ARTICLE 8 - LAY.OFF

8.01 (a) Notice

In the event of a proposed lay-off at the Hospital of a permanent or long-term nature or the elimination of a position within the bargaining unit, the Hospital shall;

- (i) provide the Union with no less than five (5) months' written notice of the proposed layoff or elimination of position; and
- (ii) provide to the affected employee(s), if any, no less than five (5) months written notice of lay-off, or pay in lieu thereof.

NOTE: Where a proposed lay-off results in the subsequent displacement of any member(s) of the bargaining unit, the original notice to the Union provided in (i) above shall be considered notice to the Union of any subsequent lay-off.

- (b) A layoff shall not include a reassignment of an employee from their classification or area of assignment who would otherwise be entitled to notice of layoff provided:
- (i) reassignments will occur in rotational seniority and in consideration of census, patient acuity and unit location if the reassignment is time sensitive. The reassignment log shall renew as of January 1 of each year;

Said reassignments shall be at the discretion of the Hospital.
 - (iii) the reassignment of the employee does not result in a reduction of the employees wage rate or hours of work; for the purpose of this article placing an employee in a lower rated classification and red-circling their rate constitutes a reduction in the employee's wage rate;
 - (iv) the job to which the employee is reassigned is located at the employee's original work site or at a nearby site in terms of relative accessibility for the employee;
 - (v) the job to which the employee is reassigned is on the same shift or shift rotation; and
 - (vi) where more than one employee is to be reassigned in accordance with this provision, the reassigned employees shall be entitled to select from the available appropriate vacancies to which they are being reassigned in order of seniority provided no such selection causes or would cause a layoff or bumping.

The Hospital bears the onus on demonstrating that the foregoing conditions have been met in the event of a dispute. The Hospital shall also reasonably accommodate any reassigned employee who may experience a personal hardship arising from being reassigned in accordance with this provision.

(c) Redeployment Committee

A Redeployment Committee will be established not later than two (2) weeks after the notice referred to in 8.01 (a) and will meet thereafter as frequently as is necessary.

a. Committee Mandate

b. Committee Composition

The Redeployment Committee shall be comprised of equal numbers of representatives of the Hospital and of the Union. The number of representatives will be three (3) from each. Where for the purposes of HSTAP (The Health Sector Training and Adjustment Panel) there is another hospital-wide staffing and redeployment committee created or in existence, Union members of the Redeployment Committee shall serve on any such hospital-wide staffing committee established with the same or similar terms of reference, and the number of Union members on such committee will be proportionate to the number of its bargaining unit members at the particular Hospital in relation to other staff groups.

The Redeployment Committee will seek the assistance of any federal or provincial program to cover cost of wages, tuition, books and any travel.

Meetings of the Redeployment Committee shall be held during normal working hours.

Time spent attending such meetings shall be deemed to be work time for which the representative(s) shall be paid by the Hospital at their regular or premium rate as may be applicable.

Each party shall appoint a co-chair for the Redeployment Committee. Co-chairs shall chair alternative meetings of the Committee and will be jointly responsible for establishing the agenda of the Committee meetings, preparing minutes and writing such correspondence as the Committee may direct.

c. Disclosure

- (b) Opt to receive a separation allowance as outlined in Article 8.04; or
- (c) Opt to retire, if eligible under the terms of the Hospitals of Ontario Pension Plan (HOOPP) as provide in Article 22.07; or
- (d) Displace another employee who has lesser bargaining unit seniority in the same or a lower or an identical-paying classification in the bargaining unit if the employee originally subject to lay-off has the ability to meet the normal requirements of the job. An employee so displaced shall be deemed to have been laid off and shall be entitled to notice in accordance with Article 8.01.

An employee who chooses to exercise the right to displace another employee with lesser seniority shall advise the Hospital of their intention to do so and the position claimed within seven (7) days after receiving the notice of lay-off.

NOTE: For purposes of the operation of clause (d), an identical-paying classification shall include any classification where the straight-time hourly wage rate at the level of service corresponding to that of the laid off employee is within 1% of the laid off employee's straight-time hourly wage rate.

- (e) In the event that there are no employees with lesser seniority in the same or a lower or identical-paying classification, as defined in this article, a laid-off employee shall have the right to displace another employee with lesser seniority in a higher paying classification provided they are able to meet the normal requirements of the job, with orientation but without additional training.
- (f) An employee who is subject to lay-off other than a lay-off of a permanent or long-term nature shall have the right to accept the lay-off or displace another employee in accordance with (a) and (d) above.
- (g) An employee shall have opportunity of recall from a lay-off to an available opening, in order of seniority, provided they/them has the ability to perform the work before such opening is filled on a regular basis under a job posting procedure. - (k) The Hospital shall notify the employee of recall opportunity by registered mail, addressed to the last address on record with the Hospital (which notification shall be deemed to be received on the second day following the date of mailing). The notification shall state the job to which the employee is eligible to be recalled and the date and time at which the employee shall report for work. The employee is solely responsible for their proper address being on record with the Hospital.
- (l) Employees on lay-off shall be given preference for temporary vacancies which are expected to exceed ten (10) working days. An employee who has been recalled to such temporary vacancy shall not be required to accept such recall and may instead remain on lay-off.
- (m) No full-time employee within the bargaining unit shall be laid off by reason of their duties being assigned to one or more part-time employees.
- (n) In the event of a lay-off of an employee, the Hospital shall pay its share of insured benefits premiums for the duration of the six-month notice period provided for in Article 8.01.

