ARTICLE 8 GRIEVANCE AND ARBITRATION PROCEDURE

8.01 Definition of grievance

A grievance under this Agreement shall be defined as a difference or dispute between the parties which relates to the interpretation, application, administration, or alleged violation of the Agreement.

A grievance, to be acceptable under this Agreement, must be in writing, shall specify the article or articles allegedly violated, shall contain a statement of the alleged violation, shall indicate the relief sought, and shall be signed and dated.

8.02 Intent of the parties

It is the mutual desire of the Hospital and Union that all grievances shall be resolved as quickly as possible. It is further agreed that the designated grievance procedure, as hereinafter set forth, shall serve as the proper means to be utilized by the parties for the prompt disposition, decision and final settlement of the grievance.

8.03 Individual grievance

Step I - Informal Stage

It is understood that an employee has no grievance until he has first discussed it with the immediate supervisor or his delegate within nine (9) calendar days of the occurrence of the incident which gave rise to the complaint or of becoming aware of the occurrence of the incident giving rise to the complaint in order to provide an opportunity for response and adjustment to the complaint.

Should no resolution to the complaint be forthcoming at this stage, the employee may submit a formal grievance to the next step in the procedure within nine (9) calendar days of the meeting with the immediate supervisor.

Step II - Written stage

The grievor, through a Union representative, may submit the grievance to Labour Relations with a copy to the immediate supervisor, in writing, and the Union representative will receive a written reply within nine (9) calendar days. Should no satisfactory settlement be reached at this step, the grievor may, within nine (9) calendar days of receipt of the written response at Step II, submit the grievance to Labour Relations.

Step III - Meeting stage

Upon receipt of the written grievance, Labour Relations will schedule a meeting within nine (9) calendar days to discuss the matter. Labour Relations shall reply in writing within nine (9) calendar days of the meeting.

8.04 Policy Grievance

A grievance arising directly between the Hospital and the Union concerning the application, interpretation, or alleged violation of the Agreement shall be originated at Step III within ten (10) calendar days following the circumstances giving rise to the grievance.

8.05 Scheduling Grievance

Where a grievance results from the Distribution of Additional Working Shifts (Booking Protocol) the employee may submit a grievance in writing at Step II to the manager responsible for scheduling. The Manager's reply will include the supporting documentation. Should no resolution to the complaint be forthcoming at this stage, the employee may submit a formal grievance to Step III of the Grievance and Arbitration procedure.

8.06 Group Grievance

- a) Where a number of employees have identical grievances and each employee would be entitled to grieve separately, the Union, on behalf of the employees collectively, may present a group grievance in writing, signed by each employee who is grieving. The group grievance is forwarded in writing to the appropriate manager within ten (10) calendar days of the suspected infraction by the Union representative. The Hospital will reply in writing within ten (10) calendar days of the receipt of the grievance.
- b) In the case that the reply is not satisfactory, Human Resources will schedule a meeting within ten (10) calendar days of the date of the reply in order to settle the grievance.

- c) The Employer has the right to grieve if he feels that an employee, group of employees or the Union had contravened the Collective Agreement. In such case, the inverse procedure will apply.

8.07 Discharge Grievance

A claim by an employee who has completed his probationary period that he has been unjustly discharged shall lodge a grievance at Step III within seven (7) calendar days after the date of the discharge.

The release of a probationary employee shall not be subject to the grievance procedure unless the probationary employee is released for reasons which are arbitrary, discriminatory, in bad faith or for exercising a right under this Agreement.

8.08 Effect of the Agreement

All agreements reached under the grievance procedure between the representatives of the Hospital and the representatives of the Union will be final and binding upon the Hospital and the Union and the employees.

8.09 Voluntary Mediation

The parties agree that it is their intent to resolve grievances without recourse to arbitration, wherever possible. Therefore, notwithstanding 8.10 below, the parties may, upon mutual agreement, engage the services of a mediator in an effort to resolve the grievance, in such cases there will be an extension of the time limits for the request for arbitration until the mediation meeting occurs. The parties will share equally the fees and expenses, if any, of the mediator.

8.10 Arbitration

Failing settlement under the foregoing procedure of any grievance between the parties, either party may request that the grievance be submitted to arbitration as hereinafter provided.

