manning is not maintained, opt-out requests shall be denied based on a first come, first-serve basis.
8. Planned Vacation: A request must be submitted through Employee Self Service (ESS) minimally thirty (30) days in advance for all vacation of thirty-two (32) hours or more in duration.

Unplanned Vacation: all requests for unplanned vacation must be submitted through Employee Self Service (ESS) minimally 72-hours in advance and must be mutually agreed by the employer and employee.
