Education Support Workers with the Regina Public School Division

A Fair Wage

The Regina Public School Division is pushing a two-year wage freeze and paltry wage increases in years three to five, despite the fact that our members are already the lowest paid in the school division, and many of us don't even make a living wage.

We have not received a pay increase in over four years, but school board trustees gave themselves a 22.7 per cent raise effective January 1, 2019, not to mention the massive wage increase earned by top school board administrators. We have a simple question to ask

Why do they think we are worth less than they are?"

We are asking members of the public to help us get the message out that:

**OUR SCHOOLS WORK
BECAUSE WE DO.**

We Are Asking for the Public's Help

The Canadian Union of Public Employees, Local 3766, has over 600 permanent and casual support staff who work for the Regina Public School Division. Our employer continues to push concessions that will hurt our members by attacking our health and dental benefits, our severance/retirement gratuity, and limiting our right to present grievances to the Board of Trustees.

Our Commitment is to Your Children's Education

We are here for students, and we always will be – that's our commitment to you. But our employer doesn't see it that way.

OUR SCHOOLS WORK
BECAUSE WE DO.