8.03 Benefits on Lay-Off

In the event of a lay-off of an employee, the Hospital shall pay its share of insured benefits premiums up to three (3) months from the end of the month in which the layoff occurs or until the laid off employee is employed elsewhere, whichever occurs first.

8.04 Separation Allowances

- (a) Where an employee resigned within thirty (30) days after receiving notice of lay-off pursuant to Article 8.01 (a) (ii) that their position will be eliminated, they shall be entitled to a separation allowance of two (2) weeks salary for each year of continuous service to a maximum of sixteen (16) weeks pay, and, on production of receipts from an approved educational program, within sixteen (16) months of resignation, may be reimbursed for tuition fees up to a maximum of three thousand (\$3,000) dollars.
- (b) Where an employee resigns later than thirty (30) days after receiving notice pursuant to Article 8.01(a) (ii) that their position will be eliminated, they shall be entitled to a separation allowance of four (4) weeks salary, and, on production of receipts from an approved educational program, within twelve (12) months of resignation, may be reimbursed for tuition fees up to a maximum of one thousand two hundred and fifty (\$1,250) dollars.

8.05 Prior to issuing notice of lay-off pursuant to Article 8.01(a) (ii) in any classification(s), the Hospital will offer early retirement allowance to a sufficient number of employees eligible for early retirement under HOOPP within the classification(s) in order of seniority, to the extent that the maximum number of employees within a classification who elect early retirement is equivalent to the number of employees within the classification(s) who would otherwise receive notice of lay-off under Article 8.01(a) (ii)

The Hospital need not approve an employee's request for an early retirement allowance if approving such allowance will not reduce the number of layoff notices which would otherwise be made under Article 8.01 (a) (ii).

An employee who elects an early retirement option shall receive, following completion of the last day of work, a retirement allowance of two (2) weeks salary for each year of service, plus a prorated amount of any additional partial year of service, to a maximum ceiling of 52 weeks salary.

8.06 Voluntary Exit Option

If after making offers of early retirement, individual layoff notices are still required, prior to issuing those notices the Hospital will offer a voluntary early exit option in accordance with the following conditions:

- i) The Hospital will first make offers in the classifications within department(s) where layoffs would otherwise occur. If more employees than are required are interested, the Hospital will make its decision based on seniority.

- ii) If sufficient employees in the department affected accept the offer, the Hospital will then extend the offer to employees in the same classification other departments. If more employees than are required are interested, the Hospital will make its decision based on seniority.
- iii) In no case will the Hospital approve an employee's request under (i) and (ii) above for a voluntary early exit option, if the employees remaining are not qualified to perform the available work.
- iv) The number of voluntary early exit options the Hospital approves will not exceed the number of employees in that classification who would otherwise be laid off. The last day of employment for an employee who accepts a voluntary exit option will be at the Hospital's discretion and will be no earlier than thirty (30) calendar days immediately following the employee's written acceptance of the offer.

The Hospital need not approve an employee's request for a voluntary early exit option if approving such option will not reduce the number of layoff notices which would otherwise be made under Article 8.01(a) (ii).

An employee who elects a voluntary early exit option shall receive, following completion of the last day of work, a separation allowance of two (2) weeks salary for each year of service, to a maximum of fifty-two (52) weeks pay.

Any such claim shall be accompanied by verification of previous related experience. The Hospital shall then evaluate such experience during the probationary period following hiring. Where in the opinion of the Hospital such experience is determined to be relevant, the employee shall be slotted in that step of the wage progression consistent with one (1) year's service for every one (1) year of related experience in the classification upon completion of the employee's probationary period. It is understood and agreed that the foregoing shall not constitute a violation of the wage schedule under the collective agreement.

9.02 TRANSFER AND SENIORITY OUTSIDE THE BARGAINING UNIT

- (a) An employee who is transferred to a position outside the bargaining unit shall not, subject to (b) below, accumulate seniority. In the event the employee is returned by the Hospital to a position in the bargaining unit within twenty-four (24) months of the transfer or as otherwise extended by mutual agreement, they shall be credited with the seniority held at the time of transfer and resume accumulation from the date of their return to the bargaining unit. An employee not returned to the bargaining unit within 24 months shall forfeit bargaining unit seniority.
- (b) In the event an employee transferred out of the bargaining unit under (a) above is returned to the bargaining unit within a period of nine (9) calendar months, they shall accumulate seniority during the period of time outside the bargaining unit.

ARTICLE 10 - JOB POSTINGS

10.01 (a) When a new full or part-time position is created or when a regular full or part-time vacancy occurs, the Employer shall post notice of the position on the Hospital Intranet for seven (7) calendar days and a copy will be provided to the Union. The first subsequent vacancy resulting from the original posting shall be posted for four (4) calendar days. The second subsequent vacancy will be posted for three (3) calendar days. All subsequent vacancies resulting from the original vacancy will be filled by reference to the transfer file and if there are no names in the transfer file, the Hospital will have the right to fill the vacancy from outside the bargaining unit.

