ARTICLE 1 - PREAMBLE

1.01 Preamble

The general purpose of this Agreement is to establish and maintain collective bargaining relations between the Hospital and the employees covered by this Agreement; to provide for ongoing means of communication between the Union and the Hospital and the prompt disposition of grievances and the final settlement of disputes and to establish and maintain mutually satisfactory wages, hours of work and other conditions of employment in accordance with the provisions of this Agreement.

It is recognized that the employees wish to work efficiently together with the Hospital to secure the best possible care and health protection for patients.

ARTICLE 2 - DEFINITIONS

2.01 Temporary Employee

Employees may be hired for a specific term not to exceed six (6) months, to replace an employee who will be on approved leave of absence, absence due to WSIB disability, sick leave, long term disability or to perform a special non-recurring task. This term may be extended a further six (6) months upon notification via email to the Union, employee and Hospital, up to twelve (12) months where the leave of the person being replaced extends that far. The period of employment of such persons will not exceed the absentee's leave. The release or discharge of such persons shall not be the subject of a grievance or arbitration.

This clause would not preclude such employees from using the job posting provision under the collective agreement and any successful applicant who has completed his probation period will be credited the appropriate seniority.

The Hospital will outline to employees selected to fill such temporary vacancies and the Union, the circumstances giving rise to the vacancy, and the special conditions relating to such employment.

2.02 Part-Time Commitment

The Hospital shall not refuse to accept an offer from an employee to make a written commitment to be available for work on a regular predetermined basis solely for the purpose of utilizing casual employees so as to restrict the numbers of regular part-time employees.

2.03 Regular Part-Time Employee

A regular part-time employee is an employee who makes a written commitment (as per 2.02) to be available for work on a regular pre-determined basis of up to twenty-four (24) hours per week.

2.04 Casual Employee

A casual employee is an employee who does not make such a commitment but rather may elect to work or not work when requested to do so by the Hospital.

ARTICLE 3 - RELATIONSHIP

3.01 No Discrimination

The parties agree that there shall be no discrimination within the meaning of the Ontario Human Rights Code against any employee by the Union or the Hospital by reason of race, creed, colour, age, sex, marital status, nationality, ancestry or place of origin, family status, handicap, sexual orientation, political affiliation or activity, or place of residence. The Hospital and the Union further agree that there will be no intimidation, discrimination, interference, restraint or coercion exercised or practiced by either of them or their representatives or members, because of an employee's membership or non-membership in a Union or because of his activity or lack of activity in the Union.

The union shall be provided a copy of any written notice provided to an employee that he or she may be subject to termination, demotion, transfer, or other adverse impact for innocent absenteeism.

3.02 Attendance Management

Days of absence arising out of a medically-established serious chronic condition, an on-going course of treatment, catastrophic event, absence for which WSIB benefits are payable, medically necessary surgical interventions, or days where the employee is asymptomatic and is under a doctor's care from the commencement of symptoms for a confirmed communicable disease (and has provided medical substantiation of such symptoms) but is required to be absent under the hospital or public health authority protocol, will not be counted for the purposes of being placed on, or progressing through, the steps of an attendance management program.

Leaves covered under the Employment Standards Act, and leaves under Article 12 will not be counted for the purposes of being placed on, or progressing through, the steps of an attendance management program.

ARTICLE 4 - STRIKES & LOCKOUTS

4.01 The Union agrees there shall be no strikes and the Hospital agrees there shall be no lockouts so long as this Agreement continues to operate. The terms "strike" and "lockout" shall bear the meaning given them in the Ontario Labour Relations Act.

ARTICLE 5 - UNION SECURITY

5.01 T4 Slips

The Hospital will provide each employee with a T-4 supplementary slip showing the

dues deducted in the previous year for income tax purposes where such information is available or becomes readily available through the Hospital's payroll system.

5.02 Notification to Union

- (a) The Hospital will provide the Union with a list, monthly, of all hiring's, lay-offs, recalls, and positions which have vacated within the bargaining unit where such information is available or becomes readily available through the Hospital's payroll system. This information will be provided electronically via email.
- (b) The Hospital will provide the Union with the current mailing address, personal email address if available and phone number(s) it has on record of all members of the bargaining unit twice a year in electronic form.

5.03 Employee Interview

A new employee will have the opportunity to meet with a representative of the Union in the employ of the Hospital for a period of up to fifteen (15) minutes during the employee's orientation period without loss of regular earnings. The purpose of the meeting will be to acquaint the employee with such representative of the Union and the collective agreement. The union will be advised of the time and place of such orientation.

Such meetings may be arranged collectively or individually for employees by the hospital as part of the orientation program.

5.04 No Other Agreements

No employee shall be required or permitted to make any written or verbal agreement with the Hospital or its representative(s) which conflicts with the terms of this agreement.

No individual employee or group of employees shall undertake to represent the union at meetings with the Hospital without proper authorization from the union.

ARTICLE 6- UNION REPRESENTATION AND COMMITTEES

6.01 Union Activity on Premises and/or Access to Premises

The Union agrees that neither it, nor its officers, agents, representatives and members will engage in the solicitation of members, holding of meetings or any other Union activities on Hospital premises or on Hospital time without the prior approval of the Hospital, except as specifically provided for in this Agreement. Such approval will not be unreasonably denied.

6.02 Labour-Management Committee

- (a) Where the parties mutually agree that there are matters of mutual concern and interest that would be beneficial if discussed at a Labour-Management Committee Meeting during the term of this Agreement, the following shall apply.

- (b) An equal number of representatives of each party as mutually agreed shall meet at a time and place mutually satisfactory. A request for a meeting hereunder will be made in writing prior to the date proposed and accompanied by an agenda of matters proposed to be discussed, which shall not include matters that are properly the subject of grievance or negotiations for the amendment or renewal of this agreement.

Any representative(s) attending such meetings during their regularly scheduled hours of work shall not lose regular earnings as a result of such attendance.

- (c) It is agreed that the topic of a rehabilitation program for drug and alcohol abuse is an appropriate topic for the Labour-Management Committee.

It is also agreed that the topic of the utilization of full-time, part-time and casual staff is an appropriate topic for the Labour-Management Committee. The committee shall have access to work schedules and job postings upon request.

- (d) It is understood that joint meetings with other Labour-Management Committees in the Hospital may be scheduled concerning issues of mutual interest if satisfactory to all concerned.

It is also agreed that the topic of scheduling overtime in certain departments identified by the Labour-Management Committee is an appropriate topic for the Labour-Management Committee.

- (e) Where two or more agreements exist between a Hospital and CUPE the Committee may be a joint one representing employees under both agreements, unless otherwise agreed (Refer to Appendix 0.05).

6.03 Local Bargaining Committee

The Hospital agrees to recognize a negotiating committee comprised of hospital employee representatives of the Union for the purpose of negotiating a renewal agreement (as set out in the Local Provisions Appendix "P"). The Hospital agrees to pay members of the negotiating committee for straight time wages lost from their regularly scheduled working hours spent in direct negotiations for a renewal agreement, up to but not including arbitration. Nothing in this provision is intended to preclude the Union negotiating committee from having the assistance of any representatives of the Canadian Union of Public Employees when negotiating with the Hospital.

When direct negotiations begin or end within ten (10) hours of a negotiating team member's scheduled shift, the Hospital will endeavour to provide a one day's leave of absence without pay, to provide a sufficient rest break if the employee so requests. Such request shall not be unreasonably denied. Such leave shall be considered leave of absence for union business, but shall not be deducted from the Union entitlement under Article 12.02.

6.04 Central Bargaining Committee

- (a) In central bargaining between the Canadian Union of Public Employees and the participating hospitals, an employee serving on the Union's Central

Negotiating Committee shall be paid for time lost from their normal straight time working hours at their regular rate of pay and without loss of leave credits for attending central negotiating meetings with the Hospitals' Central Negotiating Committee in direct negotiations up to the point of arbitration. In addition, an employee serving on the Union's Central Negotiating Committee shall be paid for time lost from their normal straight time working hours at their regular rate of pay and without loss of leave credits for two (2) days of preparation time for such central negotiating meetings with the Hospital's Central Negotiating Committee. Upon reference to arbitration, the Negotiating Committee members shall receive unpaid time off for the purpose of attending arbitration hearings

It is understood and agreed that the maximum number of Union Central Negotiating Committee members entitled to payment under this provision shall be eight (8), and in no case will more than one employee from a hospital be entitled to such payment.