- a) No matter may be submitted to Arbitration, which has not been properly carried through all requisite steps of the Grievance Procedure.
- b) A person who has been involved in an attempt to negotiate or settle a grievance may not be appointed chairperson of the arbitration board.
- c) Each of the parties shall bear the expense of their nominee appointed by it and the parties shall jointly bear the expenses of the chairperson of the arbitration board.
- d) The arbitration board shall not be authorized to make any decision inconsistent with the provisions of this agreement to alter, modify or amend any part of this collective agreement.
- e) The proceedings of the Arbitration Board will be expedited by the parties hereto. Should the decision of the majority decision not be possible, then the decision of the chairpersons shall be final and binding.
- f) If both parties agree, the matter will be submitted to a single arbitrator who shall be appointed in place of a board of arbitration.

8.11 Extension of time limits

All the time limits prescribed in this Article are mandatory but may be extended by mutual agreement of the parties in writing, otherwise a grievance will be deemed to be abandoned. Such extension shall not be unreasonably withheld.

- Responsibilities for professional development will be shared between the individual and the Hospital;
- Employee needs, Hospital needs and department/program requirements will be considered.

24.10 Workloads

The parties agree that patient care is enhanced if concerns relating to professional practice, patient acuity, fluctuating workloads and fluctuating staffing are resolved in a timely and effective manner.

Employees are encouraged to raise their concerns with their immediate supervisor within forty-eight (48) hours. In the event that within ten (10) calendar days, the workload concern is not resolved to the employee's satisfaction, the employee, or group of employees, may, within forty-eight (48) hours, submit their concerns in writing (with a copy to their immediate supervisor) to either the Joint Health and Safety Committee (as constituted under Article 21) or the Labour-Management Committee (as constituted under Article 7.04) through their union representative, using the template workload complaint form attached at appendix B. This form may be modified by mutual agreement of the parties.

24.11 Professional Responsibility, Patient Care, Workloads & Staffing

(The following clause is applicable to Registered Practical Nurses only)

- a) The parties agree that optimal patient care is, and safe working conditions are, enhanced if concerns relating to professional responsibility, patient care, workloads and staffing issues are resolved in a timely and effective manner with communications between the parties being:
 - i. professional;
 - ii. courteous;
 - iii. collegial;
 - iv. respectful; and
 - v. focused on resolving the issue, not on the individuals.
- b) Employees are encouraged to raise their concerns with their immediate supervisor within forty-eight (48) hours.
- c) Upon receipt of a response from the supervisor within five (5) working days, if the employee or group of employees in (b) above are not satisfied, the employee or group of employees may, within forty-eight (48) hours, submit a workload complaint form (attached at appendix B) to the Chief Nursing Officer, with a copy to the Union. A meeting shall be held within thirty (30) days of a request from the employee or group of employees, who may be accompanied to this meeting by a Union representative. The Chief Nursing Officer will respond in writing to the employee, or group of employees, with a copy to the Union if applicable, within fifteen (15) days.
- d) Upon receipt of a written response from the Chief Nursing Officer, if the employee or group of employees in (c) above are not satisfied, the employee or group of employees, who may be accompanied by their Union Representative, may, within forty-eight (48) hours, request a meeting with the Chief Executive Officer (or her/his designate) and such

meeting shall be held within thirty (30) days. The Chief Executive Officer (or her/his designate) will respond in writing to the employee, or group of employees, within fifteen (15) days of the meeting, with a copy to the Union if applicable.

- e) It is agreed and understood that an employee or group of employees may in exceptional and urgent cases request an immediate meeting with the Chief Nursing Officer who will make every reasonable effort to accommodate the request. The timelines provided for in (d) above will apply failing resolution at this meeting.
- f) Only the timelines set out above are subject to Article 7 – Grievance and Arbitration Process.