- (b) An employee may make a written request for transfer by advising the Hospital and filing a Request for Transfer form indicating their name, qualifications, experience, present area of assignment, seniority and requested area of assignment. A Request for Transfer shall become active as of the date it is received by the Hospital and shall remain so until December 31 following. Such requests will be considered as applications for posted vacancies and subsequent vacancies by filling of a posted vacancy.

The name of the successful applicant for any vacancy filled under Article 10.01 (a) and (b) will be provided to the Union. The Union will be provided with a complete list of all applicants for each position indicating the successful applicant.

- 10.01 (c) It is understood that once an employee has been successful in securing a new position through the posting or transfer file, and has been notified by the Hospital, the following procedure will apply:

- (i) The successful applicant when applying for a part-time position from full-time status or vice-versa, shall confirm in writing to the Hospital of their decision on acceptance twenty-four (24) hours of notification of appointment.
- (ii) The successful individual will be required to remain in that position from the date of accepting the position, for a minimum of six (6) months before being eligible to post into or transfer to a new position unless an opportunity arises which allows the employee to change their permanent status.
- (iii) After accepting a position, the successful applicant will be transferred to the new position within thirty (30) days. **Save and except for positions that are accepted in November of any calendar year, the successful applicant will not be transferred until after the relaxed period as defined in Article 19.04.**

10.03 In making staff changes, transfers, or promotions, appointments shall be made of the applicant with the greatest seniority able to meet the normal requirements of the job.

Unsuccessful applicants, senior to the employee awarded the position, will be notified in writing. At the request of an unsuccessful applicant, the Hospital will discuss with the applicant ways in which they can improve their qualifications for future postings.

10.04 The successful applicant shall be given a trial period of fifteen (15) days worked. Conditional upon satisfactory service, the employee shall be assigned the position after the period of fifteen (15) days worked. In the event the successful applicant proves unsatisfactory in the position during the trial period, or if the employee is unable to or unwilling to continue to perform the duties of the new job classification, they shall be returned to their former position, wage or salary rate, without loss of seniority. Any other employee promoted or transferred because of the rearrangement shall also be returned to former position, wage or salary rate, without loss of seniority.

It is mutually agreed that within the trial period an evaluation will be made of the employee, so the Hospital can assess the employee's performance in the new position and the employee will be made aware of any deficiencies.

10.05 Whenever job postings or job vacancies occur, the Employer shall consider employees who are on vacation, off sick, or on leave of absence for an expected period not to exceed six (6) weeks (except maternity/parental leaves), provided the employees have filed with the Employer, a valid transfer request as in 10.01 (b) above.

If no part-time employee on the unit accepts the position, then such hours shall be distributed among the part-time employees on the unit willing to work such hours. Failing the availability of part-time employees on the unit to cover all the required hours, the remaining hours will be offered to other qualified part-time employees utilizing the availability list. Where no one is available, then the Hospital may hire a new temporary employee as per (d) below.

- (b) Temporary full-time vacancies which are expected to exceed three (3) months (including maternity/parental leave) will be offered to part-time employees on the unit, first, on the basis of seniority. - (c) When temporary part-time vacancies occur, all remaining hours on the posted schedule shall be distributed, on the basis of rotating seniority, among the part-time employees on the unit willing to work such hours. Any remaining hours will be offered to qualified part-time employees utilizing the availability list.

At the end of the posted schedule as indicated above, the Hospital may hire a new temporary employee to fill the scheduled hours of the part-time vacancy only. The new temporary employee shall be utilized for extra shifts according to seniority, as set out in the call in process, Article 17.

11.02 Contracting Out

The Hospital shall not contract out any work usually performed by members of the bargaining unit if, as a result of such contracting out, a lay-off of any employees other than casual part-time employees results from such contracting out.

11.03 Notwithstanding the foregoing, the hospital may contract out work usually performed by members of the bargaining unit without such contracting-out constituting a breach of this provision if the hospital provides in its commercial arrangement contracting out the work that the contractor to whom the work is being contracted, and any subsequent such contractor, agrees;

- (1) to employ the employees thus displaced from the hospital; and
- (2) in doing so to stand, with respect to that work, in the place of the hospital for the purpose of the hospital's collective agreement with the Union, and to execute into an agreement with the Union to that effect.

12.03 The Union acknowledges that the Stewards and members of the Negotiating Committee have regular duties to perform on behalf of the Employer and that such persons will not leave their regular duties without notifying their immediate supervisor. Permission from the supervisor will not be unreasonably withheld. - 12.05 The President and two (2) Chief Stewards shall be assigned duties on the day shift only, unless both positions are held by people working on the same unit in which case the President only would be assigned duties on the day shift. The President and one (1) Chief Steward shall be granted such time off with pay as may be reasonably necessary to investigate or adjust grievances.

