ARTICLE 1 – INTRODUCTION

1.01 Preamble

The general purpose of this Agreement is to establish and maintain Collective Bargaining relations between the Hospital and the employees covered by this Agreement; to provide for ongoing means of communication between the Union and the Hospital and the prompt disposition of grievances and the final settlement of disputes and to establish and maintain mutually satisfactory wages, hours of work and other conditions of employment in accordance with the provisions of this Agreement.

It is recognized that the employees wish to work efficiently together with the Hospital to secure the best possible care and health protection for patients.

1.02 Pronouns

Although the agreement only mentions the following pronouns, he and she, it shall also acknowledge that members may identify with other pronouns.

ARTICLE 2 – DEFINITIONS

2.01 Temporary Employee

Employees may be hired for a specific term not to exceed six (6) months, to replace an employee who will be on approved leave of absence, absence due to WSIB disability, sick leave, long term disability or to perform a special non-recurring task. This term may be extended a further six (6) months on mutual agreement of the Union, employee and Hospital or by the Hospital on its own up to twelve (12) months where the leave of the person being replaced extends that far. The period of employment of such persons will not exceed the absentee's leave. The release or discharge of such persons shall not be the subject of a grievance or arbitration.

This clause would not preclude such employees from using job posting provision under the Collective Agreement and any successful applicant who has completed his probation period will be credited with appropriate seniority.

The Hospital will outline to employees selected to fill such temporary vacancies and the Union, the circumstances giving rise to the vacancy, and the special conditions relating to such employment.

2.02 Part-time Commitment

(The following clause is applicable to part-time employees only)

The Hospital shall not refuse to accept an offer from an employee to make a written commitment to be available for work on a regular predetermined basis solely for the purpose of utilizing casual employees so as to restrict the numbers of regular part-time employees.

2.03 Regular Part-time Employee

Regular part-time employees shall be defined as those employees who regularly work in accordance with Article 14.01(b), and who make a commitment to the Hospital to be available for work on a pre-determined basis and in respect of whom there is a pre-determined schedule.

2.04 Casual Employee

A casual employee is one who is employed as a relief or on a replacement basis and is available for call-ins as circumstances demand.

2.05 Full-time Employee

A full-time employee is an employee who is regularly scheduled to work the normal full-time hours referred to in Article 14.01(a).

ARTICLE 3 – RELATIONSHIP

3.01 No Discrimination

The parties agree that there will be no discrimination or harassment within the meaning of the Ontario Human Rights Code against any employee by the Union or the Hospital by reason of race, creed, colour, age, sex, marital status, nationality, ancestry or place of origin, language, family status, handicap, sexual orientation, political affiliation or activity, or place of residence.

The Hospital and the Union further agree that there shall be no intimidation, discrimination, interference, restraint, or coercion, exercised or practiced by either of them or their representatives or members, because of an employee's membership or non-membership in the Union, because of his activity or lack of activity in the Union, or by reason of exercising a right under the terms of the Collective Agreement.

The Union shall be provided a copy of any written notice provided to an employee that he or she may be subject to termination, demotion, transfer, or other adverse impact for innocent absenteeism.

3.02 Attendance Management

Days of absence arising out of a medically-established serious chronic condition, an on-going course of treatment, a catastrophic event, absence for which WSIB benefits are payable, medically necessary surgical interventions, or days where the employee is asymptomatic and is under a doctor's care from the commencement of symptoms for a confirmed communicable disease (and has provided medical substantiation of such symptoms) but is required to be absent under the Hospital or public health authority protocol, will not be counted for the purpose of being placed on, or progressing through, the steps of an attendance management program.

Leaves covered under the *Employment Standards Act* and leaves under Article 12 will not be counted for the purposes of being placed on, or progressing through, the steps of an attendance management program.

ARTICLE 4 – STRIKES AND LOCKOUTS

The Union agrees there shall be no strikes and the Hospital agrees there shall be no lockouts so long as this Agreement continues to operate. The terms "strike" and "lockout" shall bear the meaning given them in the Ontario Labour Relations Act.

ARTICLE 5 – UNION SECURITY

5.01 T4 Slips

The Hospital will provide each employee with a T4 supplementary slip showing the dues deducted in the previous year for income tax purposes.

5.02 Notification to Union

The Hospital will provide the union with an electronic list, monthly, of all hirings, lay-offs, recalls and positions which have been vacated within the bargaining unit where such information is available or becomes readily available through the Hospital's payroll system.

5.03 Employee Interview

A new employee will have the opportunity to meet with a representative of the Union in the employ of the Hospital for a period of up to thirty (30) minutes during the employee's orientation period without loss of regular earnings.

Such meetings may be arranged collectively or individually for employees by the Hospital as part of the orientation program.

5.04 No Other Agreements

No employee shall be required or permitted to make any written or verbal agreement with the Hospital or its representative(s), which conflicts with the terms of this agreement.

No individual employee or group of employees shall undertake to represent the Union at meetings with the Hospital without proper authorization from the Union.

ARTICLE 6 – UNION REPRESENTATION AND COMMITTEES

6.01 Union Activity on Premises and/or Access to Premises

The Union agrees that neither it, nor its officers, agents, representatives and members will engage in the solicitation of members, holding of meetings or any other Union activities on Hospital premises or on Hospital time without the prior approval of the Hospital, except as specifically provided for in this Agreement. Such approval will not be unreasonably denied.

6.02 Labour/Management Committee

Where the parties mutually agree that there are matters of mutual concern and interest that would be beneficial if discussed at a Labour/Management Committee meeting during the term of this Agreement, the following shall apply:

An equal number of representatives of each party as mutually agreed shall meet at a time and place mutually satisfactory. A request for a meeting hereunder will be made in writing prior to the date proposed and accompanied by an agenda of matters proposed to be discussed, which shall not include matters that are properly the subject of grievance or negotiations for the amendment or renewal of this agreement.

Any representative(s) attending such meetings during their regularly scheduled hours of work shall not lose regular earnings as a result of such attendance.

It is agreed that the topic of a rehabilitation program for drug and alcohol abuse is an appropriate topic for the Labour/Management Committee.

It is understood that joint meetings with other Labour/Management Committees in the Hospital may be scheduled concerning issues of mutual interest if satisfactory to all concerned.

Where two or more agreements exist between a Hospital and CUPE the Committee may be a joint one representing employees under both agreements, unless otherwise agreed.

It is also agreed that the topic of utilization of full-time and part-time staff is an appropriate topic for the Labour-Management Committee. The committee shall have access to work schedules and job postings upon request.

6.03 Local Bargaining Committee

The Hospital agrees to recognize a Negotiating Committee comprised of twelve (12) Hospital employee representatives of the Union for the purpose of negotiating a renewal agreement.

The Hospital agrees to pay ten (10) members of the Negotiating Committee for straight time wages lost from their regularly scheduled working hours spent in direct negotiations for a renewal agreement, up to but not including arbitration. Nothing in this provision is intended to preclude the Union Negotiating Committee from having the assistance of any representatives of the Canadian Union of Public Employees when negotiating with the Hospital.

When direct negotiations begin or end within ten (10) hours of a negotiating team member's scheduled shift, the Hospital will endeavour to provide a one day's leave of absence without pay, to provide a sufficient rest break if the employee so requests. Such requests shall not be unreasonably denied.

Such leave shall be considered leave of absence for Union business, but shall not be deducted from the Union entitlement under Article 12.02.

6.04 Central Bargaining Committee

- (a) In central bargaining between the Canadian Union of Public Employees and the participating Hospitals, an employee serving on the Union's Central Negotiating Committee shall be paid for time lost from his normal straight time working hours at his regular rate of pay and without loss of leave credits for attending central negotiating meetings with the Hospital's Central Negotiating Committee in direct negotiation up to the point of arbitration. In addition, an employee serving on the Union's Central Negotiating Committee shall be paid for time lost from his normal straight time working hours at his regular rate of pay and without loss of leave credits for two (2) days of

preparation time for such central negotiating meetings with the Hospital's Central Negotiating Committee. Upon reference to arbitration, the Negotiating Committee members shall receive unpaid time off for the purpose of attending arbitration hearings.

It is understood and agreed that the maximum number of Union Central Negotiating Committee members entitled to payment under this provision shall be eight (8), and in no case will more than one employee from a Hospital be entitled to such payment.

The Union shall advise the Hospital's Central Negotiating Committee, before negotiations commence, of those employees to be paid under this provision. The Hospitals' Central Negotiating Committee shall advise the eight (8) Hospitals accordingly.

- (b) Vice-Presidents of the Ontario Council of Hospital Unions shall be granted leave of absence by their employers in accordance with (a) above or Article 12.02 as the case may be, in order to fulfill the duties of their position.

6.05 Union Stewards

The Hospital agrees to recognize Union Stewards to be elected or appointed by the Union from amongst employees in the bargaining unit who have completed their probationary period for the purpose of dealing with Union business as provided under this Collective Agreement.

A Chief Steward or designate may, in the absence of any Steward, assist in the presentation of any grievance, or with any Steward function.

The Union shall keep the Hospital notified in writing of the names of Union Stewards appointed or selected under this Article as well as the effective date of their respective appointments.

