

CUPE VOTES

This year, we need to work together to choose a government that will put our priorities—the needs of everyday people—at the centre of their decision-making.

We know there's only one party that stands with Canadian workers, and that's the NDP.

I'm ready to get involved and would like to:

- sign up for updates through CUPE Today
- receive an NDP lawn sign
- volunteer for an NDP campaign
- help out by talking to colleagues and CUPE members in my area
