Dear Gordon, Bonnie and Barb,

I would like to take this opportunity to remind you SAHO is available to meet with you to provide clarification of our final offer and addendum. We are also willing to meet to discuss reallocation of some of our proposed resources for wage increases to premiums and differentials. However it remains our position that the current resources within our final offer and addendum are fair and reasonable and provide for competitive wages and therefore will not increase. We again request you take our final offer and addendum to your respective memberships for a vote.

Respectfully,

Bernie Young  
Director, Bargaining and Interpretation  
SAHO