The Union shall advise the Hospitals' Central Negotiating Committee, before negotiations commence, of those employees to be paid under this provision. The Hospitals' Central Negotiating Committee shall advise the eight (8) Hospitals accordingly.

- (b) Vice-Presidents of the Ontario Council of Hospital Unions shall be granted leave of absence by their employers in accordance with (a) above or Article 12.02 as the case may be, in order to fulfil the duties of their position.

6.05 Union Stewards

- (a) The Hospital agrees to recognize Union stewards to be elected or appointed from amongst employees in the bargaining unit who have completed their probationary period for the purpose of dealing with Union business as provided under this Collective Agreement.
- (b) A Chief Steward or designate may, in the absence of any steward, assist in the presentation of any grievance, or with any steward function.
- (c) The Union shall keep the Hospital notified in writing of the names of Union stewards appointed or selected under this Article as well as the effective date of their respective appointments.
- (d) It is agreed that Union stewards have their regular duties and responsibilities to perform for the Hospital and shall not leave their regular duties without first obtaining permission from their immediate supervisor. If, in the performance of his duties, a Union steward is required to enter an area within the Hospital in which he is not originally employed, he shall report his presence to the supervisor in the area immediately upon entering it. Such permission shall not be unreasonably withheld. When resuming his regular duties and responsibilities, such steward shall again report to his immediate supervisor. A Union steward shall suffer no loss of earnings for time spent in performing the above duties during his regular scheduled working hours.
- (e) Nothing in this Article shall preclude full-time stewards from representing part-time employees and vice-versa.

- (f) The number of stewards and the areas, which they represent, are to be determined locally as set out in Local Appendix 0.

6.06 Grievance Committee

The Hospital will recognize a Grievance Committee composed of the Chief Steward and not more than (as set out in Local Provisions Appendix 0) employees selected by the Union who have completed their probationary period. A general representative of the Union may be present at any meeting of the Committee. The purpose of the Committee is to deal with complaints or grievances as set out in this Collective Agreement.

The Union shall keep the Hospital notified in writing of the names of the members of the Grievance Committee appointed or selected under this Article as well as the effective date of their respective appointments.

A Committee member shall suffer no loss of earnings for time spent during their regular scheduled working hours in attending grievance meetings with the Hospital up to, but not including arbitration. The number of employees on the Grievance Committee shall be determined locally (Refer to Appendix 0).

ARTICLE 7-GRIEVANCE AND ARBITRATION PROCEDURE

- 7.01 For purposes of this Agreement, a grievance is defined as a difference arising between the parties relating to the interpretation, application, administration or alleged violation of the Agreement including any question as to whether a matter is arbitrable.
- 7.02 (a) The Hospital agrees that where an employee is required to attend a meeting with the Hospital that may lead to disciplinary action, as a good labour relations practice, it will inform the employee of the purpose of the meeting and their right to Union Representation.

(b) At the time formal discipline is imposed or at any stage of the grievance procedure, an employee shall have the right upon request to the presence of their steward. In the case of suspension or discharge the Hospital shall notify the employee of this right in advance.
- 7.03 It is the mutual desire of the parties hereto that complaints of employees shall be adjusted as quickly as possible, and it is understood that an employee has no grievance until he has first given his immediate supervisor the opportunity of adjusting his complaint. The grievor may have the assistance of a union steward if he or she so desires. Such complaint shall be discussed with his immediate supervisor within nine (9) calendar days after the circumstances giving rise to it have occurred or ought reasonably to have come to the attention of the employee and failing settlement within nine (9) calendar days, it shall then be taken up as a grievance within nine (9) calendar days following advice of his immediate supervisor's decision in the following manner and sequence:

Step No. 1

The employee, who may be accompanied by a steward, may submit a written grievance signed by the employee to (designated by Hospital). The grievance shall

identify the nature of the grievance and the remedy sought and should identify the provisions of the Agreement, which are alleged to be violated. The union and the Hospital may, if they so desire, meet to discuss the grievance at a time and place suitable to both parties. The (designate) will deliver his decision in writing within nine (9) calendar days following the day on which the grievance was presented to them. Failing settlement or response, then:

Step No. 2

Within nine (9) calendar days following the decision in Step No. 1, the grievance may be submitted in writing to the (designated by Hospital). A meeting will then be held between the (designate) and the Grievance Committee within nine (9) calendar days of the submission of the grievance at Step No. 2 unless extended by agreement of the parties. It is understood and agreed that a representative of the Canadian Union of Public employees and the grievor may be present at the meeting. It is further understood that the (designate) may have such counsel and assistance as their may desire at such meeting. The decision of the Hospital shall be delivered in writing within nine (9) calendar days following the date of such meeting.

- 7.04 A complaint or grievance arising directly between the Hospital and the Union concerning the interpretation, application or alleged violation of the Agreement shall be originated at Step No. 2 within fourteen (14) calendar days following the circumstances giving rise to the complaint or grievance. It is expressly understood, however, that the provisions of this Article may not be used with respect to a grievance directly affecting an employee which such employee could themselves institute and the regular grievance procedure shall not be thereby bypassed.
- 7.05 Where a number of employees have identical grievances and each employee would be entitled to grieve separately they may present a group grievance in writing identifying each employee who is grieving to the Manager or designate within fourteen (14) calendar days after the circumstances giving rise to the grievance have occurred or ought reasonably to have come to the attention of the employee(s). The grievance shall then be treated as being initiated at Step No. 2 and the applicable provisions of this Article shall then apply with respect to the processing of such grievance.
- 7.06 The release or discharge of an employee during the probationary period shall not be the subject of a grievance or arbitration. A claim by an employee who has completed his probationary period that he has been unjustly discharged or suspended shall be treated as a grievance if a written statement of such grievance is lodged by the employee with the Hospital at Step No. 2 within seven (7) calendar days after the date the discharge or suspension is effected. Such special grievance may be settled under the Grievance or Arbitration Procedure by:
- (a) confirming the Hospital's action in dismissing the employee; or
 - (b) reinstating the employee with or without full compensation for the time lost; or
 - (c) by any other arrangement which may be deemed just and equitable.

Wherever the Hospital deems it necessary to suspend or discharge an employee, the Hospital shall notify the Union of such suspension or discharge in writing. The Hospital agrees that it will not suspend, discharge or otherwise discipline an employee who has completed his probationary period, without just cause.

- 7.07 (a) Failing settlement under the foregoing procedure of any grievance between the parties arising from the interpretation, application, administration or alleged violation of this Agreement, including any question as to whether a matter is arbitrable, such grievance may be submitted to arbitration as hereinafter provided. If no written request for arbitration is received within eighteen (18) calendar days after the decision under Step No. 2 is given, the grievance shall be deemed to have abandoned. Where such a written request is postmarked within sixteen (16) calendar days after the decision under Step No. 2, it will be deemed to have been received within the time limits.
- (b) The parties agree that it is their intent to resolve grievances without recourse to arbitration, wherever possible. Therefore, notwithstanding (a) above, the parties may, upon mutual agreement, engage the services of a mediator in an effort to resolve the grievance and may extend the time limits for the request for arbitration. The parties will share equally the fees and expenses, if any, of the mediator.
- 7.08 All agreements reached under the Grievance Procedure between the representatives of the Hospital and the representatives of the Union will be final and binding upon the Hospital and the Union and the employees.
- 7.09 When either party requests that any matter be submitted to arbitration as provided in the foregoing Article, it shall make such request in writing addressed to the other party of this Agreement, and at the same time name a nominee. Within seven (7) calendar days thereafter the other party shall name a nominee, provided, however, that if such party fails to name a nominee as herein required, the Minister of Labour for the Province of Ontario shall have power to effect such appointment upon application thereto by the party invoking Arbitration Procedure. The two nominees shall attempt to select by agreement a chairman of the Arbitration Board. If they are unable to agree upon such a chairman within a period of fourteen (14) calendar days, they shall then request the Minister of Labour for the Province of Ontario to appoint a chairman.
- 7.10 No person may be appointed as an arbitrator who has been involved in an attempt to negotiate or settle the grievance.
- 7.11 No matter may be submitted to arbitration, which has not been properly carried through all requisite steps of the Grievance Procedure.
- 7.12 The Arbitration Board shall not be authorized to make any decision inconsistent with the provisions of this Agreement, nor to alter, modify, add to or amend any part of this Agreement.
- 7.13 The proceedings of the Arbitration Board will be expedited by the parties hereto and the decision of the majority and, where there is no majority the decision of the chairman will be final and binding upon the parties hereto and the employee or employees concerned.
- 7.14 Each of the parties hereto will bear the expense of the nominee appointed by it and the parties will share equally the fees and expenses, if any, of the chairman of the Arbitration Board.