It is agreed that Union Stewards have their regular duties and responsibilities to perform for the Hospital and shall not leave their regular duties without first obtaining permission from their immediate supervisor. If, in the performance of his duties, a Union Steward is required to enter an area within the Hospital in which he is not originally employed, he shall report his presence to the supervisor in the area immediately upon entering it. Such permission shall not be unreasonably withheld. When resuming his regular duties and responsibilities, such Steward shall again report to his immediate supervisor. A Union Steward shall suffer no loss of earnings for time spent in performing the above duties during his regular scheduled working hours.

The number of stewards and the areas which they represent will be determined locally by the parties.

6.06 Grievance Committee

The Hospital will recognize a Grievance Committee composed of the Chief Steward or designate and not more than two (2) employees selected by the Union who have completed their probationary period. A general representative of the Union may be present at any meeting of the Committee. The purpose of the Committee is to deal with complaints or grievances as set out in this Collective Agreement.

The Union shall keep the Hospital notified in writing of the names of the members of the Grievance Committee appointed or selected under this Article as well as the effective date of their respective appointments.

A Committee member shall suffer no loss of earnings for time spent during their regular scheduled working hours in attending grievance meetings with the Hospital up to, but not including arbitration.

ARTICLE 7 – GRIEVANCE AND ARBITRATION PROCEDURE

- 7.01** For the purposes of this Agreement, a grievance is defined as a difference arising between the parties relating to the interpretation, application, administration or alleged violation of the Agreement including any questions as to whether a matter is arbitrable.
- 7.02** At the time formal discipline is imposed, or at any stage of the grievance procedure, an employee shall have the right upon request to the presence of his/her steward. In the case of suspension or discharge, the Hospital shall notify the employee of this right in advance.
- 7.03** It is the mutual desire of the parties hereto that complaints of employees shall be adjusted as quickly as possible, and it is understood that an employee has no grievance until he has first given his immediate supervisor the opportunity of adjusting his complaint. The grievor may have the assistance of a union steward if he or she so desires. Such complaint shall be discussed with his immediate supervisor within nine (9) calendar days after the circumstances giving rise to it have occurred or ought reasonably to have come to the attention of the employee and failing settlement within nine (9) calendar days, it shall then be taken up as a grievance within nine (9) calendar days following advice of his immediate supervisor's decision in the following manner and sequence.

Step No. 1

The employee may submit a written grievance signed by the employee to his Department head or designate. The grievance shall identify the nature of the grievance, the remedy sought, the name of the immediate supervisor or designate referred to above and should identify the provisions of the Agreement which are alleged to be violated. The Union

and Hospital may, if they so desire, meet to discuss the grievance at a time and place suitable to both parties. It is understood and agreed that the grievor may be present at such meeting. The employee's Department Head or designate will deliver his decision in writing within nine (9) calendar days following the day on which the grievance was submitted to the Hospital. Failing settlement or response, then:

Step No. 2

Within nine (9) calendar days following the decision in Step No. 1, the grievance may be submitted in writing to the Director, Labour Relations or designate. A meeting will then be held between the Director, Labour Relations or his designate and the Grievance Committee within nine (9) calendar days of the submission of the grievance at Step No. 2 unless extended by agreement of the parties. It is understood and agreed that a representative of the Canadian Union of Public Employees and the grievor may be present at the meeting. It is further understood that the Director, Labour Relations or his designate may have such counsel and assistance, as he may desire at such meeting. The decision of the Hospital shall be delivered in writing within ten (10) calendar days following the date of such meeting.

7.04 A complaint or grievance arising directly between the Hospital and the Union concerning the interpretation, application or alleged violation of the Agreement shall be originated at Step No. 2 within fourteen (14) calendar days following the circumstances giving rise to the complaint or grievance. It is expressly understood, however, that the provisions of this article may not be used with respect to a grievance directly affecting an employee which such employee

could himself institute and the regular grievance procedure shall not be thereby bypassed exception made of individual grievances in the matter of appointments made under the provisions of Article 9.05.

7.05 Where a number of employees have identical grievances and each employee would be entitled to grieve separately they may present a group grievance in writing identifying each employee who is grieving to the Director, Labour Relations or designate within fourteen (14) calendar days after the circumstances giving rise to the grievance have occurred or ought reasonably to have come to the attention of the employee(s). The grievance shall then be treated as being initiated at Step No. 2 and the applicable provisions of this article shall then apply with respect to the processing of such grievance.

7.06 The release or discharge of an employee during the probationary period shall not be the subject of a grievance or arbitration. A claim by an employee who has completed his probationary period that he has been unjustly discharged or suspended shall be treated as a grievance if a

written statement of such grievance is lodged by the employee with the Hospital at Step No. 2 within seven (7) calendar days after the date of the discharge or suspension is effected. Such special grievance may be settled under the Grievance or Arbitration Procedure by:

- (a) confirming the Hospital's action in dismissing the employee; or
- (b) reinstating the employee with or without full compensation for the time lost; or
- (c) by any other arrangement which may be deemed just and equitable.

Wherever the Hospital deems it necessary to suspend or discharge an employee, the Hospital shall notify the Union of such suspension or discharge in writing. The Hospital agrees that it will not suspend, discharge or otherwise discipline an employee who has completed his probationary period, without just cause.

7.07

- (a) Failing settlement under the foregoing procedure of any grievance between the parties arising from the interpretation, application, administration or alleged violation of this agreement, including any question as to whether a matter is arbitrable, such grievance may be submitted to arbitration as hereinafter provided. If no written request for arbitration is received within eighteen (18) calendar days after the decision under Step No. 2 is given, the grievance shall be deemed to have been abandoned. Where such a written request is postmarked within sixteen (16) calendar days after the decision under Step No. 2, it will be deemed to have been received within the time limits.
- (b) The parties agree that it is their intent to resolve grievances without recourse to arbitration, wherever possible. Therefore, notwithstanding (a) above, the parties may, upon mutual agreement, engage the services of a mediator in an effort to resolve the grievance and may extend the time limits for the request for arbitration. The parties will share equally the fees and expenses, if any, of the mediator.

7.08

All agreements reached under the grievance procedure between the representatives of the Hospital and the representatives of the Union will be final and binding upon the Hospital and the Union and the employees.

7.09

When either party requests that any matter be submitted to arbitration as provided in the foregoing article, it shall make such request in writing addressed to the other party to this agreement, and at the same time name a nominee. Within seven (7) calendar days thereafter the other party shall name a nominee, provided, however, that if such party fails to name a nominee as herein required, the Minister of Labour for the

Province of Ontario shall have power to effect such appointment upon application thereto by the party invoking arbitration procedure. The two nominees shall attempt to select by agreement a chairman of the Arbitration Board. If they are unable to agree upon such a chairman within a period of fourteen (14) calendar days, they shall then request the Minister of Labour for the Province of Ontario to appoint a chairman.

- 7.10** No person may be appointed as an arbitrator who has been involved in an attempt to negotiate or settle the grievance.
- 7.11** No matter may be submitted to Arbitration, which has not been properly carried through all requisite steps of the Grievance Procedure.
- 7.12** The Arbitration Board shall not be authorized to make any decision inconsistent with the provisions of this Agreement, nor to alter, modify, add to or amend any part of this Agreement.
- 7.13** The proceedings of the Arbitration Board will be expedited by the parties hereto and the decision of the majority and, where there is no majority the decision of the chairman will be final and binding upon the parties hereto and the employee or employees concerned.
- 7.14** Each of the parties hereto will bear the expense of the nominee appointed by it and the parties will share equally the fees and expenses, if any of the chairman of the Arbitration Board.
- 7.15** The time limits set out in the Grievance and Arbitration procedures herein are mandatory and failure to comply strictly with such time limits except by the written agreement of the parties, shall result in the grievance being deemed to have been abandoned subject only to the provisions of Section 48 (16) of the Labour Relations Act.
- 7.16** Whenever Arbitration Board is referred to in this Agreement, the parties may mutually agree in writing to substitute a single arbitrator for the Arbitration Board at the time of reference to arbitration and the other provisions referring to Arbitration Board shall appropriately apply.

ARTICLE 8 – ACCESS TO FILES

8.01 Access to Personnel File

Each employee shall have reasonable access to his/her personnel file for the purpose of reviewing any evaluations or formal disciplinary notations contained therein, in the presence of the Director of Personnel or designate. An employee has the right to request copies of any evaluations or formal disciplinary notations in this file.

8.02 Clearing of Record

Any letter of reprimand, suspension or any other sanction will be removed from the record of an employee eighteen (18) months following the receipt of such letter, suspension or other sanction provided that such employee's record has been discipline free for one year. All leaves of absence in excess of ten (10) calendar days will not count toward either of the above periods.

ARTICLE 9 – SENIORITY

9.01 Probationary Period

A new employee will be considered on probation until he has completed sixty (60) days of work from date of last hire (or 450 hours of work for employees whose regular hours of work are other than the standard work day), within any twelve (12) calendar months. Upon completion of the probationary period, he shall be credited with seniority equal to sixty (60) working days.

With the written consent of the Hospital, the probationary employee and the President of the Local Union or designate, such probationary period may be extended. Any extensions agreed to will be in writing and will specify the length of the extension. The release or discharge of an employee during the probationary period shall not be the subject of a grievance or arbitration unless the probationary employee is released for reasons which are arbitrary, discriminatory, in bad faith, or for exercising a right under this Agreement.

9.02 Definition of Seniority and Service

Full-time employees will accumulate seniority on the basis of their continuous service in the bargaining unit from the last date of hire, except as otherwise provided herein.