24.12 Fiscal Advisory Committee

Recognizing the value of Union input on behalf of employees, the parties agree to the following:

- a) The Union's representative(s) will be included in the consultation and planning process from the early phases of the budget planning process, through representation on the Fiscal Advisory Committee or equivalent committee, to its final stages of completion, to assist the Hospital in minimizing layoffs or job loss, and in developing labour adjustment strategies where necessary, and in otherwise minimizing adverse effects on CUPE-represented employees through program or service restructuring.
- b) Where the Hospital experiences unforeseen circumstances such that will necessitate changes to its budgetary plans which have been approved by the Ministry of Health, or the Local Health Integration Network, the Hospital agrees that revisions to the budget will be carried out in consultation with the Union.
- c) In furtherance of the foregoing, and, where possible, in advance of any scheduled FAC or equivalent committee meeting, the Hospital agrees to provide to the Union in a timely way any financial and staffing information pertinent to its budget, or to any other restructuring plan that would affect the Union's members.
- d) It is understood that employee time spent at FAC or equivalent committee meetings with the employer in pursuance of the above shall be deemed to be work time for which the employee shall be paid by the Hospital at his or her regular or premium rate as may be applicable.

24.13 Technological Change

The Hospital undertakes to notify the Union in advance, so far as practicable of any technological changes which the Hospital has decided to introduce which will significantly change the status of employees within the bargaining unit.

The Hospital agrees to discuss with the Union the effect of such technological changes on the employment status of employees and to consider practical ways and means of minimizing the adverse effect, if any, upon employees concerned. Where new or greater skills are required than are already possessed by affected

employees under the present methods of operation, such employees shall be given a period of training, with due consideration being given to the employee's age and previous educational background, during which they may perfect or acquire the skills necessitated by the new method of operation. The Employer will assume the cost of tuition. There shall be no reduction in wage or salary rates during the training period of any such employee. Training shall be given during the hours of work whenever possible and may extend for up to six (6) months.

Employees with one (1) or more years of continuous service who are subject to lay-off under conditions referred to above, will be given notice of the impending change in employment status at the earliest reasonable time in keeping with the notification to the Union as set forth and the requirements of the applicable law.

ARTICLE 25 - WORK OF THE BARGAINING UNIT

Employees not covered by the terms of this Agreement will not perform duties normally assigned to those employees who are covered by this Agreement, except for the purposes of instruction, experimentation, or in emergencies when regular employees are not readily available.

25.01 Volunteers

To prevent the erosion of the bargaining unit, the Hospital agrees that the role of the volunteers, in performing bargaining unit work, will not be broadened beyond the extent of its current practice as of January 1, 2004.

The Hospital shall submit to the Union, at six (6) month intervals, the number of volunteers in the current month, the number of hours worked and a summary of the duties performed.

25.02 Contracting - out

The Hospital shall not contract out any work usually performed by members of the bargaining unit if, as a result of such contracting out, a layoff of any employees other than casual employees results from such contracting out.

Notwithstanding the foregoing, the hospital may contract out work usually performed by members of the bargaining unit without such contracting-out constituting a breach of this provision if the hospital provides in its commercial arrangement that the contractor to whom the work is being contracted, and any subsequent such contractor, agrees:

- 1) to employ the employees thus displaced from the hospital; and
- 2) in doing so to stand, with respect to that work, in the place of the hospital for the purposes of the hospital's collective agreement with the Union, and to execute into an agreement with the Union to that effect.

In order to ensure compliance with this provision, the Hospital agrees that it will withdraw the work from any contractor who has failed to meet the aforesaid terms of the contracting-out arrangement.

ARTICLE 26 - LENGTH OF AGREEMENT

26.01 The Collective Agreement shall be in effect from April 1, 2022 until March 31, 2024 and shall remain in effect from year to year thereafter unless either party gives the other party written notice of renewal or desire to amend the Agreement in accordance with Article 26.02 below.

26.02 Where either party desires to amend or renew this Agreement, it shall give notice to the other party only within the period of ninety (90) days prior to the expiration date of this Agreement or to any anniversary of such expiration date.

26.03 If notice of renewal or desire to amend the agreement is given by either party, the other party agrees to meet for the purpose of negotiation within thirty (30) days after the giving of such notice, if requested to do so.

ARTICLE 27 - RETROACTIVITY

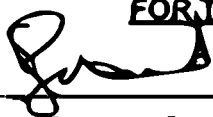

27.01

The employees who have left their employment at the Hospital, from the renewal date of the collective agreement will be eligible for reimbursement of the general wage increase.