7.15 The time limits set out in the Grievance and Arbitration Procedures herein are mandatory and failure to comply strictly with such time limits except by the written agreement of the parties shall result in the grievance being deemed to have been abandoned subject only to the provisions of Section 48 (16) of The Labour Relations Act.

7.16 Wherever Arbitration Board is referred to in the Agreement, the parties may mutually agree in writing to substitute a single arbitrator for the Arbitration Board at the time of reference to arbitration and the other provisions referring to Arbitration Board shall appropriately apply.

7.17 Employer's Grievance

It is understood that the Hospital may bring forward at any meeting held with the Union Committee any complaint with respect to the conduct of the Union, its officers or Committee members, or members, and that if such complaint is not settled to the mutual satisfaction of the conferring parties, it may be treated as a grievance and referred directly to arbitration in the same way as the grievance of an employee.

7.18 Time Limits

At any stage of the grievance procedure the time limits may be extended by mutual agreement of the parties.

ARTICLE 8 - ACCESS TO FILES

8.01 Access to Personnel File

Each employee shall have reasonable access to their personnel file for the purpose of reviewing any evaluations or formal disciplinary notations contained therein, in the presence of the Director of Labour Relations or designate. An employee has the right to request copies of any evaluations and disciplinary notations in this file.

8.02 Clearing of Record

Any letter of reprimand, suspension or any other sanction will be removed from the record of an employee eighteen (18) months following the receipt of such letter, suspension or other sanction provided that such employee's record has been discipline free for one year (Refer to Appendix P).

ARTICLE 9 - SENIORITY

9.01 Probationary Period

A new employee will be considered on probation until he has completed sixty (60) days of work (or 450 hours of work for employees whose regular hours of work are other than the standard work day), within any twelve (12) calendar months. Upon completion of the probationary period he shall be credited with seniority equal to sixty (60) working days. With the written consent of the Hospital, the probationary employee and the President of the Local Union or designate, such probationary period may be extended. Any extensions agreed to will be in writing and will specify the length of the extension.

The release or discharge of an employee during the probationary period shall not be the subject of a grievance or arbitration unless the probationary employee is released for reasons which are arbitrary, discriminatory, in bad faith, or for exercising a right under this Agreement.

9.02 Definition of Seniority

Part-time employees, including casual employees, will accumulate seniority on the basis of one (1) year's seniority for each 1725 hours worked in the bargaining unit as of the last date of hire, except as otherwise provided herein.

Seniority will operate on a bargaining unit wide basis.

A part-time employee cannot accrue more than one year's seniority in a twelve (12) month period. The twelve (12) month period shall be determined locally.

9.03 Loss of Seniority

An employee shall lose all seniority and service and shall be deemed to have terminated if they:

- (a) resign;
- (b) are discharged and not reinstated through the grievance/arbitration procedure;
- (c) retire;
- (d) are absent from scheduled work for a period of three (3) or more consecutive working days without notifying the Hospital of such absence and providing to the Hospital a satisfactory reason;
- (e) have been laid off for forty-eight (48) months;
- (f) have been laid off and fails to return to work within seven (7) calendar days after that employee has been notified by the Hospital through registered mail addressed to the last address on the records of the Hospital, subject to any special provisions regarding temporary vacancies noted under the heading of Layoff and Recall.

9.04 Effect of Absence

- (a) Part-time employees shall accrue seniority for the duration of the absence, if an employee's absence is due to disability resulting in WSIB benefits, or a disability in accordance with the Human Rights Code.
- (b) Part-time employees shall accrue service for a period of fifteen (15) weeks if absent due to a disability resulting in WSIB benefits, on the basis of what the employee's normal regular hours of work would have been.

9.05 Job Posting - (Refer to Appendix Q)

- (a) Where a permanent vacancy, including a casual vacancy, occurs in a classification within the bargaining unit or a new position, including a casual position within the bargaining unit is established by the Hospital, such vacancy

shall be posted for a period of seven (7) consecutive calendar days. Applications for such vacancy shall be made in writing within the seven (7) day period referred to herein.

- (b) The postings shall stipulate the normal requirements of the job, the normal duties of the position, location (department, site), shift or shift rotation, regular hours of work, qualifications, classifications and rate of pay department and shift and a copy shall be provided to the Chief Steward.
- (c) Vacancies created by the filling of an initial permanent vacancy will be posted for a period of seven (7) consecutive calendar days. Applications for such vacancies shall be made in writing within the seven (7) day period referred to herein.
- (d) In matters of promotion and staff transfer appointment shall be made of the senior applicant able to meet the normal requirements of the job. Successful employees need not be considered for other vacancies within a six (6) month period unless an opportunity arises which allows the employee to change their permanent status or post into a permanent position that is at a higher base rate of pay than their present classification.
- (e) The Hospital agrees that it shall post permanent vacant positions within thirty (30) calendar days of the position becoming vacant, unless the Hospital provides the Union notice under Article 9.08 of its intention to eliminate the position.
- (f) The name of the successful applicant will be posted on the bulletin board for a period of seven (7) calendar days.
- (g) Where there are no successful applicants from within this bargaining unit for vacant positions referred to in this Article, employees in other CUPE bargaining units at Toronto General Hospital will be selected in accordance with the criteria for selection above, prior to considering persons who are not members of CUPE bargaining units at Toronto General Hospital. The employees eligible for consideration shall be limited to those employees who have applied for the position in accordance with this Article, and selection shall be made in accordance with Appendix Q. (Refer to Appendix Q.02).
- (h) The successful applicant shall be allowed a trial period of up to thirty (30) days, during which the Hospital will determine if the employee can satisfactorily perform the job. Within this period the employee may voluntarily return, or be returned by the Hospital to the position formerly occupied, without loss of seniority. The vacancy resulting from the posting may be filled on a temporary basis until the trial period is completed.
- (i) A list of vacancies filled in the preceding month under this Article and the names of the successful applicants will be posted, with a copy provided to the union.

9.06 Transfer and Seniority Outside the Bargaining Unit

- (a) It is understood that an employee shall not be transferred by the Hospital to a position outside the bargaining unit without his consent except in the case of temporary assignments not exceeding six (6) months. This period may be

extended a further six (6) months upon the agreement of the employee and the Hospital. Such employees on temporary assignments shall remain members of the bargaining unit.

- (b) An employee who is transferred to a position outside the bargaining unit shall not, subject to (c) below, accumulate seniority. In the event the employee is returned by the Hospital to a position in the bargaining unit within twenty-four (24) months of the transfer he or she shall be credited with the seniority held at the time of transfer and resume accumulation from the date of their return to the bargaining unit. An employee not returned to the bargaining unit within twenty-four (24) months shall forfeit bargaining unit seniority.
- (c) In the event an employee transferred out of the bargaining unit under (a) or (b) above is returned to the bargaining unit within a period of twelve (12) calendar months, he shall accumulate seniority during the period of time outside the bargaining unit, refer to Letter of Understanding No. 13.

