QUESTIONS:

All three Trustees must be available to work together to complete the audit in a timely manner. It would also be beneficial that prior to the audit they attend the CUPE Financial Officer's Workshop.

Keep a copy of this document and your recommendations for the Trustees' future reference.

Before starting the next audit, the Trustees should review this report, and ensure that your local's Executive has addressed all recommendations.

STEP BY STEP INSTRUCTIONS

1 - Prior to starting the audit, you must request and receive from your Secretary-Treasurer ALL the documents listed on page 2. The review of books will go much smoother if the documents are neatly organized.

If you are having trouble obtaining the needed documentation, you should seek assistance/advice from your President. If he/she cannot help you, you should then seek assistance/advice from your CUPE National Servicing Representative.

- **2 -** Once you have received the material from your Secretary-Treasurer, spend some time reviewing it to familiarize yourself with the documentation.
- **3 -** All **three** Trustees should complete this document together. At the beginning of each section there is a list of instructions. As you start each section, ensure you read and follow the instructions.
- **4** Once you have completed all six sections of the audit, and you have finalized your recommendations, please sign and send the originals to CUPE National and a copy of the following to your Servicing Representative:
- 1. This checklist;
- The Secretary-Treasurer's Financial Report to the Trustees;
- 3. The signed Trustees' Audit Report;
- 4. Your written report to the membership;
- Your written report to the President and Secretary-Treasurer;
- 6. The written response of the Secretary-Treasurer to the Trustees.

DOCUMENTATION THE TRUSTEES WILL NEED FROM THE SECRETARY-TREASURER

- 1. A completed copy of the "Secretary-Treasurer's Financial Report to the Trustees".
- 2. Copies of all per capita receipts submitted for the period under review.
- Secretary-Treasurer's completed ledger, either paper or electronic version.
- The bank statements including the returned cheques or cheque images; and if applicable, bank books for all the local's bank accounts.
- 5. Cheque stubs.
- 6. Copy of all bank reconciliations completed by the Secretary-Treasurer.
- Documentation for all expenses incurred during the period (this would include authorization vouchers and/or invoices).
- 8. Deposits book(s).
- 9. Minute book excerpts dealing with all expenditures approved by the membership or executive.
- 10. Copy of the local's bylaws.
- Employer's dues check-off list (or similar documentation used by the Secretary-Treasurer to ensure dues are deducted properly).

- Receipt book (or similar documentation, in addition to the deposit book, used by the Secretary-Treasurer to record money received by the local).
- 13. Copy of any insurance policy held by the local on assets owned by the local.
- Copy of any financial reports presented by the Secretary-Treasurer to the Executive and/or membership during the period under review.
- 15. Any T5's (which show investment income for the local) and copies of all investment statements received for the period under review, if applicable.
- 16. If the local has rental revenue, copy of any rental agreements.
- 17. Copy of leave of absence request forms submitted to the employer (or other available documentation which enable the Trustees to identify who was on leave for union business and on what days).
- 18. If the local sells supplies, any documentation or records kept recording these transactions.
- 19. Copy of your collective agreement.
- 20. Copy of the CUPE Constitution.

In addition to these documents being provided, the Secretary-Treasurer should also be available to answer questions, but under no circumstances should any local executive member be present during the audit.

SUGGESTED RECOMMENDATIONS

The suggested recommendations are intended as a guide only and may or may not be suitable for your local. If not, these recommendations can serve as a starting point for you to develop recommendations tailored to your local's particular circumstances. The objectives of these recommendations are:

- to make the Secretary-Treasurer's job as easy as possible, by helping him/her to maintain neat, complete and organized records;
- to help the Trustees do their job as quickly and effectively as possible;
- to help ensure that the financial information being reported to the membership is presented fairly and accurately; and
- to reduce the risk of fraud taking place in the local.

As a result of your audit, you may have some recommendations to make regarding how the books, records and finances of your local would be better handled.

If you do have recommendations, you should:

- 1. Sit down and prepare a written report to the Local President and Secretary-Treasurer outlining your findings and/or concerns as well as any recommendations;
- 2. Review the written response from the Local Secretary-Treasurer;
- 3. Prepare a written report to the membership;
- 4. Once all the written reports have been approved by the membership, please submit them to CUPE National along with all the financial reports;
- 5. Don't forget to also send a copy to your servicing representative and keep a copy for the local and one for the Trustees.

1.3	Is the accounting system used by your local computerized?	□ Yes	□ No
1.4	If the accounting system is computerized, are procedures in place to ensure that the files are backed up on a timely basis?	□ Yes	□ No

If the accounting records are computerized, and are not regularly backed up, all of the local's financial records could be permanetly lost. Recreating the financial records could be very difficult, time-consuming and expensive.