Such complaint shall be discussed with their immediate supervisor within seven (7) working days, excluding weekends and holidays after the circumstances giving rise to it have occurred or ought reasonably to have come to the attention of the employee and failing settlement within seven (7) working days, it shall then be taken up as a grievance within seven (7) working days following advise of their immediate supervisor's decision in the following manner and sequence:

STEP 1 The employee may submit a written grievance signed by the employee to their immediate Supervisor/Manager. 14.05 Group Grievance

Where a number of employees have identical grievances and each employee would be entitled to grieve separately, they may present a group grievance in writing identifying each employee who is grieving to the Department Heads or their designate within fourteen (14) working days after the circumstances giving rise to the grievance have occurred or ought reasonably to have come to the attention of the employee(s). The grievance shall then be treated as being initiated at Step No. 2 and the applicable provisions of this Article shall then apply with respect to the processing of such grievance.

14.07 All agreements reached under the grievance procedure between the representatives of the Hospital and the representatives of the Union will be final and binding upon the Hospital and the Union and the employees.

14.08 When either party requests that any matter be submitted to arbitration as provided in the foregoing Article, it shall make such request in writing addressed to the other party to this Agreement, and at the same time name a nominee. Within seven (7) working days thereafter the other party shall name a nominee, provided, however, that if such party fails to name a nominee as herein required, the Minister of Labour for the Province of Ontario shall have power to effect such appointment upon application thereto by the party invoking arbitration procedure. The two nominees shall attempt to select by agreement a chairperson of the Arbitration Board. If they are unable to agree upon such a chairperson within a period of fourteen (14) working days, they shall then request the Minister of Labour for the Province of Ontario to appoint a chairperson.

- 14.14 The time limits set out in the Grievance and Arbitration Procedures herein are mandatory and failure to comply strictly with such time limits except by the written agreement of the parties, shall result in the grievance being deemed to have been abandoned subject only to the provisions of Section 48.(16) of The Labour Relations Act.
- 14.15 Wherever Arbitration Board is referred to in the Agreement, the parties may mutually agree in writing to substitute a single arbitrator for the Arbitration Board at the time of reference to arbitration and the other provisions referring to Arbitration Board shall appropriately apply.
- 14.16 Grievances and replies to grievances shall be in writing at all steps.
- 14.17 The Hospital shall supply the necessary facilities for the grievance meetings.
- 14.18 At any stage of the grievance or arbitration procedure, the parties may have the assistance of the employee(s) concerned as witness(es) and any other witnesses, and all reasonable arrangement will be made to permit the conferring parties or the Arbitrator to have access to the Hospital premises and to have access to view working conditions which may be relevant to the settlement of the grievance.

It is understood that where an employee has 24 hours' notice of the additional hours to be worked, a meal voucher shall not be approved.

- 17.04 It is understood that employees shall not be required to take time off in regular hours to equalize any authorized overtime worked unless employees request the following option. Employees who work overtime may accumulate lieu time- instead of receiving payment for overtime worked. Such lieu hours will be taken at a time mutually agreeable between the employee and the Employer. The Hospital shall revert to payment of premium rate if time off is not taken by the final pay period of each calendar year.

The employee may provide one (1) telephone number to be used by the employer for the purpose of call-in. Once a call has been placed to an employee to offer a shift at straight time and the employee has either declined, or was not reachable as outlined above, they shall not be called again should the shift be later offered at overtime.

(b) Call-In Process

1. Regular part time at straight time on the unit.

It is understood by the parties that overtime will be offered first to employees who are eligible for premium pay at time and one half and should no one accept the shift, it may then be offered to employees who are eligible for premium pay at double time.

17.08 Overtime

The Employer shall pay time and one-half (1-1/2) the regular rate of pay, calculated to the nearest fifteen (15) minutes worked for all time in excess of seven and one-half (7-1/2) hours (normal tours) or eleven and one-quarter (11-1/4) hours (extended tours) in any one day, for all time worked before the scheduled starting time and for all time worked after the scheduled finishing time and for all hours worked in excess of seventy-five (75) hours (normal tours) or seventy-eight (78) hours (extended tours) per pay period.

The Hospital will schedule part-time employees who rotate, to work no more than two (2) different shifts in any two (2) week period, unless agreed upon by the employee and Hospital, in writing.

The shift preference referred to in this article is not a guarantee of a specific shift.

- 17.13 Four (4) days off will be scheduled in each two (2) week pay period.

- 17.14 A period of at least sixteen (16) consecutive hours shall be scheduled between regular hours of duty, including all-ins and twelve (12) hours between extended tours of duty. Failure to provide at least sixteen (16) hours between regular tours, including call-ins, or twelve (12) hours between extended tours shall result in payment of time and one-half (1-1/2).

For the purpose of the call-in procedure the Hospital may skip over any individual to whom the overtime provision described above would apply. Said individuals will only be included once the shift is determined to be overtime.

- 17.15 An employee will not be required to work more than five (5) consecutive days unless it is:
- (i) at the employee's request, or
 - (ii) to accommodate a change of shift, or

If an employee elects to transfers to another unit, they will be assigned Christmas or New Year's off on the basis of availability.

ARTICLE 20 - VACATIONS

20.01 Calculating Vacations

For the purpose of calculating vacations and eligibility, the vacation year shall be from May 1st of any year to April 30th of the following year.

