WE GET IT.

Sometimes you wonder if your vote makes a difference and it's easy to tune out.

That's what those who don't have your best interests at heart are counting on. They're hoping you'll stay home on election day so that nothing changes.

In this election we can get the change we want, if we vote. We can use our vote to:

- protect our pensions and expand the CPP
- finally deliver quality, affordable child care for all families
- reverse massive Conservative cuts and strengthen public health care
- create good-paying jobs while protecting the environment and public services.

In this election you CAN get the change you want.

ON OCTOBER 19 – GO VOTE.