Recommendation

If computerized accounting records are maintained:

- 1) back-up copies of the computer files should be made on a regular basis (depending upon the volume of transactions, it may be necessary to back up files daily, weekly, or perhaps monthly) and stored in a safe place, somewhere other than in the same place as the computer;
- 2) hard copy printout of ALL journal entries should be filed and maintained; and
- 3) hard copy printout of all bank account transactions (with closing balances) should be filed with each completed (and balanced) monthly bank reconciliation.

SECTION 2: BANKING

Before completing this section, you should:

- 1. Spend some time (sorting through the bank statements given to you by the Secretary-Treasurer;
- 2. Put the bank statements in order by month, being careful not to mix up the paperwork and cancelled cheques attached to each statement.

Now you are ready to answer the questions.		
2.0 a) Are you (the Trustees) aware of all the banks and/or credit unions that your local deals with?	□ Yes	□ No
b) Were all statements and/or passbooks for all accounts made available to you?	□ Yes	□ No
2.1 a) Has there been a change of officers since the last Trustees' report?	□ Yes	□ No
b) If there has been a change of officers, have you confirmed with the bank(s) and/or credit unions that the signing authorities were changed promptly?	□ Yes	□ No

Concern

In order to protect the members' money, access to the local's bank account(s) should be limited to a few authorized individuals only, otherwise, unauthorized individuals may be able to improperly withdraw the local's money.

Recommendation

If the members have decided to change who has signing authority for their bank account(s), then such changes should be finalized promptly with the bank or credit union authorities.

2.2	Are all of the bank accounts, term deposits and	□ Yes	□ No
	investments registered in the name of the		
	local?		

Money deposited in a bank account or invested in a term deposit legally belongs to the individual or entity in whose name the account or deposit is registered. Legal ownership is very difficult to challenge.

If the local's bank accounts or investments are registered in the name of an individual, it could be very difficult or impossible to prove that the money belongs to the local, not the individual.

Therefore, money and/or investments of the local should be registered in the name of the local (not in the name of one of the officers or local members). It is acceptable to register the investment in the name of the local c/o someone, but the investment should not be registered in an individual person's name.

Recommendation

All of the financial assets of the local must be registered in the name of the local, not an individual's name.

- 2.3 a) Does your local keep all of its money in a chequing account?b) Do you think there is excess money sittingYesNo
 - b) Do you think there is excess money sitting in the local's bank accounts that could be earning more interest if it was invested in a term deposit or a GIC?

Concern

The amount of interest earned on money held in a chequing account is minimal. Therefore, the local should not leave excess money sitting in a chequing account because the return is so small. (For example, if the local has \$10,000 in its chequing account and the average monthly expense are only about \$4,000, some of the money could be invested in term deposits, GICs, or any other risk free investment vehicle so that greater interest income is earned). The types of investments the members decide to make should take into consideration the fact that some or all of the excess money may need to be available at various times.

-

Recommendation

The local should consider investing its excess money in term deposits, GICs or other investment vehicle, rather than letting the money sit in a low return chequing account. (The local's interest income is not taxable.)

SECTION 3: BYLAWS

Before completing this section, you should:

- 1. Read through the most recent approved version of the bylaws for your local;
- 2. On a separate piece of paper, for your own use, make a quick and brief list of all the bylaws that deal with financial matters (for example, the bylaws that specify the honorarium amounts to be paid to members of the Executive, how and when and to whom per diems and mileage claims are to be paid, etc.).

٨	low	VOII	are	ready	to	answer	the	auestions
		vuu	aıc	ICauv	w	alisvel	LIIC	uucanona

3.0 Does your local have bylaws?

Concern

Bylaws are very important for the efficient functionning of the local for several reasons. The two most important reasons are:

- 1- the local's bylaws are a formal record of how the members want their union run;
- 2- the local's bylaws are the rules by which the elected Executives make decisions, in accordance with the members' wishes. As long as the executive acts within the boundaries of the bylaws, they are properly fulfilling their duties and cannot be criticized for their actions.

If the members approve the bylaws, then it is relatively easy for the local's Executive to run the local the way the members intend it to be run. If there are no bylaws, the Executive must "make up their own rules" as they go — and this may or may not be acceptable to the members and could result in inconsistency.