Part-time employees, including casual employees, will accumulate seniority on the basis of one (1) year's seniority for each 1725 hours worked in the bargaining unit as of the last date of hire, except as otherwise provided herein.

Seniority will operate on a bargaining unit wide basis.

Notwithstanding the above, an employee cannot accrue more than one year's seniority in a calendar year.

9.03 Loss of Seniority and Service

An employee shall lose all seniority and service and shall be deemed to

have terminated if he:

- (a) resigns;
- (b) is discharged and not reinstated through the grievance/arbitration procedure;
- (c) is retired;
- (d) is absent from scheduled work for a period of three (3) or more consecutive working days without notifying the Hospital of such absence and providing to the Hospital a satisfactory reason;
- (e) has been laid off for forty-eight (48) months;
- (f) if the employee has been laid off and fails to return to work within seven (7) calendar days after that employee has been notified by the Hospital through registered mail addressed to the last address on the records of the Hospital, subject to any special provisions regarding temporary vacancies noted under the heading of Layoff and Recall.

9.04 Effect of Absence

((a), (b) and (c) of the following clause are applicable to full-time employees only)

Unless otherwise provided in the Collective Agreement:

- (a) It is understood that during an approved unpaid absence not exceeding thirty (30) continuous days or any approved absence paid by the Hospital, both seniority and service will accrue.
- (b) During an unpaid absence exceeding thirty (30) continuous calendar days, credit for service for purposes of salary increment, vacation, sick leave, or any other benefits under any provisions of the Collective Agreement or elsewhere, shall be suspended for the period of the absence in excess of thirty (30) continuous calendar days, the benefits concerned appropriately reduced on a pro rated basis and the employee's anniversary date adjusted accordingly. In addition, the employee will become responsible for full payment of any subsidized employee benefits in which he/she is participating for the period of absence, except that the Hospital will continue to pay its share of the premiums up to thirty (30) months while an employee is in receipt of WSIB benefits or LTD benefits. Such payment shall also continue while an employee is on sick leave (including the Employment Insurance Period) to a maximum of thirty (30) months from the time the absence commenced.

Notwithstanding this provision, service shall accrue for a period of fifteen (15) weeks if an employee's absence is due to a disability resulting in WSIB benefits or LTD benefits.

- (c) It is further understood that during such unpaid absence, credit for seniority for purposes of promotion, demotion, transfer or layoff shall be suspended and not accrue during the period of absence. Notwithstanding this provision, seniority shall accrue for the duration of the absence, if an employee's absence is due to a disability resulting in WSIB benefits or LTD benefits or while an employee is on paid or unpaid sick leave (including the Employment Insurance Period).
- (d) Part-time employees shall accrue seniority for the duration of the absence, if an employee's absence is due to a disability resulting in WSIB benefits*, or a disability in accordance with the Human Rights Code.

Part-time employees shall accrue service for a period of fifteen (15) weeks if absent due to a disability resulting in WSIB benefits, on the basis of what the employee's normal regular hours of work would have been.

9.05 Job Posting

Where a permanent vacancy occurs in a classification within the bargaining unit or a new position within the bargaining unit is established by the Hospital, such vacancy shall be posted for a period of seven (7) consecutive calendar days. Applications for such vacancy shall be made in writing within the seven (7) day period referred to herein. Where the end of the seven (7) days falls on a weekend, or a holiday (as defined in Article L.18.1), the posting will close on the first business day following.

The postings shall stipulate the job title, department, campus, status, FTE value, number of vacancies, shift rotation where applicable, classification, rate of pay, normal requirements of the position, work location where applicable as determined by the Employer (unit, work area, sector), and normal hours of work. A copy of the job description for the position shall be made available for review by an interested applicant by the Human Resources Department upon request. A copy of all job postings shall be emailed to the local Union office the day prior to the initial posting of the position. It is understood that the hours of work on the job posting is for information purposes only.

The Hospital agrees that it shall post permanent vacant positions within thirty (30) calendar days of the position becoming vacant, unless the Hospital provides the Union notice under Article 9.08 of its intention to eliminate the position.

In matters of promotion and staff transfer appointment shall be made of the senior applicant able to meet the normal requirements of the job. Successful employees need not be considered for other vacancies within a six (6) month period unless an opportunity arises which allows the employee to change his or her permanent status.

The name of the successful applicant will be posted on the bulletin boards for a period of seven (7) calendar days.

Where there are no successful applicants from within this bargaining unit for vacant positions referred to in this Article, employees in other CUPE bargaining units at the Hospital will be selected in accordance with the criteria for selection above, prior to considering persons who are not member of CUPE bargaining units at the Hospital. The employees eligible for consideration shall be limited to those employees who have applied for the position in accordance with this Article, and selection shall be made in accordance with this Article.

The successful applicant shall be allowed a trial period of up to thirty (30) days, during which the Hospital will determine if the employee can satisfactorily perform the job. Within this period the employee may voluntarily return, or be returned by the Hospital to the position formerly occupied, without loss of seniority. The vacancy resulting from the posting may be filled on a temporary basis until the trial period is completed.

A list of vacancies filled in the preceding month under this Article and the names of the successful applicants will be posted, with a copy provided to the Union.

9.06 Transfer and Seniority Outside the Bargaining Unit

- (a) It is understood that an employee shall not be transferred by the Hospital to a position outside the bargaining unit without his consent except in the case of temporary assignments not exceeding six (6) months. This period may be extended a further six (6) months upon the agreement of the employee and the Hospital. Such employees on temporary assignments shall remain members of the bargaining unit.
- (b) An employee who is transferred to a position outside the bargaining unit shall not, subject to (c) below, accumulate seniority. In the event the employee is returned by the Hospital to a position in the bargaining unit within twenty-four (24) months of the transfer he or she shall be credited with the seniority held at the time of transfer and resume accumulation from the date of his or her return to the bargaining unit. An employee not returned to the bargaining unit within twenty-four (24) months shall forfeit bargaining unit seniority.
- (c) In the event an employee transferred out of the bargaining unit under (a) or (b) above is returned to the bargaining unit within a period of twelve (12) calendar months he shall accumulate seniority during the period of time outside the bargaining unit.

9.07 Transfer of Seniority and Service

For application of seniority for purposes of promotion, demotion, transfer, layoff and recall and service (including meeting any waiting period or other entitlement requirements) for purposes of vacation entitlement, HOODIP or equivalent, health and welfare benefit plans, and wage progression:

- (i) An employee whose status is changed from full-time to part-time shall receive full credit for his seniority and service;
- (ii) An employee whose status is changed from part-time to full-time shall receive credit for his seniority and service on the basis of one (1) year for each 1725 hours worked.

The above-noted employee shall be allowed a trial period of up to thirty (30) days, during which the Hospital will determine if the employee can satisfactorily perform the job. Within this period the employee may voluntarily return, or be returned without loss of seniority to his former duties on the same shift in the same department and at the appropriate rate of pay, subject to any changes which would have occurred had he not transferred.

The amendment to this provision will be effective for any transfer that occurs 90 days after the settlement or award of this renewal Collective Agreement.

(iii) Portability of Service

An employee hired by the Hospital with recent and related experience may claim consideration for such experience at the time of hiring on a form to be supplied by the Hospital. Any such claim shall be accompanied by verification of previous related experience. The Hospital shall then evaluate such experience during the probationary period following hiring.

Where in the opinion of the Hospital such experience is determined to be relevant, the employee shall be slotted in that step of the wage progression consistent with one (1) year's service for every one (1) year of related experience in the classification upon completion of the employee's probationary period. It is understood and agreed that the foregoing shall not constitute a violation of the wage schedule under the Collective Agreement.

(iv) Transformation in Health Care

Seniority Recognition

Without prejudice to the Union's or Hospitals' rights under the

Collective Agreement or the Labour Relations Act and/or the Public Sector Labour Relations Transition Act, the parties agree that non-unionized employees who are affected (via relocation/transfer*) shall, when entering the bargaining unit, be afforded seniority and service in accordance with the anniversary of their date of hire (or hours worked) from their original Hospital. Such anniversary date shall be calculated in accordance with the relevant provisions of the relevant Collective Agreement.

Right to Return on Transfer

Employees who are relocated/transferred* to another employer by the Hospital will retain their seniority and service at their original hospital for a 48 month period.

Without prejudice to the Union's or Hospital's rights under the Collective Agreement or the Labour Relations Act and/or the Public Sector Labour Relations Transition Act, employees relocated/transferred* shall have the right to post for vacancies that arise, prior to or subsequent to the relocation/transfer*, at their originating Hospital for that 48 month period.

If they are the successful applicant, they will return to the employ of the Hospital with seniority accrued, and service intact but not accrued, for the period that the employee was relocated/transferred* to another employer.

*Pursuant to a "Sale of Business" under Section 69 of the Labour Relations Act, or to a transfer pursuant to the Public Sector Labour Relations Transition Act.

9.08 Notice and Redeployment Committee

(a) Notice

In the event of a proposed layoff at the Hospital of a permanent or long-term nature or the elimination of a position within the bargaining unit, the Hospital shall:

- (i) provide the Union with no less than five (5) months' written notice of the proposed layoff or elimination of position; and
- (ii) provide to the affected employee(s), if any, who will be laid off with no less than five (5) months' written notice of layoff, or pay in lieu thereof.