20.02 Employees within the bargaining unit who have completed less than one (1) year of seniority with the Hospital as of May 1st but more than three (3) months, shall receive a vacation with pro rata pay on the basis of one and one-quarter (1-1/4) days of pay for each completed month as of May 1st but, in any event, such vacation pay shall not be in excess of the equivalent of three (3) weeks' pay.

20.03 Vacation Entitlement

Employees within the bargaining unit will receive the following vacations with pay on completion of the following years of seniority:

One (1) year but less than five (5) years seniority	three (3) weeks
Five (5) years but less than twelve (12) years seniority	four (4) weeks
Twelve (12) years but less than twenty (20) years seniority	five (5) weeks
Twenty (20) years but less than twenty-eight (28) years seniority	six (6) weeks
Twenty-eight (28) years or more	seven (7) weeks

20.04 The calculation of vacation entitlement shall be made on the basis of seniority attained as of May 1st in each year but if an employee attains sufficient seniority to qualify for a four (4), five (5), six (6) or seven (7) week vacation with pay between May 1 and September 30 in any year, they shall be considered as qualified on May 1 in that year.

20.05 Insofar as it is practical to do so having regard to the necessity of maintaining the efficient operation of the Hospital, employees shall be granted vacation periods requested in accordance with their seniority. During prime time, vacations shall be taken in blocks of three (3) weeks or less. Prime time is defined as the months of June, July, August (1st Saturday in June to 1st Friday before Labour Day in any year).

20.06 If an employee is absent because of an injury for which they are receiving Workers' Compensation, vacation credits shall continue to accrue for six months from the date the accident occurred.

- 20.07 If an employee is hospitalized for non-elective reasons or is known to be convalescing from non-elective surgery or from a serious illness or injury, confirmed by a medical certificate in a form provided by the Employer, which commenced or occurred before or during their vacation days so affected will be rescheduled at a mutually agreeable time if the employee so desires. In arranging such alternative date, it is understood that the employee concerned cannot use their seniority to displace vacation time already allotted to an employee in the bargaining unit with less seniority.
- 20.08 Subject to staffing requirements vacations may be split. It is agreed that any period of vacation shall be not less than five (5) days at any one time, however, ten (10) single days of an employee's annual vacation entitlement may be taken in single days. Single day requests shall not be part of the vacation planner and shall be approved on a first come first serve basis, not by seniority. Part-time employees must book vacations for an entire week, these employees are considered on vacation for the entire period not just the number of vacation days or hours (as applicable by Department) scheduled. **Part-time employees whose paid vacation does not equal their annual entitlement, may be permitted to distribute their paid vacation equally amongst their entitlement weeks.**
- 20.09 Vacations are to be taken during the year in which an employee is entitled, however, vacations may not be paid out except in the following circumstances:
- (a) Where an employee was absent for legitimate reasons and has accumulated vacation credits which if carried over would result in accumulated vacation credits in excess of the normal vacation entitlement for their years of seniority, the excess would be paid out.
 - (b) Where a request has been granted to carry over a maximum of one week of vacation into the next vacation year for a special event or circumstances and such circumstances are changed, the vacation time may be paid out or the vacation time taken. It is understood that carry-over requests are granted or denied at the sole discretion of the Employer and the decision to take or to pay, in the event of cancellation, is that of the Employer.
 - (c) It is understood and agreed that vacation carry-over for the purposes of Subsection (b) cannot be used during prime vacation time nor used to displace vacation time of a more senior employee.

A final vacation schedule shall than be posted by May 8 of each year. Once the final vacation schedule has been posted, vacation can not be cancelled by the employee, with the exception of the reasons outlined in Article 20.07.

Additionally, employees wishing to cancel their approved vacation must submit the request no less than four (4) weeks in advance of the posting of the schedule involving the dates of cancellation. The cancelled vacation period will be offered for a period of one (1) week and will be considered by seniority. Employees that have been permitted to cancel their vacation, shall provide alternative vacation requests at the time of cancellation, should their cancellation affect their mandatory selection according to Article 20.08

Any vacation requests submitted on or after May 1 of each year shall be granted on a first come first served basis.

20.10 It is agreed by the Hospital and the Union that the following guidelines will be used to plan, organize and schedule vacation requirements in the various nursing units of the Hospital:

- (i) All employees will schedule their vacation to be taken within the vacation year. The Hospital shall post a list of all employees showing their vacation entitlement and seniority. Any vacation that is not scheduled within the guidelines, will be considered on a first come, first serve basis.
- (ii) Vacations will be granted on the basis of seniority.

Beginning January 15 of each year, the Manager will e-mail the employees via their Hospital e-mail and ask the employees, according to seniority their vacation request. Employees are required to make a decision within forty- eight (48) hours following the request by the Manager. It is understood that should an employee not respond within forty-eight (48) hours as above, their vacation request shall not be considered until the planner is complete, unless due to extenuating circumstances acceptable to the Hospital. A draft vacation schedule shall be posted electronically by April 5 of each year.

Only those employees who did not receive their initial request vacation time shall than be permitted to submit new vacation requests. All requests shall be submitted prior to May 1.

An employee who fails to book their remaining vacation entitlement by January 31st will have any outstanding vacation scheduled by their Manager. This doesn't apply where patient demands, vacation quotas, and/or staffing issue resulted in vacation not being approved.