Recommendation

Every local should have bylaws, which have been submitted to, and approved by, the National President. These bylaws should, at a minimum, address each of the following issues, which are set out in the Guide to Preparing Local Union Bylaws:

- 1) Membership Meetings
- 2) Expenditures
- 3) Officers
- 4) Executive Board
- 5) Duties of Officers
- 6) Out-of-Pocket Expenses
- 7) Fees. dues and assessments
- 8) Non payment of dues and assessments
- 9) Nomination, election and installation of officers
- 10) Delegates to Conferences, Conventions and Educationals
- 11) Committees
- 12) Rules of Order
- 13) Amendments

3.1	Have the bylaws and all changes to the
	bylaws been submitted to and approved
	by the CUPE National President?

□ Yes		No
-------	--	----

All changes to the bylaws of a local must be submitted to the National President's office because, as set out in Section B.VII of the CUPE Constitution, bylaws and changes to bylaws "shall not become effective until approved by the National President of the Canadian Union of Public Employees".

1

Recommendation

Changes to the bylaws, and submission of the bylaws to the National President's office, must be done in accordance with the requirements set out in Section B.VII of the CUPE Constitution.

3.2	Have you reviewed the bylaws, and made	□ Yes	□ No
	a list of all bylaws with respect to financial		
	matters? (Note: you will need to refer to this		
	list of bylaws when answering questions		
	later in this report.)		

SECTION 4: MINUTES

Before completing this section, you should:

- 1. Read through the minutes of all meetings held by your local during the period under review;
- 2. On a separate piece of paper, for your own use, make a quick and brief list of all the motions made and passed that deal with financial matters (for example, approval for donations, approvals for various purchases by the Executive, authorizations to attend conferences or conventions, etc.).

Now y	Now you are ready to answer the questions.					
4.0	Are regular membership meetings being held by the local?	□ Yes	□ No			
4.1	Are written financial statements being presented to the membership at every meeting?	□ Yes	□ No			

Concern

The main source of a local's revenue is the members' dues, deducted from the members' wages; therefore, the members have a right to know what their money is being spent on.

Recommendation

In accordance with Article B.3.6 of the CUPE Constitution, the Secretary-Treasurer shall regularly make a full financial report to meetings of the local's Executive Board, as well as a written financial report to each regular membership meeting, detailing all income and expenditures for the period. These reports are to be noted in and included as part of the meeting minutes. The electronic ledger features a report that can easily be printed that provides up to date information for these meetings.

4.2	Are minutes (or electronic minutes) of the executive	9		
	and general membership meetings being kept in a		Yes	□ No
	book binder or USB and kept in a safe place?			

It is very important that full and complete records of the proceedings of all meetings be recorded and kept in a safe place as they represent the legal property of the local.

Recommendation

The Recording Secretary must make every effort to carry out the responsibilities assigned to the position, as set out in Section B.3.3 of the CUPE Constitution. These responsibilities include maintaining a minute book or binder that clearly explains the proceedings of all meetings, especially with respect to motions and voting. The minutes should be approved by the membership and then signed by the President and Recording Secretary.

4.3	Has at least one of the Trustees read the minutes and made a list of all motions which affect the finances of the local?	□ Yes	□ No	
	(Note: You will need to refer to this list when answe	ering questio	ons later in this re	port.)

SECTION 5: REVENUE

Before completing this section, you should review the deposit (or revenue) section of the ledger, so that you are familiar with the types of revenue your local receives.

	b)	If supplies are sold, are there proper receipts issued for sales?	□ Yes	□ No	□ n/a

Incomplete record keeping of the sale of supplies by the local could result in problems such as:

- missing inventory
- misplaced money
- selling supplies at a loss to the union

Recommendation

Proper records should be maintained for the sale of all supplies. Such records would, at a minimum include maintaining:

- an accurate list of inventory on hand;
- copies of invoices of purchases by the local (so the local knows how much to charge the members);
- invoices issued to members.

Invoices issued to members should record:

- 1) the name of the purchaser;
- 2) the item(s) purchased;
- 3) the amount charged for each item;
- 4) a total of the purchases;
- 5) a signature from the purchaser; and
- 6) a notation indicating how the purchase was paid for (i.e. cash, cheque, deduction from the union dues, etc.).