9.07 (a) Transfer of Seniority and Service

Effective September 19, 1985 and for employees who transfer subsequent to September 19, 1985.

For application of seniority for purposes of promotion, demotion, transfer, layoff and recall and service (including meeting any waiting period or other entitlement requirements) for purposes of vacation entitlement, HOODIP or equivalent, health and welfare benefit plans, and wage progression:

- (i) an employee whose status is changed from full-time to part-time shall receive full credit for their seniority and service;
- (ii) an employee whose status is changed from part-time to full-time shall receive credit for their seniority and service on the basis of one (1) year for each 1725 hours worked.

The above-noted employee shall be allowed a trial period of up to thirty (30) days, during which the Hospital will determine if the employee can satisfactorily perform the job. Within this period, the employee may voluntarily return, or be returned without loss of seniority to their former duties on the same shift in the same department and at the appropriate rate of pay, subject to any changes, which would have occurred had they had not transferred.

(b) Portability of Service

An employee hired by the Hospital with recent and related experience may claim consideration for such experience at the time of hiring on a form to be supplied by the Hospital. Any such claim shall be accompanied by verification of previous related experience. The Hospital shall then evaluate such experience during the probationary period following hiring. Where in the opinion of the Hospital such experience is determined to be relevant, the employee shall be slotted in that step of the wage progression consistent with one (1) years' service for every one (1) year of related experience in the classification upon completion of the employee's probationary period. It is understood and agreed that the foregoing shall not constitute a violation of the wage schedule under the collective agreement.

(c) Transformation in Health Care

Seniority Recognition

Without prejudice to the Union's or Hospital's rights under the collective agreement or the Labour Relations Act and/or the Public Sector Labour Relations Transition Act, the parties agree that non-unionized employees who are affected (via relocation/transfer*) shall, when entering the bargaining unit, be afforded seniority and service in accordance with the anniversary of their date of hire (or hours worked) from their original Hospital. Such anniversary date shall be calculated in accordance with the relevant provisions or the relevant collective agreement.

Right to Return on Transfer

Employees who are relocated/transferred* to another employer by the Hospital will retain their seniority and service at their original hospital for a 48-month period.

Without prejudice to the Union's or Hospital's rights under the collective agreement or the Labour Relations Act and/or the Public Sector Labour Relations Transition Act, employees relocated/transferred* shall have the right to post for vacancies that arise, prior or subsequent to the relocation/transfer*, at their originating Hospital for that 48-month period.

If they are the successful applicant, they will return to the employ of the Hospital with seniority accrued and service intact but not accrued, for the period that the employee was relocated/transferred* to another employer.

9.08 Notice and Redeployment Committee

(a) Notice

In the event of a proposed layoff at the Hospital of a permanent or long-term nature or the elimination of a position within the bargaining unit, the Hospital shall:

- (i) provide the Union with no less than five (5) months' written notice of the proposed layoff or elimination of position; and
- (ii) provide to the affected employee(s), if any, no less than five (5) months' written notice of layoff, or pay in lieu thereof.

NOTE: Where a proposed layoff results in the subsequent displacement of any member(s) of the bargaining unit, the original notice to the Union provided in (i) above shall be considered notice to the Union of any subsequent layoff (refer to Letter of Understanding No. 4).

(b) Retirement Allowance

Prior to issuing notice of layoff pursuant to article 9.08(a)(ii) in any classification(s), the Hospital will offer early-retirement allowance to a sufficient number of employees eligible for early retirement under HOOPP within the classification(s) in order of seniority, to the extent that the maximum number of employees within a classification who elect early retirement is equivalent to the number of employees within the classification(s) who would otherwise receive notice of layoff under article 9.08(a)(ii).

An employee who elects an early retirement option shall receive, following completion of the last day of work, a retirement allowance of two (2) weeks' salary for each year of service, plus a prorated amount for any additional partial year of service, to a maximum ceiling of fifty-two (52) weeks' salary.

(c) Voluntary Exit Option

If after making offers of early retirement, individual layoff notices are still required, prior to issuing those notices the Hospital will offer a voluntary early exit option in accordance with the following conditions:

- (i) The Hospital will first make offers in the classifications within department(s) where layoffs would otherwise occur. If more employees than are required are interested, the Hospital will make its decision based on seniority.
- (ii) If insufficient employees in the department affected accept the offer, the Hospital will then extend the offer to employees in the same classification in other departments. If more employees than are required are interested, the Hospital will make its decision based on seniority.
- (iii) In no case will the Hospital approve an employee's request under (i) and (ii) above for a voluntary early exit option, if the employees remaining are not qualified to perform the available work.
- (iv) The number of voluntary early exit options the Hospital approves will not exceed the number of employees in that classification who would otherwise be laid off. The last day of employment for an employee who accepts a voluntary early exit option will be at the Hospital's discretion and will be no earlier than thirty (30) calendar days immediately following the employee's written acceptance of the offer.

An employee who elects to voluntary early exit option shall receive following completion of the last day of work, a separation allowance of two (2) weeks' salary for each year of service, to a maximum of fifty-two (52) weeks' pay.

(d) A layoff shall not include a reassignment of an employee from their classification or area of assignment who would otherwise be entitled to notice of layoff provided: (Refer to Letter of Understanding #12)

- (i) reassignments will occur in reverse order of seniority (i.e. the least senior employee will be the first reassigned);
- (ii) the reassignment of the employee is to an appropriate permanent job with

the Hospital having regard to the employee's skills, abilities, qualifications and training or training requirements;

- (iii) the reassignment of the employee does not result in a reduction of the employee's wage rate or hours of work;
- (iv) the job to which the employee is reassigned is located at the employee's original work site or at a nearby site in terms of relative accessibility for the employee;
- (v) the job to which the employee is reassigned is on the same or substantially similar shift or shift rotation; and
- (vi) where more than one employee is to be reassigned in accordance with this provision, the reassigned employees shall be entitled to select from the available appropriate vacancies to which they are being reassigned in order of seniority provided no such selection causes or would cause a layoff or bumping.

The Hospital bears the onus of demonstrating that the foregoing conditions have been met in the event of a dispute. The Hospital shall also reasonably accommodate any reassigned employee who may experience a personal hardship arising from being reassigned in accordance with this provision.

- (e) Any vacancy to which an employee is reassigned pursuant to paragraph (d) need not be posted.
- (f) Redeployment Committee

At each Hospital a Redeployment Committee will be established not later than two (2) weeks after the notice referred to in 9.08 and will meet thereafter as frequently as is necessary.

- (i) Committee Mandate

The mandate of the Redeployment Committee is to:

- (1) Identify and propose possible alternatives to the proposed layoff(s) or elimination of position(s), including, but not limited to, identifying work which would otherwise be bargaining unit work and is currently work contracted-out by the Hospital which could be performed by bargaining-unit employees who are or would otherwise be laid off;
- (2) Identify vacant positions in the Hospital or positions which are currently filled but which will become vacant within a twelve (12) month period and which are either:
 - (a) within the bargaining unit; or
 - (b) within another CUPE bargaining unit; or

(c) not covered by a collective agreement.

- (3) Identify the retraining needs of workers and facilitate such training for workers who are, or would otherwise be, laid off.
- (4) Subject to article 9.10, the Hospital will award vacant positions to employees who are, or would otherwise be laid off, in order of seniority if, with the benefit of up to six (6) months retraining, an employee has become able to meet the normal requirements of the job.
- (5) Any dispute relating to the foregoing provisions may be filed as a grievance commencing at Step 2.

(ii) Committee Composition

The Redeployment Committee shall be comprised of equal numbers of representatives of the Hospital and of the Union. The number of representatives will be determined locally. Where for the purposes of HTAP (the Ontario Hospital Training and Adjustment Panel) there is another hospital-wide staffing and redeployment committee created or in existence, Union members of the Redeployment Committee shall serve on any such hospital-wide staffing committee established with the same or similar terms of reference, and the number of Union members on such committee will be proportionate to the number of its bargaining unit members at the particular Hospital in relation to other staff groups.