Note: Where a proposed layoff results in the subsequent displacement of any member(s) of the bargaining unit, the original notice to the Union provided in (i) above shall be considered notice to the Union of any

subsequent layoff.

- (b) A layoff shall not include a reassignment of an employee from her or his classification or area of assignment who would otherwise be entitled to notice of layoff provided:
- (i) reassignments will occur in reverse order of seniority;
 - (ii) the reassignment of the employee is to an appropriate permanent position with the Employer having regard to the employee skills, abilities, qualifications and training or training requirements;
 - (iii) the reassignment of the employee does not result in a reduction of the employee's wage rate or hours of work;
 - (iv) the job to which the employee is reassigned is located at the employee's original work site or at a nearby site in terms of relative accessibility for the employee;
 - (v) the job to which the employee is reassigned is on the same or substantially similar shift or shift rotation; and
 - (vi) where more than one employee is to be reassigned in accordance with this provision, the reassigned employees shall be entitled to select from the available appropriate vacancies to which they are being reassigned in order of seniority provided no such selection causes or would cause a layoff or bumping.

The Hospital bears the onus of demonstrating that the foregoing conditions have been met in the event of a dispute. The Hospital shall also reasonably accommodate any reassigned employee who may experience a personal hardship arising from being reassigned in accordance with this provision.

- (c) Any vacancy to which an employee is reassigned pursuant to paragraph (b) need not be posted.

(d) **Retirement Allowance**

Prior to issuing notice of layoff pursuant to Article 9.08(a)(ii) in any classification(s), the Hospital will offer early-retirement allowance to a sufficient number of employees eligible for early retirement under HOOPP within the classification(s) in order of seniority, to the extent that the maximum number of employees within a classification who elect early retirement is equivalent to the number of employees within the classification(s) who would otherwise receive notice of layoff under Article 9.08(a)(ii).

The Hospital need not approve an employee's request for an early retirement allowance if approving such allowance will not reduce the number of layoff notices which would otherwise be made under article 9.08(a)(ii).

Employees who elect early retirement will have the option of selecting either option A or B.

Option A

- (a)** An employee who elects an enhanced early retirement allowance shall receive, following completion of the last day of work, a retirement allowance of three (3) weeks' salary for each year of employment plus a prorated amount for any additional partial year of employment, to a maximum of fifty two (52) weeks salary or fifty per cent of earnings to age 65, whichever is less. The option of salary continuance will be made available to those employees who indicate this preference.
- (b)** Where the employee who elects an enhanced early retirement allowance in accordance with this provision is part-time, their retirement allowance will be based upon their regular average weekly salary, exclusive of any premium payments, calculated over the twelve (12) month period immediately preceding their last day of work, except that any periods of long term illness/injury or pregnancy/parental leave within that year shall not be considered, and the calculation shall be adjusted accordingly.
- (c)** A full-time employee who elects an enhanced early retirement allowance will be given the choice of:

 - (i) Receiving an amount of one hundred and twenty-five dollars (\$125.00) per month in lieu of benefits referred to in (ii) below for a period equivalent to one month for each year of employment to a maximum of twelve (12) months or age sixty-five (65), whichever is less, or
 - (ii) Remaining in the semi-private, extended health and dental benefit plans for the length of the severance or to age 65 whichever is less, provided the employee pays to the Hospital any difference between the full premium payment and one hundred and twenty-five dollars (\$125.00)
- (d)** A regular part-time employee who elects an enhanced early retirement allowance will be given the choice of:

 - (i) Receiving an amount of eighty dollars (\$80.00) per month in lieu of benefits, referred to in (ii) below for a period equivalent to one month for each year of employment to a maximum of twelve (12) months or until age sixty five (65) whichever is less, or

- (ii) Remaining in the semi-private, extended health and dental benefit plans for the length of the severance or to age 65 whichever is less, provided the employee pays to the Hospital any difference between the full premium and eighty dollars (\$80.00).

Option B

An employee who elects an early retirement option shall receive, following completion of the last day of work, a retirement allowance of two (2) weeks' salary for each year of service, plus a prorated amount for any additional partial year of service, to a maximum ceiling of twenty-six (26) weeks' salary, and, in addition, full-time employees shall receive a single lump-sum payment equivalent to \$1,000 for each year less than age 65 to a maximum of \$5,000 upon retirement.

An employee who elects an early retirement option shall continue to be covered by insurance benefits in accordance with Article 18.01(e).

(a) Voluntary Exit Option

If after making offers of early retirement, individual layoff notices are still required, prior to issuing those notices the Hospital will offer a voluntary early exit option in accordance with the following conditions:

- (i) The Hospital will first make offers in the classifications within department(s) where layoffs would otherwise occur. If more employees than are required are interested, the Hospital will make its decision based on seniority.
- (ii) If insufficient employees in the department affected accept the offer, the Hospital will then extend the offer to employees in the same classification in other departments. If more employees than are required are interested, the Hospital will make its decision based on seniority.
- (iii) In no case will the Hospital approve an employee's request under (i) and (ii) above for a voluntary early exit option, if the employees remaining are not qualified to perform the available work.
- (iv) The number of voluntary early exit options the Hospital approves will not exceed the number of employees in that classification who would otherwise be laid off. The last day of employment for an employee who accepts a voluntary early exit option will be at the Hospital's discretion and will be no earlier than thirty (30) calendar days immediately following the employee's written acceptance of the offer.

The Hospital need not approve an employee's request for a voluntary early exit option if approving such option will not reduce the number of layoff notices which would otherwise be made under article 9.08(a)(ii).

An employee who elects a voluntary early exit option shall receive, following completion of the last day of work, a separation allowance of two (2) weeks' salary for each year of service, to a maximum of fifty-two (52) weeks' pay.

(b) Redeployment Committee

At each Hospital a Redeployment Committee will be established not later than two (2) weeks after the notice referred to in 9.08 and will meet thereafter as frequently as is necessary.

(i) Committee Mandate

The mandate of the Redeployment Committee is to:

- (1) Identify and propose possible alternatives to the proposed layoff(s) or elimination of position(s), including, but not limited to, identifying work which would otherwise be bargaining unit work and is currently work contracted-out by the Hospital which could be performed by bargaining unit employees who are or would otherwise be laid off;
- (2) Identify vacant positions in the Hospital or positions which are currently filled but which will become vacant within a twelve (12) month period and which are either:
 - (a) within the bargaining unit; or
 - (b) within another CUPE bargaining unit; or
 - (c) not covered by a Collective Agreement.
- (3) Identify the retraining needs of workers and facilitate such training for workers who are, or would otherwise be, laid off.
- (4) Subject to Article 9.11, the Hospital will award vacant positions to employees who are, or would otherwise be laid off, in order of seniority if, with the benefit of up to six (6) months' retraining, an employee has become able to meet the normal requirements of the job.

- (5) Any dispute relating to the foregoing provisions may be filed as a grievance commencing at Step 2.
- (6) Assist one or more employees to select from the available appropriate vacancies pursuant to Article 9.08(b)(v).

(ii) Committee Composition

The Redeployment Committee shall be comprised of equal numbers of representatives of the Hospital and of the Union. The number of representatives will be determined locally. Where for the purposes of HTAP (The Ontario Hospital Training and Adjustment Panel) there is another hospital-wide staffing and redeployment committee created or in existence, Union members of the Redeployment Committee shall serve on any such hospital-wide staffing committee established with the same or similar terms of reference, and the number of Union members on such committee will be proportionate to the number of its bargaining unit members at the particular Hospital in relation to other staff groups.

Meetings of the Redeployment Committee shall be held during normal working hours. Time spent attending such meetings shall be deemed to be work time for which the representative(s) shall be paid by the Hospital at his or her regular or premium rate as may be applicable.

Each party shall appoint a co-chair for the Redeployment Committee. Co- chairs shall chair alternative meetings of the Committee and will be jointly responsible for establishing the agenda of the Committee meetings, preparing minutes and writing such correspondence as the Committee may direct.

(iii) Disclosure

The Hospital shall provide to the Redeployment Committee all pertinent staffing and financial information.

(iv) Alternatives

The Redeployment Committee, or where there is no consensus, the committee members shall propose alternatives to cutbacks in staffing to the Hospital's Chief Executive Officer and to the Board of Directors.

At the time of submitting any plan concerning rationalization of services and involving the elimination of any position(s) or any layoff(s) to the District Health Council or to the Ministry of Health, the Hospital shall provide a copy, together with accompanying documentation, to the Union.

9.09 Layoff and Recall

An employee in receipt of notice of layoff pursuant to 9.08(a)(ii) may:

- (a) accept the layoff; or
- (b) opt to receive a separation allowance as outlined in Article 9.12; or

- (d) displace another employee who has lesser bargaining unit seniority in the same or a lower or an identical-paying classification in the bargaining unit if the employee originally subject to layoff has the ability to meet the normal requirements of the job. An employee so displaced shall be deemed to have been laid off and shall be entitled to notice in accordance with Article 9.08.

An employee who chooses to exercise the right to displace another employee with lesser seniority shall advise the Hospital of his or her intention to do so and the position claimed within seven (7) days after receiving the notice of layoff.

Note: For purposes of the operation of clause (d), an identical-paying classification shall include any classification where the straight-time hourly wage rate at the level of service corresponding to that of the laid off employees is within 1% of the laid off employee's straight time hourly wage rate.