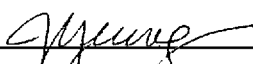

Within thirty (30) days following the effective date of the collective agreement, the Hospital will communicate with the employees who have left their employment, in writing, at their last known address, with copy of said letter to the Union. The concerned employees have thirty (30) days from the date of the letter to claim, in writing, their retroactivity.

UNIT WEEKEND SCHEDULE

WHEREAS the parties agree to the development and implementation of a weekend schedule in order to meet the Hospital's needs for weekend staff, and individual employee's preference for a weekend work schedule;

a) A unit weekend schedule is defined as a schedule in which a full-time employee works a weekly average of thirty (30) hours and is paid for 37.5 hours at her or his regular straight time hourly rate. The schedule must include two 11.25 hour tours, which fall on Saturday and Sunday and one 7.5 hour tour to be scheduled either on the adjacent Friday or Monday as needed. An employee working a weekend schedule will work every weekend except as provided for in the provisions below.

a) Shift premiums shall be paid in accordance with the Collective Agreement.

b) Week-end and shift premiums shall not be paid;

c) VACATION BANK

Vacation entitlement is determined by the Annual Leave article of the collective agreement.

Drawing from the vacation bank will occur at an accelerated rate of 1.25 paid hours for every hour taken as vacation (i.e. 11.25 hours worked equals 14.05 hours paid; 7.5 hours worked equals 9.375 hours paid).

Vacation must be taken as a full week-end off (i.e. Saturday and Sunday). The maximum number of week-ends off cannot exceed the week entitlement level determined by the Annual Leave article of the collective agreement.

Single vacation days may be taken on weekdays, which need not be in conjunction with the Saturday and Sunday. Single vacation days may be taken on the week-end provided no replacement is required.

The article in the Collective Agreement regarding Sickness during vacation time does not apply.

d) PAID HOLIDAY BANK

Employees qualify in accordance with the Paid Statutory Holiday article in the collective agreement.

Drawing from the paid holiday bank will occur at an accelerated rate of 1.25 hours paid for every hour taken (i.e. 11.25 hours worked equals 14.05 hours paid; 7.5 hours worked equals 9.375 hours paid).

If an employee works on a paid holiday as defined by the collective agreement, she/he will receive one and one half pay for all hours worked on a holiday. The lieu day will be credited to the paid holiday bank on the date of the holiday.

The holiday bank can be used as income replacement for absences due to illness.

The holiday bank will be paid out when the employee leaves the position or employ of the Hospital.

e) SICK LEAVE

The employee may utilize the paid holiday bank as income replacement for absences due to illness, as described in Article (d) above.

The employee's current sick leave bank will be frozen. An employee will not receive pay for the first seventeen (17) weeks of any period of absence due to a legitimate illness. Subject to the availability of paid holiday banked hours, the employee will be eligible for Employment Insurance for weeks three (3) through seventeen (17) for any absence due to a legitimate illness. At week eighteen (18) the employee may utilize her or his sick leave bank available under the Sick Leave article of the collective agreement for unpaid absences due to illness. Drawing from the sick leave bank will occur at an accelerated rate of 1.25 hours paid for every hour taken (i.e. 11.25 hours worked equals 14.05 hours paid; 7.5 hours worked equals 9.375 hours paid).

Effective March 31, 2010 – subject to the rules of the plan and clarity note in Article 22, the employee is eligible for coverage under the long-term disability portion of the HOODIP or equivalent plan referred to in Article 22.0.

Employees may be required to provide medical proof of illness for any absence of a scheduled shift, which is neither vacation nor an approved leave of absence.

f) LEAVES OF ABSENCE

The article on Leave of Absence in the collective agreement applies for both paid and unpaid leaves. For the purposes of an unpaid 11.25 hour shift, the deduction from pay shall equate to 14.05 hours. For the purposes of an unpaid 7.5 hour shift, the deduction from pay shall equate to 9.375 hours.

g) TOUR EXCHANGE

Weekend tour exchanges will be permitted only between weekend tour employees. Weekday tour exchanges will be permitted, provided the Hospital does not incur additional costs.