Meetings of the Redeployment Committee shall be held during normal working hours. Time spent attending such meetings shall be deemed to be work time for which the representative(s) shall be paid by the Hospital at their regular or premium rate as may be applicable.

Each party shall appoint a co-chair for the Redeployment Committee. Co-chairs shall chair alternative meetings of the Committee and will be jointly responsible for establishing the agenda of the Committee meetings, preparing minutes and writing such correspondence as the Committee may direct.

(iii) Disclosure

The Hospital shall provide to the Redeployment Committee all pertinent staffing and financial information.

(iv) Alternatives

The Redeployment Committee, or where there is no consensus, the committee members shall propose alternatives to cutbacks in staffing to the Hospital's Chief Executive Officer and to the Board of Directors.

At the time of submitting any plan concerning rationalization of services and involving the elimination of any position(s) or any layoff(s) to a Local Health Integration Network or to the Ministry of Health, the Hospital shall

provide a copy, together with accompanying documentation, to the Union.

9.09 Layoff and Recall

An employee in receipt of notice of layoff pursuant to 9.08(a)(ii) may:

- (a) accept the layoff; or
- (b) opt to receive a separation allowance as outlined in Article 9.12; or
- (c) opt to retire, if eligible under the terms of the Hospitals of Ontario Pension Plan (HOOPP) as outlined in Article 9.08 (b); or
- (d) displace another employee who has lesser bargaining unit seniority in the same or a lower or an identical-paying classification in the bargaining unit if the employee originally subject to layoff has the ability to meet the normal requirements of the job. An employee so displaced shall be deemed to have been laid off and shall be entitled to notice in accordance with Article 9.08.

An employee who chooses to exercise the right to displace another employee with lesser seniority shall advise the Hospital of their intention to do so and the position claimed within seven (7) days after receiving the notice of layoff.

NOTE: For purposes of the operation of clause (d), an identical-paying classification shall include any classification where the straight-time hourly wage rate at the level of service corresponding to that of the laid off employee is within 1% of the laid off employee's straight time hourly wage rate.

- (e) In the event that there are no employees with lesser seniority in the same or a lower or identical-paying classification, as defined in this article, a laid-off employee shall have the right to displace another employee with lesser seniority, in a higher-paying classification provided they are able to meet the normal requirements of the job, with orientation but without additional training.
- (f) In addition, in combined full-time/part-time collective agreements, a full-time employee shall also be entitled to displace another full-time employee with lesser seniority in a higher-paying classification provided that they are able to meet the normal requirements of the job, with orientation but without additional training, when there are no other full-time employees in the same or a lower or similar-paying classification with lesser seniority, prior to being required to displace a part-time employee.
- (g) An employee who is subject to layoff other than a layoff of a permanent or long-term nature including a full time employee whose hours of work are, subject to Article 14.01, reduced, shall have the right to accept the layoff or displace another employee in accordance with (a) and (d) above.
- (h) The Hospital agrees to layoff temporary employees in the same or similar classification within the same department before permanent employees, provided remaining employees are able to meet the normal requirements of the job.

- (i) An employee shall have opportunity of recall from a layoff to an available opening, in order of seniority, provided he or she has the ability to perform the work before such opening is filled on a regular basis under a job posting procedure. The posting procedure in the collective agreement shall not apply until the recall process has been complete.
- (j) No full-time employee within the bargaining unit shall be laid off by reason of their duties being assigned to one or more part-time employees.
- (k) In the event of a layoff of an employee, the Hospital shall pay its share of insured benefits premiums for the duration of the five-month notice period provided for in Article 9.08.
- (l) The Hospital agrees to post vacancies during the recall period, as per the job posting procedure, allowing employees on recall to participate in the posting procedure. Should the position not be filled via the job posting procedure, an employee shall have opportunity of recall from a layoff to an available opening, in order of seniority, provided they have the ability to perform the work.
- (m) In determining the ability of an employee to perform the work for the purposes of the paragraphs above, the Hospital shall not act in an arbitrary or unfair manner.
- (n) An employee recalled to work in a different classification from which they were laid off shall have the privilege of returning to the position held prior to the layoff should it become vacant within six (6) months of being recalled.
- (o) No new employees shall be hired until all those laid off have been given an opportunity to return to work and have failed to do so, in accordance with the loss of seniority provision, or have been found unable to perform the work available.
- (p) The Hospital shall notify the employee of recall opportunity by registered mail, addressed to the last address on record with the Hospital (which notification shall be deemed to be received on the second day following the date of mailing). The notification shall state the job to which the employee is eligible to be recalled and the date and time at which the employee shall report for work. The employee is solely responsible for their proper address being on record with the Hospital.
- (q) Employees on layoff shall be given preference for temporary vacancies, which are expected to exceed ten (10) working days. An employee who has been recalled to such temporary vacancy shall not be required to accept such recall and may instead remain on layoff.

9.10 Retraining

(a) Retraining for Positions within the Hospital

Where, with the benefit of retraining of up to six (6) months, an employee who has either accepted the layoff or who is unable to displace any other employee could be redeployed to a hospital position identified by the Redeployment Committee in accordance with Article 9.08(f)(i):

- (i) Opportunities to fill vacant positions identified by the Hospital Redeployment Committee through retraining shall be offered to employees who apply and would qualify for the position with the available retraining in order of their seniority until the list of any such opportunities is exhausted. Opportunities to fill vacancies outside of CUPE bargaining units may be offered by the Hospital in its discretion.
- (ii) The Hospital and the Union will cooperate so that employees who have received notice of permanent lay-off and have been approved for retraining in order to prevent a lay-off will have their work schedules adjusted to enable them to participate in the retraining, and scheduling and seniority requirements may be mutual agreement be waived. The Redeployment Committee will seek the availability of any federal or provincial retraining program funds to cover the cost of tuition, books and travel, as well as pay wages eligible under the terms of such program.
- (iii) Apart from any on-the-job training offered by the Hospital, any employee subject to layoff who may require a leave of absence to undertake retraining in accordance with the foregoing shall be granted an unpaid leave of absence which shall not exceed six (6) months.
- (iv) Laid-off employees who are approved for retraining in order to qualify for a vacant position within the Hospital will continue to receive insured benefits.

(b) Placement

Upon successful completion of their training period, the Hospital and the Union undertake to waive any restrictions which might otherwise apply, and the employee will be placed in the job identified in 9.10(a)(i).

An employee subject to layoff who applies but later declines to accept a retraining offer or fails to complete the training will remain subject to layoff.

9.11 Separation Allowances

- (a) Where an employee resigns within thirty (30) days after receiving notice of layoff pursuant to article 9.08(a)(ii) that their position will be eliminated, he or she shall be entitled to a separation allowance of two (2) weeks' salary for each year of continuous service to a maximum of twenty (20) weeks' pay, and, on production of receipts from an approved educational program, within twelve (12) months of resignation, may be reimbursed for tuition fees up to a maximum of three thousand five hundred (\$3,500) dollars.

The Hospital undertakes to notify the Union in advance, so far as practicable, of any technological changes which the Hospital has decided to introduce which will significantly change the status of employees within the bargaining unit.

The Hospital agrees to discuss with the Union the effects of such technological changes on the employment status of employees and to consider practical ways and means of minimizing the adverse effect, if any, upon employees concerned.

Where new or greater skills are required than are already possessed by affected employees under the present methods of operation, such employees shall be given a period of training, with due consideration being given to the employee's age and previous educational background, during which they may perfect or acquire the skills necessitated by the new method of operation. The Hospital will assume the cost of tuition and travel. There shall be no reduction in wage or salary rates during the training period of any such employee. Training shall be given during the hours of work whenever possible and may extend for up to six (6) months.

Employees with one (1) or more years of continuous service who are subject to lay-off under conditions referred to above, will be given notice of the impending change in employment status at the earliest reasonable time in keeping with the notification to the Union as above set forth and the requirements of the applicable law.