20.11 Should an employee who has commenced their scheduled vacation and agrees upon request by the Hospital to return to perform work during the vacation period, the employee shall be paid at the rate of one and one-half (1-1/2) times their basic straight time rate for all hours so worked. To replace the originally scheduled days on which such work was performed, the employee will receive one (1) vacation lieu day without pay off for each day on which they have so worked, subject to Article 20.10.

20.12 Part time employees shall be entitled to vacation pay based upon years of service with the Employer on all wages earned.

After 1 year of service	- 6%
After 5 years of service	- 8%
After 12 years of service	- 10%
After 20 years of service	- 12%
After 28 years of service	- 14%

21.01 Leave of absence without pay or other benefit may be granted by the Employer and any person who is absent with such permission shall not lose any of their seniority rights during such absence. An employee's request for leave of absence shall not be unreasonably withheld. Requests for leave of absence shall be made in writing two (2) weeks in advance of commencement, and shall specify the reason. The Employer shall respond within seven (7) calendar days. This provision for advance notice shall be waived in cases of emergency. It is understood this Article includes leaves for Board members of R.P.N.A.O. and/or College of Nurses.

21.02 During the period of absence, the employee shall not engage in gainful employment for any other person, firm or corporation. Failure to comply with this provision may result in disciplinary action being taken.

21.03 Vacation credits will not accrue during leave of absence without pay, except for leave of absence on Union business for two (2) months or less.

21.04 (a) Pregnancy Leave

An employee who is pregnant and who has been employed for at least thirteen (13) weeks immediately preceding the estimated date of their delivery, shall be entitled to a pregnancy leave of up to seventeen (17) weeks in duration.

The employee shall give written notice at least two (2) weeks prior to the date upon which they intends to commence the pregnancy leave, and provide a certificate from a legally qualified medical practitioner stating the expected birth date.

An employee may begin their pregnancy leave no earlier than seventeen (17) weeks before the expected birth date. The pregnancy leave continues for seventeen (17) weeks after it began. The employee may end the leave by giving at least four (4) weeks written notice of the day they intend to return.

An employee on pregnancy leave as provided under this Agreement who is in receipt of Employment Insurance pregnancy benefits pursuant to Section 22 of the Employment Insurance Act, shall apply for and be paid a Supplemental Employment Benefit for a period not exceeding fifteen (15) weeks. The supplement shall be equivalent to the difference between ninety-three percent (93%) of their normal weekly earnings and the sum of their weekly Employment Insurance benefits and any other earnings. Receipt by the Hospital of the employee's Employment Insurance cheque stubs shall constitute proof that they are in receipt of Employment Insurance pregnancy benefits

The employee's normal weekly earnings shall be determined by multiplying their regular hourly rate on their last day worked, prior to the commencement of the leave, times their normal weekly hours plus any wage increase or salary increments that they would be entitled to receive if they were not on pregnancy leave.

In addition to the foregoing, the Hospital will pay the employee ninety-three percent (93%) of their normal weekly earnings during the first one (1) week period of the leave while waiting to receive Employment Insurance benefits.

The employee does not have any vested right except to receive payments for the covered unemployment period. The Plan provides that payments in respect of guaranteed annual remuneration or in respect of deferred remuneration or severance pay benefits are not reduced or increased by payments received under the Plan.

The Hospital may request an employee to commence pregnancy leave at such time as the duties of their position cannot reasonably be performed by a pregnant woman or the performance or non-performance of their work is materially affected by the pregnancy.

(b) Parental Leave

An employee who has been employed for at least thirteen (13) weeks is eligible for parental leave, whether they become a parent through the birth of their child, through adoption, or if they are in, or enter into, a relationship of some permanence with a parent of a child, and they intend to treat the child as their own.

Such leave must commence within thirty-five (35) weeks of the day the child was born, or becomes into custody, care and control of the employee for the first time.

Parental leave for an employee who has taken pregnancy leave must commence at the end of the pregnancy leave unless the child has not come into the care of the parent by that time. An employee must give at least two (2) weeks notice of the date that the parental leave is to begin. Where the child comes into the custody, care and control of the employee for the first time sooner than expected, the leave will begin on the day the employee stops working, and notice must be provided within two (2) weeks of stopping work.

Parental leave ends eighteen (18) weeks after it began or on an earlier day if the employee gives the Hospital at least four (4) weeks written notice of that day. In the case of adoption, the employee who is an adoptive parent may request the parental leave to be extended to twenty-four (24) weeks duration.

That benefit shall be equivalent to the difference between ninety-three percent (93%) of the employee's normal weekly earnings and the sum of their weekly Employment Insurance benefits and any other earnings. Receipt by the Hospital of the employee's employment insurance cheque stub will serve as proof that the employee is in receipt of unemployment parental benefits.

Where an employee elects to receive parental leave benefits pursuant to Section 12(3)(b)(ii) of the Employment Insurance Act, the amount of any Supplemental Unemployment Benefit payable by the Hospital will be equal to what would have been payable had the employee elected to receive parental leave benefits pursuant to Section 12(3)(b)(i) of the Employment Insurance Act.

