Regina, SK S4P 0R7

Dear Mr. Young:

Re: Health Care Provider Negotiations

We have considered your letter of June 10, 2010. We wish to advise that the provider unions are prepared to meet for the purpose of full discussions regarding the unions' proposals and SAHO's proposals. Such discussions would be absent of the preconditions set forth in your letter and would be undertaken with the aim of reaching tentative agreements between SAHO and the provider unions which could be recommended to our respective memberships.

We are available to negotiate now and through the summer. We look forward to hearing back from you regarding SAHO's availability for these discussions.

Yours truly,

Gordon Campbell
President CHCC