In all instances of tour exchange, the tours must be of the same duration.

h) OVERTIME

Overtime will begin to accrue after sixty (60) hours in a two (2) week period averaged over the scheduling period determined by the local parties.

Overtime will apply if the employee works in excess of the normal daily hours as defined by this agreement.

Payment for overtime is as in the Hours of Work article of the collective agreement.

i) SCHEDULING PROVISIONS

The scheduling and premium provisions relating to consecutive weekends off in the collective agreement do not apply to employees who accept positions under this provision.

j) CHRISTMAS PERIOD

The article relating to scheduling during this period will apply, except as modified to confirm that the weekend tour employee will continue to work weekends during this period.

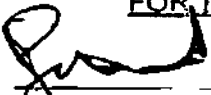

k) EDUCATION

When the employee requires additional education, these tours shall be scheduled during the week and the employee will be remunerated at his regular rate of pay.

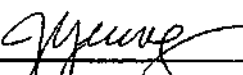

- b) The parties agree that upon implementation of this agreement, a joint meeting will be held by the Hospital and the Union on Bruyère Continuing Care premises, to present and explain the terms and conditions of this agreement to the members.
- c) Positions for a weekend schedule will be posted and filled in accordance with the Vacant Positions and Transfers article of the collective agreement.
- d) A successful applicant will be given the opportunity of fulfilling the duties of this position during a trial period of thirty (30) calendar days. If the employee fails to meet the requirements for the job during the said period or if the employee wishes to relinquish the position, s/he will be returned to her/his former position in the same unit without loss of seniority.

IMPLEMENTATION AND PRINCIPLES OF 12-HOUR SHIFTS

To build capacity, the Hospital is conducting a scheduling improvement initiative based on employee feedback and interest as well as operational needs, resulting in the parties' interest in defining the principles of 12-hour shifts (hereafter referred to as extended shifts) and extended shifts rotation schedules, including a 2 Day / 2 Night (2D/2N) rotation schedule. The parties also wish to agree on the terms of implementation of such rotation schedules (hereafter referred to as optimized rotations) on any and all units at Elizabeth Bruyere Hospital, Saint-Vincent Hospital and Elizabeth Bruyere Residence.

The optimized rotation schedules will be consistent with the provisions of the collective agreement except where herein amended.

Prior to the implementation of an optimized rotation schedule on any given unit, as part of the current scheduling improvement initiative, the parties will adhere to the terms of implementation as set out below. When implemented, the optimized rotation will be on a trial basis as agreed hereafter.

Therefore, the parties agree to the following:

1. The preamble is an integral part of the memorandum of agreement.

Implementation and trial period of optimized rotation schedules:

1. The proposed optimized rotation schedules will be shared with the Union prior to the Hospital proceeding with the steps set out in 2. and 3. below.
2. In order of seniority, each employee who occupies a permanent full-time and permanent part-time position on the affected unit will begin the opportunity to:
 - a) select a line, in order of seniority, consistent with their current FTE from the optimized rotation, or
 - b) remain status quo with respect to their current position (e.g., full-time Day/Evening)
3. The parties agree that the remaining full-time positions once 2. above has been completed will be offered to permanent part-time employees on the subject unit in order of seniority.
4. All positions remaining vacant at the end of the canvassing exercise in 2. and 3. above will be posted in accordance with article 14.01 of the collective agreement.
5. The optimized rotations will be subject to a trial period of twenty-four (24) weeks starting on the first day of implementation of said optimized rotation. At least two weeks (2) prior to the end of the trial period, each permanent full-time and permanent part-time

employee, affected by an extended shift rotation, will indicate if they wish to continue working such rotation on a permanent basis by way of a secret vote. The optimized rotation will be adopted on a permanent basis provided eighty percent (80%) or more of the affected permanent full-time and permanent part-time employees vote in favor by acknowledgement in writing (including by electronic means) of such employees.