The employee's normal weekly earnings shall be determined by multiplying the employee's regular hourly rate on their last day worked prior to the commencement of the leave times the employee's normal weekly hours, plus any wage increase or salary increment that the employee would be entitled to if they were not on parental leave.

In addition to the foregoing the Hospital shall pay the employee ninety-three percent (3%) of their normal weekly earnings during the first one (1) week period of the leave while waiting to receive Employment Insurance benefits.

The employee does not have any vested right except to receive payments for the covered unemployment period. The plan provides that payment in respect of guaranteed annual remuneration or in respect of deferred remuneration or severance pay benefits are not reduced or increased by payments received under the plan.

- (c) Where an employee has given written notice to begin either a pregnancy or parental leave, that notice may be changed to an earlier or later date by the giving of at least two (2) weeks notice.

Where notice to end a leave has been given, that notice may be changed to either an earlier or later date if the employee gives at least four (4) weeks notice.

- (d) Employees will continue to be enrolled in all pension and benefit plans included in Article 22 of this Agreement unless the employee gives the Hospital written notice that the employee does not intend to pay the employee's contribution, if any, to such benefit plans. The Hospital will continue to contribute its share of any premiums for such benefits while the employee continues absence on pregnancy or parental leave, unless the employee gives written notice that they do not intend to pay their contribution, if any. Employees who choose to pay their portion, if any, of the premium for such benefit plans may make such arrangements with the Hospital as are mutually satisfactory, but failing such arrangements, it would be expected that the employee would make such payments by post dated cheques.
- (e) The employee shall be re-instated when the leave ends to the position the employee most recently held, if it still exists, or to a comparable position, if it does not.

- (f) It is understood that during pregnancy leave or parental/adoption leave, seniority and service shall continue to accrue. Credit for service for the purpose of vacation entitlements shall be accumulated, however, sick leave credits for part-time employees will not accrue during such period and vacation pay would be proportional to hours worked in the vacation year.

21.05 Bereavement Leave

An employee who notifies the Hospital as soon as possible following bereavement will be granted bereavement leave for four (4) consecutive working days off without loss of regular pay from regularly scheduled hours, in conjunction with the death of a spouse, child or parent. When an employee's scheduled vacation is interrupted due to bereavement, the employee shall be entitled to bereavement leave in accordance with Article 21.06.

The portion of the employee's vacation which is deemed to be bereavement leave under the above provisions will not be counted against the employee's vacation credits.

- (a) Upon application by the Union, in writing, the Hospital shall grant leave of absence, without pay, to an employee elected or appointed to full-time Union office. The Hospital will grant the first request for leave of absence and will allow subsequent leaves of absences so long as the leave does not create staff shortages on the home unit of the employee making such request. It is understood that no more than one (1) employee in the bargaining unit may be on such leave of absence at the same time. Such leave shall be for a period of one (1) calendar year from the date of

Leave of absence for Union business shall be applied for in writing by the employee to their Department Head. When possible, such request shall be submitted at least two (2) weeks prior to the contemplated commencement of the leave of absence and the application shall clearly state the length of time they shall be away from their work and the purpose of the leave.

The Employer agrees to maintain the normal wages and benefits during absences for Union business. The Hospital will invoice the Union, not less than every six (6) months, for the employee's wages and benefits.

21.07 Jury Duty

Subject to operational requirements, the Hospital will make every reasonable effort to grant requests for necessary changes to an employee's schedule to enable attendance at a recognized upgrading course or seminar related to employment with the Hospital.

Both the Hospital and the Union recognize their joint responsibility and commitment to provide, and to participate in, in-service education. The Union supports the principle of its members' responsibility for their own professional development and the Hospital will endeavor to provide programs related to the requirements of the Hospital. Available programs will be publicized, and the Hospital will endeavor to provide nurses with opportunities to attend such programs during their regularly scheduled working hours.

When an employee is on duty and authorized to attend any in-service program within the Hospital and during regularly scheduled working hours, they shall suffer no loss of regular pay. The parties agree that in order to safeguard patient care employees shall not be assigned workloads which are excessive or unsafe, or which are potentially excessive or unsafe.

The parties further agree that it is desirable that workload disputes are resolved in a timely and effective manner. In the event, an employee is assigned a workload which is either unreasonable or unsafe, the parties agree to the following procedure:

The employee shall express their concerns to the Manager involved. The employee is entitled to be accompanied by a Union Representative. The employee shall complete a "Workload Complaint Form" which shall be provided to the Manager and to the Union.

Steps of Process:

Where a CUPE member has concerns that one's assignment compromises client/patient/resident care, the member is responsible to bring the matter to the immediate attention of the manager/designate.

The Manager/designate will be accountable to reassess the needs of the client group for which the nursing team is responsible to ensure that the team can meet the identified needs.

Where the Manager/designate deems the staff to be able to meet the client/patient/resident needs, a meeting is to be held in an attempt to clarify and where necessary, realign the assignments.

Where the Team Leader/Nurse in Charge deems the nursing team cannot meet the presenting needs of the client, the Manager is to be contacted to acquire necessary resources.