- (e) In the event that there are no employees with lesser seniority in the same or a lower or identical-paying classification, as defined in this Article, a laid-off employee shall have the right to displace another employee with lesser seniority in a higher-paying classification provided they are able to meet the normal requirements of the job, with orientation but without additional training.

In addition, a full-time employee shall also be entitled to displace another full-time employee with lesser seniority in a higher-paying classification provided that they are able to meet the normal requirements of the job, with orientation but without additional training, when there are no other full-time employees in the same or a lower or similar-paying classification with lesser seniority, prior to being required to displace a part-time employee.

An employee who is subject to layoff other than a layoff of a permanent or long-term nature including a full-time employee whose hours of work are, subject to Article 14.01, reduced, shall have the right to accept the layoff or displace another employee in accordance with (a) and (d) above.

The Hospital agrees to post vacancies during the recall period, as per the job posting procedure, allowing employees on recall to participate in the posting procedure. Should the position not be filled via the job posting procedure, an employee shall have opportunity of recall from a layoff to an available opening, in order of seniority, provided he or she has the ability to perform the work.

In determining the ability of an employee to perform the work for the purposes of the paragraphs above, the Hospital shall not act in an arbitrary or unfair manner.

An employee recalled to work in a different classification from which he or she was laid off shall have the privilege of returning to the position held prior to the layoff should it become vacant within six (6) months of being recalled.

No new employees shall be hired until all those laid off have been given an opportunity to return to work and have failed to do so, in accordance with the loss of seniority provision, or have been found unable to perform the work available.

The Hospital shall notify the employee of recall opportunity by registered mail, addressed to the last address on record with the Hospital (which notification shall be deemed to be received on the second day following the day of mailing). The notification shall state the job to which the employee is eligible to be recalled and the date and time at which the employee shall report for work. The employee is solely responsible for his or her proper address being on record with the Hospital.

Employees on layoff shall be given preference for temporary vacancies which are expected to exceed ten (10) working days. An employee who has been recalled to such temporary vacancy shall not be required to accept such recall and may instead remain on layoff.

No full-time employee within the bargaining unit shall be laid off by reason of his/her duties being assigned to one or more part-time employees.

In the event of a layoff of an employee, the Hospital shall pay its share of insured benefits premiums for the duration of the five-month period provided for in Article 9.08.

9.10 Benefits on Layoff

In the event of a layoff of a full-time employee, the Hospital shall pay its share of insured benefit premiums up to three (3) months from the end of the month in which the layoff occurs or until the laid off employee is employed elsewhere, whichever occurs first.

9.11 Retraining

(a) Retraining for Positions within the Hospital

Where, with the benefit of retraining of up to six months, an employee who has either accepted the layoff or who is unable to displace any other employee could be redeployed to a Hospital position identified by the Redeployment Committee in accordance with Article 9.08 (f):

- (i) Opportunities to fill vacant positions identified by the Hospital Redeployment Committee through retraining shall be offered to employees who apply and would qualify for the position with the available retraining in order of their seniority until the list of such opportunities is exhausted. Opportunities to fill vacancies outside of CUPE bargaining units may be offered by the Hospital in its discretion.
- (ii) The Hospital and the Union will cooperate so that employees who have received notice of permanent layoff and been approved for retraining in order to prevent a layoff will have their work schedules adjusted in order to enable them to participate in the retraining, and scheduling and seniority requirements may by mutual agreement be waived. The Redeployment Committee will seek the availability of any federal or provincial retraining program funds to cover the cost of tuition, books and any travel as well as any wages eligible under the terms of such program.
- (iii) Apart from any on-the-job training offered by the Hospital, any employee subject to layoff who may require a leave of absence to undertake retraining in accordance with the foregoing shall be granted an unpaid leave of absence which shall not exceed six (6) months.

(c) Regional Redeployment Committee

A joint committee of the participating Hospitals and local Unions identified in Appendix "A" shall meet prior to June 30, 1993, and will establish Regional Redeployment Committees to identify employment opportunities and to facilitate and arrange for the redeployment of laid off employees.

Each Hospital will provide such Regional Redeployment Committee with the name, address, telephone number, and years of service and seniority of all employees who have been laid off.

In filling vacancies not filled by bargaining unit members, the Hospitals will be encouraged to give first consideration to laid off employees who are on the list and who are qualified to perform the work. For benefit-entitlement purposes, it is recognized that Hospitals shall be free to grant to any employees hired through this process full credit for service earned with another Hospital.

9.12 Separation Allowances

The Hospital agrees to discuss with the Union the effect of such technological changes on the employment status of employees and to consider practical ways and means of minimizing the adverse effect, if any, upon employees concerned.

Where new or greater skills are required that are already possessed by affected employees under the present methods of operation, such employees shall be given a period of training, with due consideration being given to the employee's age and previous educational background, during which they may perfect or acquire the skills necessitated by the new method of operation. The Employer will assume the cost of tuition and travel. There shall be no reduction in wage or salary rates during the training period of any such employee. Training shall be given during the hours of work whenever possible and may extend for up to six (6) months.

Employees with one or more years of continuous service who are subject to layoff under conditions referred to above, will be given notice of the impending change in employment status at the earliest reasonable time in keeping with the notification to the Union as above set forth and the requirements of the applicable law.

Any employee who notifies the Hospital as soon as possible following a bereavement will be granted bereavement leave for five (5) consecutive working days off without loss of regular pay from regularly scheduled hours, in conjunction with the death of the spouse, child or parent. Any employee who notifies the Hospital as soon as possible following a bereavement will be granted bereavement leave for three (3) consecutive working days off without loss of regular pay from regularly scheduled hours, in conjunction with the death of sister, brother, mother-in-law, father-in-law, son-in-law, daughter-in-law, grandparent, grandchild, brother-in-law, sister-in-law or grandparent of spouse. An employee shall be granted one (1) day bereavement leave without loss of regular pay from regularly scheduled hours to attend the funeral of his or her aunt or uncle or niece or nephew.

An employee may reserve one (1) or all of the days specified above for future use, to attend the funeral or memorial service (or equivalent in order to accommodate religious and cultural diversity) of the deceased, if that service or memorial service is scheduled for a later date.

The Hospital, in its discretion, may extend such leave with or without pay. Where an employee does not qualify under the above noted conditions, the Hospital may, nonetheless, grant a paid bereavement leave. For the purpose of bereavement leave the relationships specified in the preceding clause are deemed to include a common-law spouse and a partner of the same sex.

12.05 Jury and Witness Duty

(a) (The following clause is applicable to full-time employees only)

If an employee is required to attend jury selection or serve as a juror in any court of law, or is required to attend as a witness in a court proceeding in which the Crown is a party, or is required by subpoena to attend a court of law or coroner's inquest in connection with a case arising from the employee's duties at the Hospital, the employee shall not lose regular pay because of such attendance provided that the employee:

- (a) notifies the Hospital immediately on the employee's notification that he will be required to attend at court;
- (b) presents proof of service requiring the employee's attendance;

- (c) deposits with the Hospital the full amount of compensation received excluding mileage, travelling and meal allowances and an official receipt thereof.

Where a full-time employee is selected for jury duty, for a period in excess of one (1) week, the employee shall be paid for all hours scheduled and not be expected to attend at work. Upon completion of the process the employee shall be returned to that point on their former schedule that is considered appropriate by the Hospital. It is understood and agreed that the local parties may agree to different scheduling arrangements for the first week of jury and witness duty.

In addition to the foregoing, where a full-time employee is required by subpoena to attend a court of law or coroner's inquest in connection with a case arising from the employee's duties at the Hospital on his regularly scheduled day off, the Hospital will attempt to reschedule the employee's regular day off. Where the employee's attendance is required during a different shift than he is scheduled to work that day, the Hospital will attempt to reschedule the shift to include the time spent at such hearing. It is understood that any rescheduling shall not result in the payment of any premium pay.

Where the Hospital is unable to reschedule the employee and, as a result, he is required to attend during other than his regularly scheduled paid hours, he shall be paid for all hours actually spent at such hearing at his straight time hourly rate subject to (a), (b) and (c) above.

- (b) (The following clause is applicable to part-time employees only)

If an employee is required to attend jury selection or serve as a juror in any court of law, or is required to attend as a witness in a court proceeding in which the Crown is a party, or is required by subpoena to attend a court of law or coroner's inquest in connection with a case arising from the employee's duties at the Hospital, the employee shall not lose regular pay because of such attendance provided that the employee:

- (a) notifies the Hospital immediately on the employee's notification that he will be required to attend at court;
- (b) presents proof of service requiring the employee's attendance;
- (c) deposits with the Hospital the full amount of compensation received excluding mileage, travelling and meal allowances and an official receipt thereof.

Where a part-time employee is selected for jury duty, for a period in excess of one (1) week, the employee shall be paid for all hours scheduled and not be expected to attend at work. Upon completion of the process the employee shall be returned to that point on their former

schedule that is considered appropriate by the Hospital. It is understood and agreed that the local parties may agree to different scheduling arrangements for the first week of jury and witness duty.

In addition to the foregoing, where a part-time employee is required by subpoena to attend court of law or coroner's inquest in connection with a case arising from the employee's duties at the Hospital on his regularly scheduled day off, he shall be paid for all hours actually spent at such hearings at his regular straight time hourly rate subject to (a), (b), and (c) above.

