We would rather keep you flying

AIR CANADA, we need a fair deal.

Flight attendants are highly trained professionals in service, safety and security for the flying public.

We care about our passengers and their families.

After a decade of concessions many of our members now live below the poverty line.

Air Canada flight attendants have voted 98% in favour of a strike.

But we would rather keep you flying.

**Tell Air Canada:
Negotiate a fair
deal for flight
attendants.**