- (b) Employees are encouraged to raise their concerns with their immediate supervisor within forty-eight (48) hours. In the event that within ten (10) calendar days, the workload concern is not resolved to the employee's satisfaction, the employee, or group of employees, may, within forty-eight (48) hours, submit their concerns in writing (with a copy to their immediate supervisor) to either the Joint Health and Safety Committee (as constituted under the collective agreement's local appendix) or the Labour Management Committee (as constituted under Article 6.02) through their union representative using the template workload complaint form attached as Appendix A. This form may be modified by mutual agreement of the local parties.

 - (ii) If necessary, using established lines of communication as identified by the Hospital, seek immediate assistance from an individual(s) (who could be within the bargaining unit) who has responsibility for timely resolution of workload issues.
 - (iii) Failing resolution of the workload issue at the time of occurrence or if the issue is ongoing the RHP(s) will discuss the issue with their Manager or designate on the next day that the Manager (or designate) and the RHP are both working or within five (5) calendar days whichever is sooner.

- (g) The Hospital will provide access on the Hospital intranet, whereby members will have the ability to access a digital version of the Workload Review Form.

ARTICLE 10 - CONTRACTING OUT

10.01 Contracting Out

The Hospital shall not contract out any work usually performed by members of the bargaining unit if, as a result of such contracting out, a layoff of any employees other than casual part-time employees results from such contracting out.

10.02 Notwithstanding the foregoing, the hospital may contract out work usually performed by members of the bargaining unit without such contracting-out constituting a breach of this provision if the hospital provides in its commercial arrangement contracting out the work that the contractor to whom the work is being contracted, and any subsequent such contractor, agrees:

- (1) to employ the employees thus displaced from the hospital; and
- (2) in doing so to stand, with respect to that work, in the place of the hospital for the purposes of the hospital's collective agreement with the Union, and to execute into an agreement with the Union to that effect.

In order to ensure compliance with this provision, the Hospital agrees that it will withdraw the work from any contractor who has failed to meet the aforesaid terms of the contracting-out arrangement until such time as the provisions of the collective agreement have been complied with.

The Hospital agrees to notify the Union, in writing five (5) months in advance if the Hospital is implementing Article 10.02

Hospital will set up a meeting, with the Union within ten (10) working days of delivery of written notification, to inform the Union of its intention to implement Article 10.02. At the meeting, the Hospital shall identify:

- (i) the work that is been affected and the reasons that lead to the decision;
- (ii) to whom the work is being contracted; and
- (iii) any other subsequent contractor.

During the meeting, the Hospital agrees to provide all pertinent information, to the union including costs and any other relevant information.

When a contractor or a sub-contractor is used in the hospital (which is not a violation of Article 10.02), the Hospital will include the appropriate maintenance department employees' input in any reviews or consultations of the construction work.

10.03 Contracting In

Further to Article 9.08(d)(i)(1) the parties agree that the Redeployment Committee will immediately undertake a review of any existing sub-contract work which would otherwise be bargaining unit work and which may be subject to expiry and open for renegotiation within six

(6) months with a view to assessing the practicality and cost-effectiveness of having such work performed within the Hospital by members of the bargaining unit.

ARTICLE 11 - WORK OF THE BARGAINING UNIT

11.01 Work of the Bargaining Unit

Employees not covered by the terms of this Agreement will not perform duties normally assigned to those employees who are covered by this Agreement, except for the purposes of instruction, experimentation, or in emergencies when regular employees are not readily available.

11.02 Volunteers

The use of volunteers to perform bargaining unit duties, as covered by this agreement, shall not be expanded beyond the extent of existing practice as of June 1, 1986.

The Hospital shall submit to the Union, at three (3) month intervals, the number of volunteers for the current month, the number of hours worked and the duties performed.

ARTICLE 12- LEAVES OF ABSENCE

12.01 Personal Leave

Written request for a personal leave of absence without pay will be considered on an individual basis by the Hospital. Such requests are to be submitted to the employee's immediate supervisor at least four (4) weeks in advance, unless not reasonably possible to give such notice, and a written reply will be given within fourteen (14) days except in cases of emergency in which case a reply will be given as soon as possible. Employees needing personal leave days for appointments with medical practitioners may utilize the personal leave language. Such leave shall not be unreasonably withheld.

12.02 Union Business

(a) The Hospital shall grant leave of absence without pay to employees to attend Union conventions, seminars, education classes and other Union business in connection with the administration of the collective agreement provided that such leave will not interfere with the efficient operation of the Hospital. Such leave will not be unreasonably denied.

In requesting such leave of absence for an employee or employees, the Union must give at least fourteen (14) days clear notice in writing to the Hospital, unless not reasonably possible to give such notice.

The cumulative total leave of absence, the number of employees that may be absent at any one time from any one area, and the number of days of absence shall be negotiated locally and are set out in the Local Provisions Appendix X.

During such leave of absence, the employee's salary and applicable benefits shall be maintained by the Hospital on the basis of what their normal regular hours

of work would have been, provided that the Union reimburses the Hospital in the amount of such salary and applicable benefits within thirty (30) days of billing.

Notwithstanding the above, time spent by the eight (8) Executive Board members and seven (7) Alternate Executive Board members of the Ontario Council of Hospital Unions to fulfill the duties of the position shall be in addition to leave for Union Business under this clause.

Part-time and casual employees will be given full credit for seniority purposes for regularly scheduled hours missed in accordance with this provision.

- (b) In addition to the above, a part-time or casual employee who is attending to union business when not regularly scheduled to work shall be deemed to be on union leave and the amount of such leave shall not be deducted from the number of days of absence identified above. Such part-time or casual employee will be credited with seniority for the number of hours of such leave to a maximum of thirty-seven and one-half (37.5) hours per week. The union will advise the Hospital of the number of such hours.

12.03 (a) Full-Time Position(s) with the Union

Upon application by the Union, in writing, the Hospital shall grant leave of absence, without pay, to an employee elected or appointed to full-time Union office. It is understood that no more than two (2) employees in the bargaining unit may be on such leave at the same time. Such leave shall be for a period of one (1) calendar year from the date of appointment unless extended for a further specific period by agreement of the parties. It is understood that no more than one (1) employee will be from the same unit of the Hospital, subject to operational requirements.

Seniority and service shall accrue at seven and one-half (7.5) hours per day to a maximum of thirty-seven and one-half (37.5) hours per week during such leave. The employee shall notify the Hospital of his intention to return to work at least four (4) weeks prior to the date of such return. The employee shall be returned to his former duties on the same shift in the same department and the appropriate rate of pay, subject to any changes which would have occurred had the employee not been on leave.

Notwithstanding Article 2.01, the Hospital may fill the vacancy resulting from such leave on a temporary basis.

(b) Leave for OCHU President, Secretary-Treasurer, and First Vice-President

Upon application in writing by the Union on behalf of the employee to the Hospital, a leave of absence without pay shall be granted to such employee(s) elected to the positions of the President of the Ontario Council of Hospital Unions, the Secretary- Treasurer of the Ontario Council of Hospital Unions, or the First Vice-President of the Ontario Council of Hospital Unions for period(s) of up to two (2) years. It is understood, however, that during such leave the employee(s) shall be deemed to be an employee of the Union.

During such leave of absence seniority and service shall accrue at seven and one-half (7.5) hours per day to a maximum of thirty-seven and one-half (37.5)

hours per week. In addition, during such leave of absence, the employee's salary and applicable benefits shall be maintained by the Hospital on the basis of what his normal regular hours of work would have been, provided that the Union reimburses the Hospital in the amount of such salary and applicable benefits within thirty (30) days of billing.

The employee agrees to notify the Hospital of his intention to return to work at least four (4) weeks prior to the date of such return. The employee shall be returned to his former duties on the same shift in the same department and at the appropriate rate of pay, subject to any changes which would have occurred had the employee not been on leave.

Notwithstanding Article 2.01, the Hospital may fill the vacancy resulting from such leave on a temporary basis.