5.8		If the local holds a social function where members pay to attend, are proper records maintained:			
	a)	to track all money received from ticket sales?	□ Yes	□ No	□ n/a
	b)	to track all money received from food and beverage sales?	□ Yes	□ No	□ n/a
	c)	to track all purchases made for the event (i.e. food and beverage, entertainment, supplies, etc.)?	□ Yes	□ No	□ n/a
	d)	Are all these monies deposited?	□ Yes	□ No	□ n/a

Incomplete record keeping of the money received and spent for social events held by the local could result in problems such as:

- losing money on the event when the local intended to make money, or at least break even;
- missing money

Recommendation

Proper records should be maintained for the money spent and collected for social functions held by the local. Such records would, at a minimum, include:

1) setting up a budget, or a plan, to determine how much the local intends to spend for the event;

- 3) issuing receipts (two copies, one for the member, one for the union's records) to all individuals who have purchased tickets; and
- 4) setting up a simple system to keep track of food and beverage sales (if applicable), at the event.

SECTION 6: EXPENSES

Before completing this section, you should review that all the documentation you received from the Secretary-Treasurer is organized as recommended in the instructions on page 2.

You will also need the lists you made from the bylaws in Section 3 and the list of motions you made from the minute book in Section 4.

Now you are ready to answer the questions.

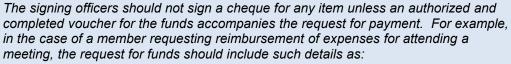

Concern

If expense vouchers are not properly completed and authorized prior to being paid, the local executive could:

- run into problems when trying to explain to the members how their money was spent (because the records are incomplete); and/or
- unintentionally spend the local's money on items that have not been approved by the members.

Recommendation

- 1) the location of the meeting;
- 2) the purpose of the meeting;
- 3) who authorized the member to claim expenses;
- 4) the original invoice for any requests for reimbursement; and
- 5) a signature from someone (usually the President), indicating that the expenditure has been approved by the members (either by pre-approval at a meeting, or within the bylaws of the local).

b)	Were any of the local's expenses or a credit
•	card account paid through pre-authorized
	bank payments?

□ Yes □ No

(THIS PROCESS IS NOT RECOMMENDED)

Concern

If the local expenses are paid via pre-authorized bank payments the normal process of authorization is jeopardized.

Recommendation

All expenses should be paid with a local cheque; authorized and signed by two signing officers with back up documents approved and attached.

Recommendation

All expenditures made by the Executive must be approved by the membership either through motions at a meeting (prior to making a specific expenditure), and/or by establishing bylaws which clearly set out what types of expenditure the members will allow the Executive to make.

c) If an honorarium was paid to an individual,

the local is responsible for withholding and remitting
income taxes, EI, QPIP, and CPP/QPP payments
to the government. The local is also required to issue
a T4 at year-end. Were the proper remittances made?

Concern

Revenue Canada allows individuals to receive honorariums seperate and aside from the reimbursement of expenses for a "volunteer" position such as being on the Executive of a local union.

If the union does not pay these required remittances, and Revenue Canada or Revenue Quebec performs an audit, then the union and/or the individual receiving the money would be held liable for paying the remittances, along with any penalties and interest.

Recommendation

The local should be deducting and remitting income taxes, EI, QPIP, and CPP/QPP on any honorarium paid to members and/or the Executive. The local must also prepare a T4 at year-end. The Secretary-Treasurer should contact the nearest district taxation office to receive more information.

	e)	If your local has not been reimbursed, have you received a satisfactory explanation from the organization as to why the funds have not yet been received by your local?	Yes	_ 1	No

?

Concern

It is important to collect all outstanding receivables on a timely basis to maintain a good cash flow since the local has already paid out these expenses.

Recommendation

Contact your National Representative and discuss the situation with him/her. He/she will assist you with what your next step should be depending upon the specifics of your local.

6.11 a)Were any cheques made payable to cash?	□ Yes	□ No
b) If cheques have been made payable to cash, are there supporting vouchers and receipts to justify the payment?	□ Yes	□ No

Every disbursement made by the local must have supporting documentation which explains why the money was spent and who authorized the expense. If there is no documentation for a disbursement (such as a cheque payable to "cash" signed for by one of the signing officers) then the individual who received the money could be in a difficult position when explaining the purpose to the membership.

Recommendation

Every disbursement made by the local must have supporting documentation which explains why the money was spent and who authorized the expenditure. Cheques made payable to "cash" should be used only under exceptional circumstances.

6.12 a) Does your local have any assets such as office furniture, computers, equipment, buildings, etc.?		Yes	No
b) Have you checked to ensure that these assets still exist, and did you physically inspect the assets?	_	Yes	No
c) If your local does have assets, does it carry adequate insurance against potential loss?		Yes	No

Concern

The local should carry adequate insurance to protect their assets (i.e.building, equipment, computers, etc.) so that it is protected in case of fire, theft, or any other unfortunate event.

Recommendation

The local should increase the amount of insurance it carries, so that in case a claim is submitted, the local can replace their assets accordingly.