The supplement shall be equivalent to the difference between ninety-three per cent (93%) of her normal weekly earnings and the sum of her weekly unemployment insurance benefits and any other earnings. Receipt by the Hospital of the employee's employment insurance cheque stubs shall constitute proof that she is in receipt of Unemployment Insurance pregnancy benefits.

The employee's normal weekly earnings shall be determined by multiplying her regular hourly rate on her last day worked prior to the commencement of the leave times her normal weekly hours plus any wage increase or salary increment that she would be entitled to receive if she were not on pregnancy leave.

In addition to the foregoing, the Hospital will pay the employee ninety-three per cent (93%) of her normal weekly earnings during the first two (2) week period of the leave while waiting to receive Employment Insurance Benefits.

The employee does not have any vested right except to receive payments for the covered unemployment period. The plan provides that payment in respect of guaranteed annual remuneration or in respect of deferred remuneration or severance pay benefits are not reduced or increased by payments received under the plan.

- (e) Credits for service and seniority shall accumulate for a period of up to seventeen (17) weeks while an employee is on pregnancy leave. For part-time employees credits for service and seniority shall accumulate for a period of up to seventeen (17) weeks while an employee is on pregnancy leave on the basis of what the employee's normal regular hours of work would have been.
- (f) The Hospital will continue to pay its share of the contributions of the subsidized employee benefits, including pension, in which the employee is participating for a period of up to seventeen (17) weeks while the employee is on pregnancy leave. In cases where the employee receives a percentage in lieu of benefits, the Hospital will continue to pay the percentage in lieu of benefits and its share of pension contributions during the period of pregnancy leave. The Hospital will register those benefits as part of the Supplementary Employment Benefit Plan with the Canada Employment Insurance Commission.
- (g) Subject to any changes to the employee's status which would have occurred had she not been on pregnancy leave, the employee shall be reinstated to her former duties, on the same shift in the same department, and at the same rate of pay.

12.07 Parental Leave

- (a) Parental leave will be granted in accordance with the provisions of the Employment Standards Act, except where amended in this provision. The service requirement for eligibility for parental leave shall be thirteen (13) weeks of continuous service.

- (c) For the purpose of this article, parent shall be defined to include a person with whom a child is placed for adoption and a person who is in a relationship of some permanence with a parent of a child and who intends to treat the child as his or her own.

- (d) An employee who is an adoptive parent shall advise the Hospital as far in advance as possible of having qualified to adopt a child, and shall request the leave of absence, in writing, upon receipt of confirmation of the pending adoption. If, because of late receipt of confirmation of the pending adoption, the employee finds it impossible to request the leave of absence in writing, the request may be made verbally and subsequently verified in writing.

An employee who is an adoptive parent may extend the parental leave for such greater time as may be required by the adoption agency concerned to a maximum total of six (6) months.

The employee shall reconfirm his or her intention to return to work on the date originally approved in subsection (b) above by written notification received by the Hospital at least two (2) weeks in advance thereof.

That benefit shall be equivalent to the difference between ninety-three per cent (93%) of the employee's normal weekly earnings and the sum of his or her weekly Employment Insurance benefits and any other earnings, calculated based on what EI would provide the employee if the employee opted to take a total of thirty-five (35) weeks (for birth mothers who also took pregnancy leave), or thirty-seven (37) weeks (for parents who did not take pregnancy leave), or less, notwithstanding the option to take a greater length of leave. Receipt by the Hospital of the employee's employment insurance cheque stub will serve as proof that the employee is in receipt of unemployment parental benefits.

Where an employee elects to receive parental leave benefits pursuant to Section 12(3)(b)(ii) of the *Employment Insurance Act*, the amount of any Supplemental Unemployment Benefit payable by the Hospital will be equal to what would have been payable had the employee elected to receive parental leave benefits pursuant to Section 12(3)(b)(i) of the *Employment Insurance Act*.

The employee's normal weekly earnings shall be determined by multiplying the employee's regular hourly rate on his or her last day worked prior to the commencement of the leave times the employee's normal weekly hours, plus any wage increase or salary increment that the employee would be entitled to if he or she were not on parental leave.

In addition to the foregoing, the Hospital shall pay the employee ninety-three per cent (93%) of his or her normal weekly earnings during the first one (1) week period of the leave while waiting to receive Employment Insurance Benefits.

The employee does not have any vested right except to receive payments for the covered unemployment period. The plan provides that payment in respect of guaranteed annual remuneration or in respect of deferred remuneration or severance pay benefits are not reduced or increased by payments received under the plan.

- (f) Credits for service and seniority shall accumulate for a period of up to sixty-one (61) weeks after the parental leave began, if the employee also took pregnancy leave, and sixty-three (63) weeks after the parental leave began otherwise, while the employee is on parental leave. For part-time employees credits for service and seniority shall be calculated on the basis of what the employee's normal regular hours of work would have been.
- (g) The Hospital will continue to pay its share of the premiums of the subsidized employee benefits, including pension, in which the employee is participating for period of up to sixty-one (61) weeks after the parental leave began, if the employee also took pregnancy leave, and sixty-three (63) weeks after the parental leave began otherwise, while the employee is on parental leave. In cases where the employee receives a percentage in lieu of benefits, the Hospital will continue to pay the percentage in lieu of benefits and its share of the pension contribution for a period of up to eleven (11) weeks while the employee is on parental leave. The Hospital will register these benefits with the Unemployment Benefit Plan.
- (h) Subject to any changes to the employee's status which would have occurred had the employee not been on parental leave, the employee shall be reinstated to her former duties, on the same shift in the same department, and at the same rate of pay.

12.08 Education Leave

If required by the Hospital, an employee shall be entitled to leave of absence with pay and with full credit for service and seniority and benefits to take courses and to write examinations to upgrade his or her employment qualifications. Where employees are required by the Hospital to take courses to upgrade or acquire new employment qualifications, the Hospital shall pay the full costs associated with the courses.

Subject to operational requirements, the Hospital will make every reasonable effort to grant requests for necessary changes to an employee's schedule to enable attendance at a recognized up-grading course or seminar related to employment with the Hospital.

If the Hospital is unable to find a suitable replacement, it may postpone the leave. The Hospital will give the employee as much notice as is reasonably possible. When a new classification (which is covered by the terms of this Collective Agreement) is established by the Hospital, the Hospital shall determine the rate of pay for such new classification and notify the local Union of the same. If the local Union challenges the rate, it shall have the right to request a meeting with the Hospital to endeavour to negotiate a mutually satisfactory rate. Such request will be made within ten (10) days after the receipt of notice from the Hospital of such new occupational classification and rate. Any change mutually agreed to resulting from such meeting shall be retroactive to the date that notice of the new rate was given by the Hospital. If the parties are unable to agree, the dispute concerning the new rate may be submitted to arbitration as provided in the Agreement within fifteen (15) days of such meeting. The decision of the Board of Arbitration (or Arbitrator as the case may be) shall be based on the relationship established by comparison with the rates for other classifications in the bargaining unit having regard to the requirements of such classification.

When the Hospital makes a substantial change in the job content of an existing classification which in reality causes such classification to become a new classification, the Hospital agrees to meet with the Union if requested to permit the Union to make representation with respect to

the appropriate rate of pay.

If the matter is not resolved, following the meeting with the Union the matter may be referred to arbitration as provided in the agreement within fifteen (15) days of such meeting. The decision of the Board of Arbitration (or Arbitrator as the case may be) shall be based on the relationship established by comparison with the rates for other classifications in the bargaining unit having regard to the requirements of such classifications.

The parties further agree that any change mutually agreed to or awarded, as a result of arbitration shall be retroactive only to the date that the Union raised the issue with the Hospital.

Notwithstanding the foregoing, if as a result of compensable illness or injury covered by WSIB, an employee is unable to carry out the regular functions of her position, the Hospital may, subject to its operational requirements, establish a special classification and salary in an endeavour to provide the employee with an opportunity of continued employment.

This provision shall not be construed as a guarantee that such special classification(s) will be made available or continued.

19.01 (b) Job Descriptions

A copy of the current job description for a bargaining unit position shall be made available to the Union upon request. When a new classification which is covered by terms of this Collective Agreement is created, a copy of the job description shall be forwarded to the Union at the time that the Hospital notifies the local Union of the rate of pay pursuant to Article 19.01 above.

19.02 Assignment of Duties from Another Classification

Where the Hospital revises the job content of an existing classification in such a manner that duties of another classification are assigned to it, the following shall apply:

- (a) An employee who occupies a position which is revised in accordance with this Article, and who is physically incapable of performing the revised position, will not be required to perform those additional duties which exceed the employee's physical capabilities provided the employee's physician provides documentation to the Hospital of such limitation.
- (b) In the event an employee presently occupying a position which is revised in accordance with this Article requires additional training to perform duties of the revised position, the employee shall be entitled to a period of training, with due consideration being given to the employee's age and previous educational background, during which they may perfect or

acquire the skills necessitated by the new method of operation. The Employer will assume the cost of tuition and travel. There shall be no reduction in wage or salary rates during the training period of any such employee. Training shall be given during the hours of work whenever possible and may extend for up to six (6) months.