12.04 Bereavement Leave

Any employee who notifies the Hospital as soon as possible following a bereavement will be granted bereavement leave for four (4) consecutive working days off without the loss of regular pay from regularly scheduled hours in conjunction with the death of the spouse, child, parent, sister, brother, mother-in-law, father-in-law, son-in-law, daughter-in-law, grandparent, grandchild, brother-in-law, sister-in-law, brother-in-law of spouse, sister-in-law of spouse or grandparent of spouse. An employee shall be granted one (1) day bereavement leave without loss of regular pay from regularly scheduled hours to attend the funeral or memorial service or equivalent of their aunt, uncle, niece or nephew. The Hospital, in its discretion, may extend such leave with or without pay. Where an employee does not qualify under the above-noted conditions, the Hospital may, nonetheless, grant a paid bereavement leave. For the purpose of bereavement leave, the relationships specified in the preceding clause are deemed to include a common-law spouse and a partner of the same sex.

12.05 Jury & Witness Duty

If an employee is required to attend jury selection or serve as a juror in any court of law, or is required to attend as a witness in a court proceeding in which the Crown is a party, or is required by subpoena to attend a court of law or coroner's inquest in connection with a case arising from the employee's duties at the Hospital, the employee shall not lose regular pay because of such attendance provided that the employee:

- (a) notifies the Hospital immediately on the employee's notification that they will be required to attend a court;
- (b) presents proof of service requiring the employee's attendance;
- (c) deposits with the Hospital the full amount of compensation received excluding mileage, travelling and meal allowances and an official receipt thereof.

Where a part-time employee is selected for jury duty for a period in excess of one (1) week, the employee shall be paid for all hours scheduled and not be expected to attend at work. Upon completion of the process the employee shall be returned to that point on their former schedule that is considered appropriate by the Hospital. It is understood and agreed that the local parties may agree to different scheduling arrangements for the

first week of jury and witness duty.

In addition to the foregoing, where a part-time employee is required by subpoena to attend a court of law or coroner's inquest in connection with a case arising from the employee's duties at the Hospital on his regularly scheduled day off, they shall be paid for all hours actually spent at such hearings at his regular straight time hourly rate subject to (a), (b) and (c) above.

12.06 Pregnancy Leave

- (a) Pregnancy leave will be granted in accordance with the provisions of the *Employment Standards Act*, except where amended in this provision. The service requirement for eligibility for pregnancy leave shall be thirteen (13) weeks of continuous service.
- (b) The employee shall give written notification at least two (2) weeks in advance of the date of commencement of such leave and the expected date of return. At such time they shall also furnish the Hospital with the certificate of a legally qualified medical practitioner stating the expected birth date.
- (c) The employee shall reconfirm their intention to return to work on the date originally approved in subsection (b) above by written notification received by the Hospital at least two (2) weeks in advance thereof.
- (d) Effective on confirmation by the Canada Employment Insurance Commission of the appropriateness of the Hospital's Supplementary Unemployment Benefit (SUB) Plan, an employee who is on pregnancy leave as provided under this Agreement who has applied for and is in receipt of Employment Insurance pregnancy benefits pursuant to Section 23 of the *Employment Insurance Act*, shall be paid a supplemental unemployment benefit for a period not exceeding fifteen (15) weeks. The supplement shall be equivalent to the difference between ninety-three percent (93%) of their normal weekly earnings and the sum of their unemployment insurance benefits and any other earnings. Receipt by the Hospital of the employee's unemployment insurance cheque stubs shall constitute proof that they are in receipt of Employment Insurance pregnancy benefits.

The employee's normal weekly earnings shall be determined by multiplying their regular hourly rate on their last day worked prior to the commencement of the leave times their normal weekly hours plus any wage increase or salary increment that they would be entitled to receive if they were not on pregnancy leave.

In addition to the foregoing, the Hospital will pay the employee ninety-three percent (93%) of their normal weekly earnings during the one (1) week period of the leave while waiting to receive Employment Insurance benefits.

The employee does not have any vested right except to receive payments for the covered unemployment period. The plan provides that payment in respect of guaranteed annual remuneration or in respect of deferred remuneration or severance pay benefits are not reduced or increased by payments received under the plan.

- (e) Credits for service and seniority shall accumulate for a period of up to seventeen (17) weeks while an employee is on pregnancy leave on the basis of what the employee's normal regular hours of work would have been.
- (f) The Hospital will continue to pay the percentage in lieu of benefits and its share of pension contributions during the period of pregnancy leave. The Hospital will register those benefits as part of the Supplemental Unemployment Benefit Plan with the Canada Employment Insurance Commission.
- (g) Subject to any changes to the employee's status which would have occurred had they not been on pregnancy leave, the employee shall be reinstated to their former duties, on the same shift in the same department, and at the same rate of pay.

12.07 Parental Leave

qualified, the Union will be asked to waive the posting provisions in the Collective Agreement.

- ii All job search activities will be reviewed on a monthly basis by JAC and all placement activities defined.
- iii When a suitable position is found, a formal offer of employment letter will be provided outlining the full responsibilities of the placement.
- iv An employee within the bargaining unit requiring permanent accommodation may be temporarily accommodated in other positions until a permanent position can be secured. The active search for a permanent position will continue.
- v The home position of the employee with the bargaining unit requiring permanent accommodation may be posted under the following circumstances:
 - The employee is permanently accommodated in another position or arrangement.
 - The medical evidence establishes that there is no reasonable prospect of a return to their original position in the foreseeable future.
 - The employee is in receipt of LTD and it has been medically verified that they are permanently disabled from their original position.
 - The Hospital may elect to fill the position on a temporary basis. The filling of a permanently disabled employee's base position does not remove the Hospital's duty to accommodate that employee.
- vi When the parties agree to permanent accommodation, whether or not a job posting is waived, the parties will sign an agreement containing the details of the accommodation.

Temporary Modified Work

- i An employee will provide the Health Services with medical verification of accommodation requirements, restrictions and expected duration.

If the accommodation is short term and the manager can accommodate, the Return to Work union representative will receive a copy of the Return to Work plan, outlining the exact work restrictions and no formal meeting will be required unless requested by the employee or union representative. If such a meeting is requested, it will be scheduled as soon as reasonably possible and dependent on the availability of all parties. In attempts to expedite the process, the modified plan will be emailed to all parties and a meeting must occur within two (2) days of the Return to Work plan.

Complex Accommodation

- (i) If the accommodation is short term, complex or when an accommodation may be necessary outside the department, a return to work meeting will be held with the manager, employee, Health Services, People & Culture and the union representative. All details related to the accommodation will be recorded in the Return to Work plan.

- (ii) The Disability Case Coordinator will be responsible for monitoring the Return to Work plan and making adjustments as required.
- (iii) The employee/union representative must bring any concerns related to the accommodation to the manager and Health Services attention for resolution.
- (iv) The Hospital will determine if the temporary accommodation is reasonable considering the following factors:
 - the number of accommodated employees in the department,
 - the operational needs of the department,
 - the safety of employees working in the department
 - fitness to work of the employee and their skill set, and
 - alternative resources
- (v) In such cases as accommodation is not reasonable, alternate placement will be sought through the Hospital and other employment initiatives utilizing the employment process.
 - An employee may be assigned to a vacant position and paid at the rate of the job being performed. If the rate of the job is lower than the rate of the job they were working when injured, they shall be paid at the higher rate and "red circled" until the rate of the job increases to their level of pay.

V TRANSFER TO LOWER PAYING CLASSIFICATION

- (01) An employee temporarily required to perform work in a lower classification for the convenience of the Hospital and not as a result of lack of work, will receive his existing rate at the time of such transfer for the duration of the said temporary transfer.

W WAGES AND CLASSIFICATION PREMIUMS

- (02) Wages

The wage rates for all employees covered by this Collective Agreement shall be the same as those in Appendix "A" of the Collective Agreement between Toronto General Hospital and CUPE Local 5001 (Full-time Service Unit).

- (03) Classification Premium Lead Hand Positions

In the case of Lead Hand, selection shall be on the basis of considering an applicant's skill, ability, experience and qualifications. When these factors are equal in the opinion of the Hospital, seniority shall govern provided the employee in question has the qualifications to perform the available work.

Only employees who have passed their probationary period shall be considered.

