**RE: CUPE BILLING RATES**

Effective date of ratification, for any leaves granted under Article 27:01 and Article 27:02, the following calculation will be used to bill for union leaves:

An average daily rate will be calculated for pay and benefits for employees who have been granted leave. This calculation will be determined by using the salary and benefits of the employees who were on leave the year prior (July 1 to June 30). This number is divided by the number of employees who were on leave the year prior (July 1 to June 30). This daily rate includes the daily salary plus the Board share of benefit costs.

Adjustments will be made to the daily rate calculation if there is a salary increase as a result of negotiations with CUPE 8443.

The Board will provide the Union with an updated billing rate annually as of September 1st.