19.03 Promotion to a Higher Classification

An employee who is promoted to a higher rated classification within the bargaining unit will be placed in the range of the higher rated classification so that he shall receive no less an increase in wage rate than the equivalent of one step in the wage rate of his previous classification (provided that he does not exceed the wage rate of the classification to which he has been promoted).

19.04 Regular Part-Time and Casual Employees Progression on Wage Grid

Regular part-time and casual employees shall accumulate service for the purpose of progression on the wage grid on the basis of one year for each 1725 hours worked.

Notwithstanding the above, employees hired prior to March 31, 1999, will be credited with the service they held for the purpose of progression on the wage grid under their previous Collective Agreement or working conditions, and will thereafter accumulate service in accordance with this Article.

19.05 Transfer to a Lower Paying Classification

An employee who is the successful applicant to a job posting, and as a result is transferred to a lower paying classification within the bargaining unit will be placed in the range of the lower paying classification immediately below the wage rate he/she was receiving in his/her previous classification.

ARTICLE 20 – FISCAL ADVISORY COMMITTEE

Recognizing the value of Union input on behalf of employees, the parties agree to the following:

- (a) The Union's representative(s) will be included in the consultation and planning process from the early phases of the budget planning process, through representation on the Fiscal Advisory Committee or equivalent committee, to its final stages of completion, to assist the Hospital in minimizing layoffs or job loss, and in developing labour adjustment strategies where necessary, and in otherwise minimizing adverse effects on CUPE-represented employees through program or service restructuring.

- (b) Where the Hospital experiences unforeseen circumstances such that will necessitate changes to its budgetary plans which have been approved by the Ministry of Health, or the Local Health Integration Network, the Hospital agrees that revisions to the budget will be carried out in consultation with the Union.
- (c) In furtherance of the foregoing, and, where possible, in advance of any scheduled FAC or equivalent committee meeting, the Hospital agrees to provide to the Union in a timely way any financial and staffing information pertinent to its budget, or to any other restructuring plan that would affect the Union's members.
- (d) It is understood that employee time spent at FAC or equivalent committee meetings with the Employer in pursuance of the above shall be deemed to be work time for which the employee shall be paid by the Hospital at his or her regular or premium rate as may be applicable.

ARTICLE 21 – APPRENTICESHIP COMMITTEE

The parties agree that within sixty (60) days of the commencement of this agreement, a joint local committee consisting of up to three representatives each will be formed to discuss the feasibility of establishing an apprenticeship program(s). If such a program is deemed feasible, the local parties will determine the terms and conditions of such program(s).

The joint local committee will seek the availability of any federal or provincial funds to cover the costs of such programs.

ARTICLE 22 – INFLUENZA VACCINATION

The parties agree that influenza vaccinations may be beneficial for patients and employees. Upon a recommendation pertaining to a facility or a specifically designated area(s) thereof from the Medical Officer of Health or in compliance with applicable provincial legislation, the following rules will apply:

- (a) Hospitals recognize that employees have the right to refuse any recommended or required vaccination.
- (b) If an employee refuses to take the recommended or required vaccine required under this provision, she or he will be reassigned during the outbreak period, unless reassignment is not possible, in which case he or she will be placed on unpaid leave. If an employee is placed on unpaid leave, she or he can use banked lieu time or vacation credits in order to keep her or his pay whole. It is further agreed that any such

reassignment will not adversely impact the scheduled hours of other employees.

- (c) If an employee refuses to take the recommended or required vaccine because it is medically contra-indicated, and where a medical certificate is provided to this effect, she or he will be reassigned during the outbreak period, unless reassignment is not possible, in which case the employee will be placed on paid leave. It is further agreed that any such reassignment will not adversely impact the scheduled hours of other employees.
- (d) If an employee gets sick as a result of the vaccination, and applies for WSIB, the Hospital will not oppose the claim.
- (e) If the full cost of such medication is not covered by some other source, the Hospital will pay the full or incremental cost for the vaccine and will endeavour to offer vaccinations during an employee's working hours.

In addition, employees will be provided with information, including risks and side effects, regarding the vaccine.

- (f) This article shall be interpreted in a manner consistent with the *Ontario Human Rights Code*.

ARTICLE 23 – DURATION

23.01 Term

This agreement shall be binding and continue in effect and shall continue from year to year unless either party gives written notice to the other party of its desire to bargain for amendments within ninety (90) days prior to the termination date of September 28, 2025. Upon receipt of such notice by one party or the other, both parties will meet thereafter for the purpose of bargaining.

23.02 Central Bargaining

Notwithstanding the foregoing provisions, in the event the parties to this Agreement agree to negotiate for its renewal through the process of central bargaining, either party to this Agreement may give notice to the other party of its desire to bargain for amendments on local matters proposed for incorporation in the renewal of this Agreement and negotiations on local matters shall take place during the period from 120 to 60 days prior to the termination date of this Agreement. Negotiations on central matters shall take place during the period commencing forty- five (45) days prior to the termination date of this Agreement.

It is understood and agreed that "local matters" means, those matters which have been determined by mutual agreement between the central negotiating committees respectively representing each of the parties to this Agreement as being subjects for local bargaining directly between the parties to this Agreement. It is also agreed that local bargaining shall be subject to such procedures that may be determined by mutual agreements between the central negotiating committees referred to above. For such purposes, it is further understood that the central negotiating committees will meet during the sixth month prior to the month of termination of this Agreement to convey the intentions of their principals as to possible participation in central negotiations, if any, and the conditions for such central bargaining.

Such additional hours shall be compensated at straight time and will not be considered a change in work schedule, provided the employee has the right to refuse the additional hours. This shall not however preclude the employee from receiving overtime payment should these additional hours result in the employee working in excess of the hours prescribed in Article 14.01. - (ii) such weekend work is worked by an employee to satisfy specific days off requested by the employee. This request must be submitted in writing;
- (iii) an employee requests weekend work, in writing;
- (iv) a regular part-time employee applies for and posts into a position that requires the employee to work more than two consecutive weekends;

- (e) No full-time or regular part-time employee shall work more than six (6) consecutive days. If however, exigency requires that he works more than six (6) consecutive days he shall be paid at the overtime rate for hours worked on consecutive days in excess of six (6) days. This shall not apply where a regular part-time employee is offered and voluntarily accepts an additional shift in accordance with L.5.2(a).
- (f) A full-time employee who normally works Monday to Friday will not be normally scheduled to work on a statutory holiday.
- (g) Full-time and regular part-time employees who so request, shall be provided at least three (3) consecutive days off inclusive of either Christmas Day and Boxing Day or New Year's Day. Requests for time off under this provision must be submitted by October 1st . The Hospital will endeavor to post the Christmas and New Year's schedule by November 1st, but no later than November 15th.

Where the Hospital determines that additional time off can be granted, vacation shall be granted in order of seniority amongst the employees who have submitted their request in keeping with the planner deadline date.

L.5.2 Assignment of Work

- (a) Where additional non-recurring shifts or pre-scheduled shifts in a regular part-time position, or less than ten (10) consecutive pre-scheduled shifts in a full-time position become available due to the absence of the incumbent in that position, preference for assignment to such available shift(s) shall be offered in order of seniority to available regular part-time employees qualified and able to perform the work and working in the same classification, department, and Campus at which the work is being performed. This will not require the Hospital to offer such available shifts to such regular part-time employees where it would result in the payment of overtime.
- (b) Where the requirements of paragraph (a) above have been met, shifts as described above which remain available shall be equitably offered to available casual employees qualified and able to perform the work and working in the same classification, department, and Campus at which the work is being performed. This will not require the Hospital to offer such available shifts to such casual employees where it would result in the payment of overtime.
- (c) Where the requirements of paragraph (b) above have been met at a given campus, and there remains additional non-recurring shifts or pre-scheduled shifts in a regular part-time position, or less than ten (10) consecutive pre-scheduled shifts in a full-time position available due to the absence of the incumbent in that position at that campus, preference for assignment to such available shift(s) shall be offered in order of seniority to available regular part-time employees qualified and able to perform the work and working in the same classification and department at other Campuses. This will not require the Hospital to offer such available shifts to such regular part-time employees where it would result in the payment of overtime.
- (d) Where the requirements of paragraph (c) above have been met, shifts as described above which remain available shall be equitably offered to available casual employees qualified and able to perform the work and working in the same classification and department at other Campuses. This will not require the Hospital to offer such available shifts to such casual employees where it would result in the payment of overtime.
- (e) Where ten (10) or more consecutive pre-scheduled shifts in a full-time position become available due to the absence of the incumbent, preference for assignment to such position shall be offered in order of seniority to regular part-time employees qualified and able to perform the work, in the same classification, department, and Campus at which the work is being performed. Such regular part-time employee will maintain his regular part-time status, however, for the purpose of Article 14.01 he

shall be deemed to be a full-time employee. The pre-scheduled shifts in the position of such regular part-time employee shall be offered in accordance with (a) and (b) above.

Assignments referred to in this provision will not be subject to extension except in cases where the assignment results from an approved leave of absence (paid or unpaid) of an employee and the employee requests and is granted an extension of his period of leave.

(f) Where the requirements of paragraph (e) above have been met and shifts as described in (e) above remain available, preference for assignment into such position(s) shall be offered in order of seniority to casual employees qualified and able to perform the work, and working in the same classification, department, and Campus at which the work is being performed. Such casual employee will maintain his casual status, however, for the purpose of Article 14.01 he shall be deemed to be a full-time employee.