An employee appointed by the Hospital as Lead Hand will be paid ten percent (10%) above the highest rated classification of employees the Lead Hand is appointed to direct.

(04) Experience Pay

- (a) The Hospital may hire new employees at a rate higher than the starting rate set out herein, where the Hospital considers previous experience warrants a higher starting rate.
- (b) An employee hired by the Hospital with recent and related experience may claim consideration for such experience at the time of hiring on a form to be supplied by the Hospital. Any such claim shall be accompanied by verification of previous related experience. The Hospital shall then evaluate such experience during the probationary period following hiring.

Where in the opinion of the Hospital such experience is determined to be relevant, the employee shall be slotted in that step of the wage progression consistent with one (1) years' service for every one (1) year of related experience in the classification upon completion of the employee's probationary period. It is understood and agreed that the foregoing shall not constitute a violation of the wage schedule under the collective agreement.

(05) Job Classification Change

A job classification will not be changed for the purpose of evading payment of the minimum rates hereinafter set out.

(06) Transportation Allowance

When a bargaining unit member is called in and is required to travel to the Hospital and/or return home between the hours of twelve midnight (2400 hrs) and six a.m. (0600 hrs), or at any time when on Standby, the Hospital will pay transportation costs either by taxi or by the employees own vehicle at the rate of thirty-two (\$0.32) per kilometer to a maximum of \$30.00 for each journey. The employee will provide the Hospital proof of such fare.

X PARKING

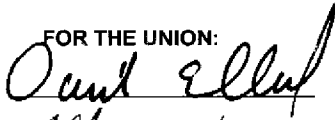

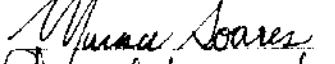

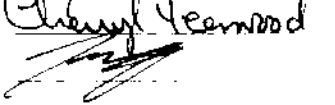

- (01) When the Hospital requests union representative(s) to attend a meeting when not scheduled to work, as part of fulfilling obligations under terms of the collective agreement, the Hospital will pay Hospital parking cost, arising from the employees need to use their own vehicle.

Y UNION SOCIAL FUNDS

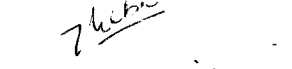

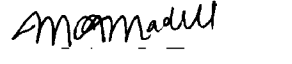

(02) The Hospital agrees that on the first December deducted date in each calendar year, a deduction of seven dollars and fifty cents (\$7.50) will be made from those employees for whom a dues deduction is being made, and for whom a wage payment is being prepared on that date. The amount deducted will be forwarded as one payment to the Treasurer of the union to be used for the Union Social Fund. It is agreed that the union shall indemnify and save the hospital harmless from any liability whatsoever respecting this deduction.

LETTER OF UNDERSTANDING NO. 6
Re: Access To UHN's Education Policy

University Health Network (UHN) is committed to supporting continuing education and life long learning by its employees. UHN seeks to encourage employees to take responsibility for their own professional growth and enhancing their contribution to the organization.

Eligible employees may receive financial support upon completion of academic courses from recognized institutions that are directly related to current and future career development goals. It is the responsibility of the employee to discuss educational development options with their immediate supervisor/manager and obtain endorsement/support for course reimbursement.

Eligible employees may also be provided with an interest-free loan to assist with tuition payment at approved institutions.

This policy does not apply to seminars, workshops or conferences.

Eligibility

All permanent full time (PFT) employees and permanent part time (PPT) employees working a minimum of 0.5 FTE (50% of regular work schedule) with a minimum of one year of service are eligible to apply for education assistance through this program. Employees who work less than 0.5 FTE, casual, contract, and temporary employees are not eligible for education assistance under this program.

Tuition Reimbursement

One hundred percent (100%) of eligible tuition costs to a maximum of \$1,200 per year may be reimbursed for PFT employees and a prorated amount for PPT employees.

An employee who participates in an education program and receives tuition reimbursement is expected to remain in the employ of UHN for a minimum of one calendar year from the date they received the tuition reimbursement. An employee who voluntarily leaves prior to completing one year of continuous service is required to reimburse the Hospital 50% of the program costs that were reimbursed to them.

In situations where eligible requests for funding support exceed the funds available, decisions for participation will be made in conjunction with appropriate UHN management using the following guidelines:

- The course is part of a course of study of attainment of an academic degree/diploma from a recognized academic or professional/technical institution.
- Degree/diploma program is directly related to the employee's current future career development needs and job performance.
- Both the employee and UHN will benefit from the education offered.

Interest-free Loans

A 12-month interest-free loan may also be provided to eligible employees to cover approved costs, to a maximum of \$1,000 per year.

Reimbursement of the loan will be through payroll deduction during the 12-month term.

Should the employee leave the employ of the Hospital they will be required to immediately pay the total outstanding balance through deduction from the final Hospital pay and if sufficient funds are not available, through the provision of a personal cheque.

Maximum Reimbursement

The maximum annual reimbursement by UHN for educational assistance is \$1,200 per employee, irrespective of where the money is distributed from, i.e., if an employee has received the maximum reimbursement from their department or Nursing Funds, the employee would not be eligible to receive further reimbursement through the Education Assistance Program.

If an employee has been awarded a scholarship, they may apply for assistance under this policy to cover the unsupported portion, if any, of the education costs.

Resignation

It is the responsibility of the manager to notify People & Culture if the employee voluntarily resigns prior to completing one year of continuous service from the date tuition reimbursement funds are received.

Annual Reviews

This policy is subject to annual reviews, including the amount of funding available. The Vice President, People & Culture will lead the review and the Senior Management Committee will determine funding.

Procedure

Tuition Reimbursement

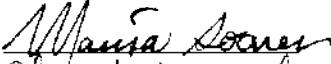

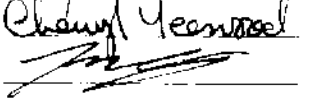

1. The employee must complete Part 1-A and Part 3 of the Tuition Reimbursement Section of the Education Assistance Request (form D-3075) and forward the form to their manager for completion of Part 2. The manager must indicate reasons for supporting the application for tuition funding support based on the employee's career development needs and job performance.
2. When both parts are completed, forward the Education Assistance Request to People & Culture, Attention: Organization and Employment Development. People & Culture will advise the employee of the status of the application, i.e., approved or denied.
3. Upon successful completion of the course, the employee is responsible for submitting to People & Culture written proof of successful completion of course and written proof of payment in order to obtain reimbursement.

Interest-free Loans

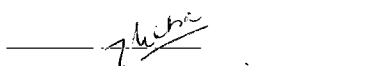

1. The employee must complete Part 1-A and Part 1-B of the Request for Interest- Free Loan section of the Education Assistance Request (form D-3075). The form must be forwarded to the Manager for endorsement/support (part 2 must be completed by the manager). The manager must indicate reasons for supporting the application based on the employee's career development needs and job performance.
2. When both parts are completed the application form must be forwarded to People & Culture, Attention: Director, Organization and Employee Development. People & Culture will advise the employee of the status of the application, i.e., approved or denied.
3. Payroll deductions will commence the month following the month the loan was issued.

And Whereas the semi-private, extended health care and dental benefits are now being provided by various carriers at the different hospitals;

And Whereas the Participating Hospitals ("the Hospitals") and the Ontario Council of Hospital Unions/CUPE ("the Union") wish to ensure that the collective agreement entitlements to semi-private, extended health care and dental benefits are comparable;

And Whereas the Hospitals and the Union recognize the importance of working collaboratively to achieve the objectives outlined above, it is agreed as follows:

6. The Committee will review those plans and determine what, if any, variations exist among the plans.

7. The Committee will also consider whether, without reducing the level of benefits provided at each individual participating hospital, there are cost saving mechanisms available to the parties:-
8. The Committee may retain expert assistance, the cost of which shall be borne equally by the Hospitals and the Union. Should the Hospitals and the Union not agree on retaining expert assistance, the decision of the facilitator shall be binding.
9. The Committee shall complete its work and prepare a final report within eighteen months, unless the parties agree otherwise.