Principles of an extended shift

The following terms and conditions shall apply to an extended shift:

1. An extended day shift starts at 0730 and ends at 1930 and an extended night shift starts at 1930 and ends at 0730.
2. As contemplated in article 10.03 b) of the collective agreement (Rest and Meal Periods), an employee who works at 11.25-hour shift is entitled to two (2) paid rest periods of fifteen (15) minutes and one (1) unpaid meal period of forty-five (45) minutes.
3. An employee in an extended shift position may, in accordance with article 10.06 of the collective agreement (Shift Exchange), exchange shifts with another employee in an extended shift position.
4. Shift premium shall be paid in accordance with articles 10.10 a) & b) of the collective agreement. For clarity, there will be no shift premium paid for the extended day shift. The night shift premium shall be paid on all hours worked of the extended night shift. Weekend premium shall be paid in accordance with article 10.10 c).
5. Notwithstanding article 10.11 (a) of the collective agreement (Overtime Pay), for the extended shift overtime pay at the rate of time and one half (1 ½) will only be applied for all work authorized in excess of eleven and one quarter (11.25) hours a day. As noted in article 10.11 (a), notwithstanding the foregoing, overtime will not be paid for additional hours worked during a twenty-four (24) hour period as a result of a shift exchange.
6. Where extended shift rotation result in uneven pay periods, the Hospital will not do manual shift levelling and this will not necessarily result in overtime payment notwithstanding the reference to 75 hours per pay period in article 10.11 (a).

Principles of a 2 Day, 2 Night ("2D/2N") rotation.

The following terms and conditions shall apply to a 2D/2N rotation schedule:

1. A 2D/2N rotation schedule should normally be created in groups of nine (9) lines/full-time positions but may be created in groups of less than nine (9) lines/full-time positions provided the schedule is not negatively impacted.
2. It is understood that if a 2D/2N rotation position becomes permanently vacant, prior to being posted, the line will be offered, in order of seniority, to a regular full-time employee on the unit in the same classification. If no such employee on the unit in question accepts such offer, the position will be posted in accordance with the collective agreement.
3. 2D/2N rotations do not necessarily result in employees being scheduled every second weekend off, notwithstanding article 10.02 b) of the collective agreement, however, employees will not be scheduled to work more than three (3) consecutive weekends. It is understood that the fourth and subsequent consecutive weekend will be renumerated at the rate of time and one half (1 ½) their regular straight time hourly rate unless such shift is worked because of an exchange of shift with another employee or is worked to satisfy specific days off requested by the employee.
4. As part of a 2D/2N rotation schedule, employees will not be scheduled to work more

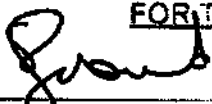

than four (4) consecutive extended shifts. It is understood that the fifth and subsequent consecutive shifts will be remunerated at the rate of time and on half (1 ½) their regular straight time hourly rate unless such shift is worked because of an exchange of shift with another employee or is worked to satisfy specific days off requested by the employee.

5. For the scheduling of annual leave, a vacation week consists of hours scheduled starting on the Sunday at 07:30 until the following Sunday at 07:29.
6. The ten (10) paid statutory holidays and the two (2) floating holidays set out in article 12.01 of the collective agreement, shall be built into the master rotation to attain the 1950 pensionable hours in any given year (i.e. paid holidays will be counted as part of the 1950 hours). The said paid holidays will consist of 7.5 paid hours. The paid holidays do not alter the days off, but instead build up and balance the employees' hours and will not be moved to accommodate an overtime shift in the same pay period.
7. In addition to the 90 paid holiday hours (12 paid statutory and floating holidays referred to in paragraph six above), an additional forty-five (45) hours consisting of four (4) extended shifts will be added to the master rotation to attain 1950 pensionable hours in any given year. These four (4) additional shifts will be divided into four (4) periods per year (3 months) and 50% will be day extended shifts. For the added night extended shifts, there shall be a period of at least 48 hours leading to the next extended day shift. Unpaid leave does not count towards additional hours. Employees who wish to utilize banked or vacation hours for these additional shifts shall be allowed to draw 11.25 hours per shift and such requests will not be unreasonably denied.
8. Employees who temporarily fill a 2D/2N rotation who do not accrue paid holidays pursuant to the article 12.01 of the collective agreement will be scheduled an additional 135 hours annually at the time of posting to attain the 1950 hours.

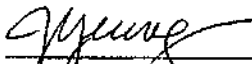

The optimized rotations may contain other types of extended shift rotation schedules based on the impacted employees preferences and on the operational needs.