(g) Where a full-time or regular part-time position becomes vacant due to:

- (i) a temporary absence of the incumbent in a position for a period greater than twenty-six (26) weeks;
- (ii) a situation referred to in Article 2.01 for a period greater than twenty-six (26) weeks; or
- (iii) a temporary vacancy arising due to a pregnancy and/or parental leave.

The position shall be posted as a temporary vacancy and awarded in accordance with Article 9.05. An employee awarded such a temporary vacancy shall maintain their original status and shall be returned to their permanent position or the position or assignment in which the employee was previously employed when the temporary vacancy ceases to exist. Any temporary vacancy created by the movement of a full-time or regular part-time employee into a posted temporary position shall be filled in accordance with (e) above.

It is agreed that permanent employees will be considered for temporary position where such temporary position would provide the permanent employee with an opportunity to acquire new employment skills or qualifications. Where an employee who holds a permanent position is the successful candidate for a posted temporary position, and where the department head determines that the temporary assignment of that employee will not cause serious operational problems for the department in which the employee is currently working such employee shall be placed into the temporary position on the understanding that his permanent position shall be available for him to return to at the expiration

of the temporary employment period.

Permanent employees will not be considered for temporary assignment under this provision unless at least twelve (12) months have elapsed since the completion of any previous posted temporary employment.

- (h) Notwithstanding any of the foregoing provisions the Hospital may terminate a temporary appointment where:
- (i) the employee is unable to satisfactorily perform the work;
 - (ii) the employee is the successful applicant for a job posting as per 9.05 and begins their trial period;
 - (iii) the absent employee has returned to his position; or,
 - (iv) the position is no longer required.

Where the position was posted in accordance with (g), at least forty-eight (48) hours notice shall be provided.

- (i) Where a work assignment pursuant to (e) above is available for a continuous period of ten (10) weeks or more and no employee is qualified and able to perform the work pursuant to (e) above, and where an employee in the same classification, department and Campus at which the work is being performed could acquire new employment skills and qualifications within a short period of training not to exceed three (3) days, he shall be assigned the work where this does not create operational difficulties. Such opportunity shall be provided to the existing employees in order of seniority prior to external candidates being considered for such work assignment.

NOTE: The parties agree that for the purposes of calculating the ten (10) days, Statutory Holidays will count towards that calculation.

L.5.3 Declaration of Availability to Work (part-time employees)

No later than two weeks prior to the posting of the work schedule, regular part-time employees shall declare their availability, in writing, to work shifts in addition to the posted work schedule.

At the time full-time and regular part-time employees submit their vacation requests for the period beginning June 15th to September 15th, regular part-time bargaining unit employees shall declare their availability to work additional shifts pursuant to L.5.2 during such vacation periods requested.

Amendments to availability submitted less than two (2) weeks prior to the posting of the schedule may not be considered. Such request must be submitted in writing.

L.5.4 Assignment of Overtime

When the Hospital requires unscheduled overtime work to be performed, such overtime opportunity shall be offered in order of seniority to employees within the department present at work, subject to their qualification and ability to perform the work.

An employee who continues to work more than two (2) hours of overtime immediately following her/his regularly scheduled hours of work shall be granted a ten-dollar (\$10.00) meal voucher.

Where no employees as described above are immediately available and willing to accept the overtime opportunity, overtime will be offered in order of seniority to employees within the classification that normally performs the work, in the department and campus at which the work is to be performed.

Scheduled overtime will be offered in order of seniority to employees within the classification that normally perform the work, in the department and campus at which the work is to be performed.

In work areas where employees are required to declare their willingness/availability to work overtime, the Hospital will not be required to offer overtime to those employees who have not indicated a willingness/availability to work overtime.

shifts and/or days off shall not result in overtime payments or a regular amendment to normal working hours.

- (b) Where the shifts involved shift differential this shall be paid to the employee working such shift.

L.5.7 Availability of Casual Employees

- (a) Minimum requirements:

Re: Violence in the Workplace

The parties agree that a safe workplace, free of violence and harassment, is a fundamental principle of a healthy workplace. Commitment to a healthy workplace requires a high degree of cooperation between the employer, employees, physicians and the Union. Re: Optimal Staffing Composition

The parties agree that periodic review of the composition of full-time, regular part-time, and casual staff ensures the optimization of the hospital workforce and may support quality work environments, support continuity of patient care, ensure adequate staffing resources, and support cost-efficiency.

Such reviews should reflect the recruitment and retention considerations of the internal and external workforce, including the desire for stability and flexibility while ensuring service stability for patients in a 24/7 environment. It is also understood that such reviews occur at a point in time, and the optimal composition of full-time, regular part-time, and casual staff for a unit/department may change over time.

To this end, the parties agree to meet annually to discuss departments/units that would benefit from a review of the optimal composition of full-time, regular part-time, and casual staff.

In order to conduct the review, the parties may review the following information for these departments/units:

- Overtime hours,
- Hours worked by casual staff,
- Hours worked by regular part-time staff above their commitment as per the local appendix of the collective agreement.

Re: Resource Teams

WHEREAS the parties agree on the creation and implementation of Orderly and Registered Practical Nurse Resource Teams to work in areas as deemed appropriate by the Hospital;

AND WHEREAS the goals and functions of the Resource Teams are to enhance TOH's overall Health Human Resource needs and ensure quality and efficient care for our patients, particularly during a time when healthcare workers are challenging to recruit;

AND WHEREAS the parties acknowledge that in addition to the unit-level staff, the Resource Teams will provide a flexible and adaptive mechanism for dealing with fluctuations in patient demands, for covering absenteeism and reducing overtime while most importantly supporting our front-line member's wellbeing and engagement by promoting safe staffing levels at the Hospital, providing coverage for vacation and flexibility to meet the demands of increasing workload;

NOW THEREFORE the parties herein agree to the following terms:

1. The Hospital has created the following positions in the following Resource Teams:
 - a. 18 Full Time Permanent Orderly Positions at the Civic Campus
 - b. 18 Full Time Permanent Orderly Positions at the General Campus
 - c. 9 Full Time Permanent Registered Practical Nurse Positions at the Civic Campus
 - d. 9 Full Time Permanent Registered Practical Nurse Positions at the General Campus
2. The Parties agree that the purpose of the Resource Teams is to address temporary, short-term and unplanned staffing absences. The purpose of the Resource Teams is not to reduce existing department specific staffing levels, or to delay or eliminate the posting and filling of department specific vacancies.
3. All postings will include the information required by Art. 9.05 with the exception of the work location, which will state the Campus across which the position may be assigned.

4. For the purpose of vacation, leaves of absence, layoff or any other seniority or service entitlement under the Collective Agreement, each Resource Team shall be treated as their own department.
5. The Parties agree that these positions will follow an optimized schedule comprised of Extended Shifts as per article L.5.8 Extended Shifts of the Collective Agreement.
6. Additional shifts which become available, other than in the circumstances described in paragraph 7 below, will continue to be filled as per article L.5.2 of the Collective Agreement, The parties agree that where shifts identified under L.5.2 become available on less than two (2) hours' notice, the Hospital may assign a Resource Team member to cover the shift rather than offering the shift in accordance with L5.2.
7. In the event of temporary Surge areas being activated due to hospital overcapacity, Resource Team members may be assigned directly to this work without first satisfying L.5.2. Similarly, where the Hospital temporarily requires Orderlies/RPN to assist in a department where there are no Orderly/RPN incumbents, the Employer shall be entitled to assign Resource Team Members directly to this work without first satisfying L.5.2.
8. Resource Team members will be offered unscheduled or scheduled overtime opportunities after such opportunities have been offered in accordance with L.5.4 but prior to the Hospital's right to assign the least senior employee within the department.
9. Each Resource Team Member will receive orientation prior to being assigned to work on a Unit. Resource Team Members requests for orientation shall not be unreasonably denied, subject to operational requirements.
10. The CUPE seniority list will identify by separate cost centre the staff who are in resource positions on the Resource Teams.
11. The Manager responsible for the Resource Teams will determine the protocol for reporting to work and shift assignment.
12. The staff on the Resource Teams will be required to be reassigned to another department when necessary before any staff not part of the Resource Teams.
13. It is understood that on the rare occasion where a Resource Team employee attends at work and there is no absence requiring coverage, they may be assigned as an above complement employee to a department of the Employer's choosing. The Employer shall also have the option of canvassing employees by seniority to see if anyone would voluntarily like to take a vacation day and be backfilled by the Resource Team employee. Apart from these options, the Parties' rights and obligations should the Employer choose to send a Resource Team employee home for one or more shifts shall be governed by the Collective Agreement.

14. The Employer agrees to provide the Union with a quarterly report showing the total number of hours worked by members of the Resource Teams across the various units of the Hospital over the quarter. Where the Hospital believes that additional Resource Team positions are required, it shall consult with the Union in good faith to review the relevant information and provide the rationale for creating Resource Pool positions rather than work location specific position, and to discuss any concerns or questions the Union may have.
15. This Letter of Understanding shall take effect immediately upon the date set out below. Upon execution of the renewal Collective Agreement replacing that which expired on September 28, 2021, this Letter of Understanding shall be attached to such renewal Collective Agreement between the Parties. Subsequently, this Letter of Understanding shall be treated in the same manner as other Letters of Understanding between the Parties.