If the team member expressing concern is not in agreement the following steps are to be initiated:

- I. The Team Leader/Nurse in Charge is to contact the Manager to assist with problem resolution.

Note: Step 1 must be implemented prior to proceeding to Step II.

- II. If the resolution is unsatisfactory to the team member, the team member is to complete a Workload Complaint Form and submit the form to the Manager within 48 hours and to forward a copy to their respective union.

- III. The Manager will contact the complainant within 3 working days or within 3 working days of the complainants return to work to schedule a meeting.
- IV. The Manager will complete the workload complaint form as to action/proposed and forward a copy to the Union President and Program Director.
- V. If the matter is not satisfactorily resolved, the complainant may contact the Program Director to schedule a meeting.

The Union will present all workload complaints to the Labour/Management Committee as a means to design proactive strategies to prevent reoccurrences.

If the complaint is not resolved at the Program Director level, the complaint is to be sent with advance notice to the Labour/Management Committee for resolution. If there is no resolution at this level, the complaint needs to be brought to the attention of the CEO.

30.06 Incident Reports

Once a claim is established with Worker's Compensation Board, the Union Health and Safety representative will be provided with a copy of the Incident Report and Form 7, or equivalent, so that the claim can be monitored by the Union.

30.07 Modified Work Program

The Hospital and Union agree to support the principle of prompt rehabilitation and return to work of an employee who sustains an injury arising out of and in the course of employment (within the meaning of WCB Act) that are eligible for WCB benefits or injury sustained outside the workplace or for reasons of long term illness. Consequently, the following Modified Work Program will apply:

- (i) Where there is a reasonable possibility that the person may be able to return to work on modified duties, a Physical Demands Analysis will be completed for the injured worker's job (unless it has been done for another case) and forwarded to the treating physician(s) along with a request to consider the worker as a candidate for modified work.

- (ii) Upon a positive reply from the treating physician(s), a Modified Work Plan (MWP) will be developed by the injured worker's supervisor in consultation with the worker, Union Representatives, and other qualified personnel as necessary. The MWP will indicate the applicable restrictions and the expected length of rehabilitation. The MWP will be signed by the injured worker, their supervisor, and the Union Representative.
- (iii) If, during the course of rehabilitation, the worker is experiencing increased discomfort, the MWP will be adjusted or discontinued so as not to harm the worker.
- (iv) It is understood that a Representative of the Union will accompany the worker at any meetings.
- (v) The MWP will continue until the worker returns to full duties or is no longer making progress toward returning to full duties, whichever comes first.
- (vi) The injured worker will receive full wages and benefits while in the Program.

30.10 Printing Expenses

It is mutually agreed between the Employer and the Union that the expense for printing the Collective Agreement shall be shared equally by both parties.

30.11 Fiscal Advisory Committee

- (a) The Union's representative(s) will be included in the consultation and planning process from the early phases of the budget planning process, through representation on the Fiscal Advisory Committee, or equivalent Committee to its final stages of completion, to assist the Hospital in minimizing layoffs or job loss, and in developing labour adjustment strategies where necessary, and in otherwise minimizing adverse affects on CUPE represented employees through program or service restructuring.
- (b) Where the Hospital experiences unforeseen circumstances such that will necessitate changes to its budgetary plans which have been approved by the Ministry of Health, or the Local Health Integration Network, the Hospital agrees that revisions to the budget will be carried out in consultation with the Union.
- (c) In furtherance of the foregoing and where possible, in advance of any scheduled FAC or equivalent Committee meeting, the Hospital agrees to provide to the union in a timely way any financial and staffing information pertinent to its budget, or to any other re-structuring plan that would affect the Union's members.

- (d) It is understood that employee time spent at FAC or equivalent Committee meetings with the employer in pursuance of the above shall be deemed to be work time for which the employee shall be paid by the Hospital at their regular or premium rate as may be applicable.

Upon a recommendation pertaining to a facility or a specifically designated area(s) thereof from the Medical Officer of Health or in compliance with applicable provincial legislation, the following rules will apply:

- (a) Hospitals recognize that employees have the right to refuse any recommended or required vaccination.
- (b) If an employee refuses to take the recommended or required vaccine required under this provision, they will be reassigned during the outbreak period, unless reassignment is not possible, in which case they will be placed on unpaid leave. If an employee is placed on unpaid leave, they can use banked lieu time or vacation credits in order to keep their pay whole. It is further agreed that any such reassignment will not adversely impact the scheduled hours or other employees.
- (c) If an employee refuses to take the recommended or required vaccine because it is medically contra-indicated, and where a medical certificate is provided to this effect, they will be reassigned during the outbreak period, unless reassignment is not possible, in which case the employee will be placed on paid leave. It is further agreed that any such reassignment will not adversely impact the scheduled hours of other employees.
- (d) If the employee gets sick as a result of the vaccination, and applies for WSIB, the Hospital will not oppose the claim.
- (e) If the full cost of such medication is not covered by some other source, the Hospital will pay the full or incremental cost for the vaccine and will endeavour to offer vaccinations during an employee's working hours. In addition, employees will be provided with information, including risks and side effects, regarding the vaccine.
- (f) This article shall be interpreted in a manner consistent with the Ontario Human Rights Code.
