ADMINISTRATIVE PROFESSIONALS' DAY

CUPE is proud to mark **Administrative Professionals' Day** – Wednesday, April 23 – on behalf of the hundreds of clerical and administrative staff who work in hospitals across Nova Scotia.

These hard-working women and men play a critical role in our province's health care system.

On this day, we take a moment to commend them for their commitment and dedication to the health and wellness of Nova Scotians!

**A message from our 4,300
CUPE NS hospital workers**
