

# A MESSAGE TO THE RESIDENTS OF SACKVILLE:

## ***Are you satisfied?***

- With the level of Police Services you are receiving?
- With the level of Waste Collection Services in the Town?
- With the spending of \$1.25 million for the privatization of your public water treatment plant, while training for present employees was ignored?
- With the lack of consultation and public input by Town Council on issues that cost YOU money?

***Sackville Residents should be paying for  
Public Services - NOT Private Profits***

***On May 12th, 2008 - VOTE FOR CHANGE!***
